Draper, 2012-12-06 I acknowledge a deep debt of gratitude to my coeditors my wife Irene and my friend and colleague Tom Draper They have worked with diligence and insight to bring this work to completion They have delegated the task of writing the Preface to me As the scientific study of human development matures it is not only natural but it is necessary to reach beyond understanding the ways humans develop capacities to study the ways emerging capacities fit into the larger sphere of human undertakings Music is one of the most significant of those endeavors As I attend the several piano competitions that are on my agenda each year and see children seated at the keyboard drawing forth the magnificent sounds of Bach Chopin and Ravel I am always a little awed Surely it seems to me the piano is among the best of man's creations the creative energies of great composers are among mankind's greatest expressions and encouraging children to associate themselves seriously with both instrument and composer can be one of the great blessings to their young lives and by association to the larger society Music touches the entire range of our lifespan on a daily basis Involving children with music and music training has high market and common sense validity Parents understand intuitively that children will benefit and their lives will be enriched if they are influenced by music and music training **Dr. Montessori's Own Handbook** Maria Montessori, 2016-09-16 Dr Montessori has performed a real service in preparing this guide to her method The handbook will now proceed to take its place as the real exposition of the Montessori system Boston Transcript A full and clear account of the famous method of child education Saturday Review Contains much the same material as did The Montessori Method but in a clear form Atheneum The number of books on Dr Montessori's new educational theories continues to increase We now have Dr Montessori's Own Handbook of the system specially written by the expert herself as a guide to teachers and parents The American Review of Reviews Many enthusiastic prophets have arisen to expound Dr Montessori's ideas to an interested

public but this manual for classroom or home bears the thumb print of authority Dr Montessori herself briefly outlines the system exhaustively set forth in her *Montessori Method* describes her apparatus and explains very clearly its use She also tells again the surprising results the spontaneous discipline and obedience obtained among children from three to six in the Children s House where the organization of their work is complete and where all cause of rebellion being eliminated their freedom is almost absolute Dr Montessori s means include an environment suited to a child s physical needs and didactic material fitted to his intellectual wants through which he may train his senses by the exercise of observation comparison and judgment quicken his psychic qualities and become master of mind and body She would have the child s eye discover that control of the error in placing his cylinders or geometrical insets lies in the material itself The author insists that any one who would guide the child in use of the sensory exercise should first experiment with the material herself and realize the difficulties the child will encounter The book would help the mother who was heard to say I became so interested in reading *The Montessori Method* I sent for the whole outfit It s come but I haven t dared even show it to Jane Home Progress Supplements by a clearer and more simple description of author s famous method of child education New York State Library Ninety Seventh Annual Report An authentic manual of the Montessori system written by Dr Montessori herself as a guide to teachers and parents It is a concisely written volume of little more than a hundred pages which contains a clear account of the method and includes a description of the Montessori apparatus with instructions for its use Booklist *Library Association Record* Library Association,1914 Proceedings of the 22d 33d annual conference of the Library Association in v 1 12 proceedings of the 34th 44th 47th 57th annual conference issued as a supplement to v 13 23 new ser v 3 ser 4 v 1 **The Open Shelf** ,1911
