The Moon And The Bonfire:

The Moon and the Bonfires Cesare Pavese, 2002-10-31 Winner of the 2003 PEN Book of the Month Club Translation Prize
A NEW YORK REVIEW BOOKS ORIGINAL The nameless narrator of *The Moon and the Bonfires* Cesare Pavese's last and greatest novel returns to Italy from California after the Second World War He has done well in America but success hasn't taken the edge off his memories of childhood when he was an orphan living at the mercy of a bitterly poor farmer He wants to learn what happened in his native village over the long terrible years of Fascism perhaps he even thinks he will settle down And yet as he uncovers a secret and savage history from the war a tale of betrayal and reprisal sex and death he finds that the past still haunts the present *The Moon and the Bonfires* is a novel of intense lyricism and tragic import a masterpiece of twentieth century literature that has been unavailable to American readers for close to fifty years Here it appears in a vigorous new English version by R W Flint whose earlier translations of Pavese's fiction were acclaimed by Leslie Fiedler as absolutely lucid and completely incantatory

The Moon and the Bonfire Richard Bradley, Sharon Arrowsmith, 2005 Whilst a report on excavations at three stone circles and two fieldwalking projects in north east Scotland may not seem very appealing this book does much to heighten public awareness and interest in such sites and re connects us with the mysterious monuments of the past This study of the sites of Tomnaverie Deeside Cothiemuir Wood Donside and Aikie Brae Buchan is written in an engaging and approachable style with plenty of illustrative material Whilst the project was geared towards investigating the character chronology structural development and wider context of the stone circles its results go much further in revealing how people used and perceived such sites and the landscape around them Here contextual information discussion of methodology and objectives are combined with factual data and interpretation as the project members examine various aspects of the sites such as the characterisation shape colour and texture of the stones used construction techniques evidence of burning the presence of human remains and possible solar and lunar alignments The proffering of new insights into the use and symbolism of the monuments is highly valuable for example the suggestion that we should perhaps consider the use of these stone circles during the hours of darkness rather than daylight an idea first proposed by Aubrey Burl requires us to re think our preconceptions about monuments in the past The rewards of painstaking excavation and trudging through muddy fields are evident in a publication such as this

The Moon and the Bonfire Cesare Pavese, 2002 In Pavese's last and greatest novel Nuto an orphan saved from death by a rural family returns to Italy from America soon after World War II He is now rich and much has improved at home but peace and prosperity cannot long mask the enduring realities of love and death

Of a Fire on the Moon Norman Mailer, 2014-06-03 For many the moon landing was the defining event of the twentieth century So it seems only fitting that Norman Mailer the literary provocateur who altered the landscape of American nonfiction wrote the most wide ranging far seeing chronicle of the Apollo 11 mission A classic chronicle of America's reach for greatness in the midst of the Cold War *Of a Fire on the Moon* compiles the reportage

Mailer published between 1969 and 1970 in Life magazine gripping firsthand dispatches from inside NASA's clandestine operations in Houston and Cape Kennedy technical insights into the magnitude of their awe inspiring feat and prescient meditations that place the event in human context as only Mailer could Praise for *Of a Fire on the Moon* The gift of a genius a twentieth century American epic a Moby Dick of space New York Mailer's account of Apollo 11 stands as a stunning image of human energy and purposefulness It is an act of revelation the only verbal deed to be worthy of the dream and the reality it celebrates Saturday Review A wild and dazzling book The New York Times Book Review Still the most challenging and stimulating account of the mission to appear in print The Washington Post Praise for Norman Mailer Norman Mailer loomed over American letters longer and larger than any other writer of his generation The New York Times A writer of the greatest and most reckless talent The New Yorker Mailer is indispensable an American treasure The Washington Post A devastatingly alive and original creative mind Life Mailer is fierce courageous and reckless and nearly everything he writes has sections of headlong brilliance The New York Review of Books The largest mind and imagination in modern American literature Unlike just about every American writer since Henry James Mailer has managed to grow and become richer in wisdom with each new book Chicago Tribune Mailer is a master of his craft His language carries you through the story like a leaf on a stream The Cincinnati Post
