The Most Evil Mobsters in History Lauren Carter, 2004 A fascinating study of fifteen of America's most wanted mobsters Page 4 of cover During the 1920s and 1930s U.S. cities such as New York and Chicago were at the mercy of bands of mobsters violent criminals affiliated to organized crime rings who made illegal fortunes from gambling prostitution contract killings abortions labor union kickbacks protection rackets bribery corruption and during the Prohibition era bootlegging While the Italian Mafia was the largest and most powerful other ethnic groups had similar organizations most notably the Jews and the Irish Mobsters belonged to a hierarchical structure organized like a corporation hence the name syndicate The different gangs often clashed violently in vicious territorial turf wars While their business interests and tactics have changed over the years many of the organizations established in the gangsters heyday prior to the Second World War still live on today under other names This book contains profiles of fifteen of the most notorious mobsters From publisher description

The World's Most Evil Gangs Nigel Blundell, 2013-09-02 Crime DOES pay There's no denying it And in pursuit of riches and power those outside the law have always tended to band together spawning today's murky brutal world of organised crime The origins of the archetypical gangster can be traced to 1920s America when Prohibition turned street corner hoodlums into rich and powerful businessmen But today highly organised ferociously protective gangs are prevalent throughout the world Despite their despicable methods we are still fascinated by their labyrinthine networks How did these gangs form How do they wield their power How do they maintain their secretive societies And how do they evade the massive forces of law and order arrayed against them Nigel Blundell who is author of more than a dozen factual crime books reveals the answers in *The World's Most Evil Gangs* This book delves into the darkest depths of the underworld from mobsters in America to Hells Angels in Germany to child armies in Africa not forgetting the monsters on our own doorstep

Reclaiming History Vincent Bugliosi, 2007-05-17 For fifty years the truth about the assassination of President John F Kennedy has been obscured This book releases us from a crippling distortion of American history At 1 00 p.m. on November 22 1963 President John F Kennedy was pronounced dead the victim of a sniper attack during his motorcade through Dallas That may be the only fact generally agreed upon in the vast literature spawned by the assassination National polls reveal that an overwhelming majority of Americans 75% believe that there was a high level conspiracy behind Lee Harvey Oswald Many even believe that Oswald was entirely innocent In this continuously absorbing powerful ground breaking book Vincent Bugliosi shows how we have come to believe such lies about an event that changed the course of history The brilliant prosecutor of Charles Manson and the man who forged an iron clad case of circumstantial guilt around O.J. Simpson in his best selling *Outrage* Bugliosi is perhaps the only man in America capable of writing the definitive book on the Kennedy assassination This is an achievement that has for years seemed beyond reach No one imagined that such a book would ever be written a single volume that once and for all resolves beyond any reasonable doubt every lingering question as to what

happened in Dallas and who was responsible There have been hundreds of books about the assassination but there has never been a book that covers the entire case including addressing every piece of evidence and each and every conspiracy theory and the facts or alleged facts on which they are based In this monumental work the author has raised scholarship on the assassination to a new and final level one that far surpasses all other books on the subject It adds resonance depth and closure to the admirable work of the Warren Commission Reclaiming History is a narrative compendium of fact forensic evidence reexamination of key witnesses and common sense Every detail and nuance is accounted for every conspiracy theory revealed as a fraud on the American public Bugliosi s irresistible logic command of the evidence and ability to draw startling inferences shed fresh light on this American nightmare At last it all makes sense *Borgata* Louis

Life Robert Weldon Whalen, 2016-09-01 In 1931 and 1932 a group of ruthless gangsters from Brooklyn's Brownsville neighborhood became the focus of media frenzy when they dubbed Murder Inc by New York World Telegram reporter Harry Feeney were tried for murder It is estimated that collectively they killed hundreds of people during a reign of terror that lasted from 1931 to 1940 As the trial played out to a packed courtroom shocked spectators gasped at the outrageous revelations made by gang leader Abe 'Kid Twist' Reles and his pack of criminal accomplices News of the trial proliferated throughout the country at times it received more newspaper coverage than the unabated war being waged overseas The heinous crimes attributed to Murder Inc included not only murder and torture but also auto theft burglary assaults robberies fencing stolen goods distribution of illegal drugs and just about any illegal activity from which a revenue could be derived When the trial finally came to a stunning unresolved conclusion in November 1941 newspapers generated record headlines Once the trial was over tales of the Murder Inc gang became legendary spawning countless books and memoirs and providing inspiration for the Hollywood gangster movie genre These men were fearsome brutes with an astonishing ability to wield power People were fascinated by the gangster figure which had become a symbol for moral evil and contempt and whose popularity showed no signs of abating As both a study in criminal behavior and a cultural fascination that continues to permeate modern society the reverberations of Murder Inc are profound including references in contemporary mass media The Murder Inc story is as much a tale of morality as it is a gangster history and Murder Inc and the Moral Life by Robert Whalen meshes both topics clearly and meticulously relating the gangster phenomenon to modern moral theory Each chapter covers an aspect of the Murder Inc case and reflects on its ethical elements and consequences Whalen delves into the background of the criminals involved their motives and the violent death that surrounded them New York City's immigrant gang culture and its role as Gangster City fiery politicians Fiorello La Guardia and Thomas E Dewey and the choices they made to clean up the city and the role of the gangster in popular culture and how it relates to real life Whalen puts a fresh spin on the two topics providing a vivid narrative with both historical and moral perspective Gangsters Gary L.
