Morningside Papers Peter Gzowski, 1990-10-01 **The Morningside Papers** Gzowski, Peter, 2006 **The New Morningside Papers** Peter Gzowski, 1987 The Latest Morningside Papers Peter Gzowski, 1989 Commentary on and correspondence to the CBC radio program Morningside **The Papers of Frederick Law Olmsted** Frederick Law Olmsted, 2013-11-30 These papers document the personal and professional life of the foremost landscape architect in American history Frederick Law Olmsted relocated from New York to the Boston area in the early 1880s With the help of his stepson and partner John Charles Olmsted his professional office grew to become the first of its kind a modern landscape architecture practice with park subdivision campus residential and other landscape design projects throughout the country During the period covered in this volume Olmsted and his partners apprentices and staff designed the exceptional park system of Boston and Brookline including the Back Bay Fens Franklin Park and the Muddy River Improvement Olmsted also designed parks for New York City Rochester Buffalo and Detroit and created his most significant campus plans for Stanford University and the Lawrenceville School The grounds of the U S Capitol were completed with the addition of the grand marble terraces that he designed as the transition to his surrounding landscape Many of Olmsted s most important private commissions belong to these years He began his work at Biltmore the vast estate of George Washington Vanderbilt and designed Rough Point at Newport Rhode Island and several other estates for members of the Vanderbilt family Olmsted wrote more frequently on the subject of landscape design during these years than in any comparable period He would never provide a definitive treatise or textbook on landscape architecture but the articles presented in this volume contain some of his most mature and powerful statements on the practice of landscape architecture *The Lost Spy: An American in Stalin's Secret Service* Andrew Meier, 2009-08-10 Filled with dramatic revelations The Lost Spy may be the most important American spy story to come along in a generation exploring the life and death of Isaiah Oggins one of the first Americans to spy for the Soviets of illustrations **The New York Approach** Joel Schwartz, 1993 Joel Schwartz s major reinterpretation of urban development in New York City examines Robert Moses s role in shaping the city and demonstrates for the first time that Moses s personal and ruthless crusade to redevelop New York s neighborhoods was actually sustained by his alliance with liberal city groups After World War II New York City forged ahead with urban renewal made possible by Title I of the Housing Act of 1949 While Title I was meant to help big cities replace slums with middle class housing New York instead used the program to replace housing for the poor with high rent apartments medical centers and university campuses When Title I became synonymous with callous relocation and Negro removal New Yorkers blamed Robert Moses the legendary construction czar While many concluded that Moses s high handed ways were behind much that went wrong with their city few could explain how he operated in a town famous for its feisty neighborhoods liberal politics and pioneer interracialism From exhaustive research in previously unexamined archives Schwartz demonstrates the extent to which Moses was abetted

by liberal city leaders He describes how insiders deals for choice Title I sites emerged from the old ambitions of neighborhood civic groups and public housing advocates and argues that urban liberals had long been prepared to sacrifice working class neighborhoods for the city efficient He explodes the myth of neighborhood resistance to Moses in Greenwich Village the Upper West Side and Morningside Heights and instead finds steady collaboration of local civic leaders Joel Schwartz s complex disturbing portrait of Robert Moses and the civic leaders who sustainedhis power will surprise and enlighten readers interested in the evolution and development of New York and of today s post industrial cities *Peter Gzowski* R.B.
