The Muslim Vote Counts And Recounts:

The Muslim Vote Tahir Ali, 2004-01-01 The Oxford Handbook of Islam and Politics John L. Esposito, Emad El-Din Shahin, 2016 The Oxford Handbook of Islam and Politics with contributions from prominent scholars and specialists provides a comprehensive analysis of what we know and where we are in the study of political Islam **The Cambridge Companion to American Islam** Juliane Hammer, Omid Safi, 2013-08-12 This book is a comprehensive introduction to the past and present of American Muslim communities Chapters discuss demographics political participation media cultural and literary production conversion religious practice education mosque building interfaith dialogue and marriage and family as well as American Muslim thought and Sufi communities No comparable volume exists to date Islam and Politics Around the World John L. Esposito, Emad El-Din Shahin, 2018-08-01 The case studies in Islam and Politics Around the World provide overviews of the development and interaction of Islam and politics in North America Europe and the Middle East and across Asia and Africa Taken together these essays provide readers with an illuminating and in depth overview of the state of political Islam today **The American Journal of Islamic Social Sciences** , 2005 **Small Cogs in a Large Wheel: A Civil Servant's Life** Naresh Nandan Prasad, 2023 A WELL ARTICULATED MEMOIR OF A LIFE IN THE CIVIL SERVICE Civil servants are the permanent executive a bulwark of stability as regimes and policies change They are small cogs in the large machinery that is the Indian state yet indispensable for its efficient running Naresh Nandan Prasad was one such cog in the wheel and an extraordinary one at that He had the rare privilege of working in three states Tamil Nadu Uttar Pradesh and Uttarakhand From this uncommon vantage point he looks back on a long storied career and through that examination investigates the role of a civil servant in the life of a nation Beginning with his training days at the Lal Bahadur Shastri National Academy of Administration and his life as a young administrator caught in the hurly burly of Indian politics Small Cogs in a Large Wheel is an account of Prasad's life It examines his time in the corridors of power in Delhi and his international stints with the United Nations Capturing the many experiences of one man's career the book records the political through the personal A candid account of an exceptional career this is a must read for anyone interested in understanding the life of a civil servant in India the role of the country's civil service and the complex maze of the world of multilateral diplomacy Why Isn't Al Gore President? Thomas L. Waldron, 2005-02 The book is the summary of the major circumstances contributing to Al Gore's loss in 2000 derived from books and articles intended for the non academic reader Topics discussed are the electoral college voter roll purging in Florida Ralph Nader's candidacy ballot design in Palm Beach and Duval Counties and the recount in Palm Beach County the decision of the Bush campaign to obstruct the Florida recount and the Bush campaign's military overseas absentee ballot operation It presents the author's interpretation of these circumstances and how in hindsight the Gore campaign might have overcome them Vying for Allah's Vote Haroon K. Ullah, 2013-12-17 What is driving political extremism in Pakistan In early 2011 the prominent Pakistani politician Salmaan

Taseer was assassinated by a member of his own security team for insulting Islam by expressing views in support of the rights of women and religious minorities Benazir Bhutto the former prime minister was killed by gunfire and explosive devices as she left a campaign event in December 2007 strong evidence links members of extremist organizations to her slaying These murders underscore the fact that religion politics and policy are inextricably linked in Pakistan In this book Haroon K Ullah analyzes the origins ideologies bases of support and electoral successes of the largest and most influential Islamic parties in Pakistan Based on his extensive field work in Pakistan he develops a new typology for understanding and comparing the discourses put forth by these parties in order to assess what drives them and what separates the moderate from the extreme A better understanding of the range of parties is critical for knowing how the US and other Western nations can engage states where Islamic political parties hold both political and moral authority Pakistan s current democratic transition will hinge on how well Islamic parties contribute to civilian rule shun violence and mobilize support for political reform Ullah s political party typology may also shed light on the politics of other majority Muslim democracies such as Egypt and Tunisia where Islamist political parties have recently won elections

Democracy Joshua Stacher,2020-03-31 In Egypt something that fails to live up to its advertised expectations is often called a watermelon a grand promise that later turns out to be empty talk The political transition in Egypt after protests overthrew Husni Mubarak in 2011 is one such watermelon Stacher examines the uprising and its aftermath to show how the country s new ruling incumbents deferred the democratic dreams of the people of Egypt At the same time he lays out in meticulous fashion the circumstances that gave the army s well armed and well funded institution an advantage against its citizens during and after Egypt s turbulent transition Stacher outlines the ways in which Egypt s military manipulated the country s empowering uprising into a nightmare situation that now counts as the most repressive period in Egypt s modern history In particular Stacher charts the opposition dynamics during uprisings elections state violence and political economy to show the multiple ways autocratic state elites try to construct a new political regime on the ashes of a discredited one As they encounter these different aspects working together as a larger process readers come to grips with the totality of the military led counterrevolution as well as understand why Egyptians rightfully feel they ended up living in a watermelon democracy

Introduction to American Constitutional Structure William F. Funk,2008 Unlike most constitutional law books it does not assume that the students have any particular knowledge of American history government or law so it begins with a rich introductory chapter to provide students with a necessary foundation for the rest of the material Thereafter it supplements the familiar cases with historical context and pictures and biographies of current and famous justices adjacent to their opinions **The Nation** ,2007 *Country Reports on Human Rights Practices* ,1998 Kashmir in Comparative Perspective Sten Widmalm,2014-04-08 This book investigates the factors that led to the breakdown of democracy and the rise of violent separatism in Jammu and Kashmir in the 1980s and how the risk of a large scale war has grown in South Asia in the 1990s Solutions to this conflict need to be based on knowledge about what caused it as well as perspectives on why this conflict is so particularly dangerous Widmalm offers answers in this book with systematic comparisons over time to establish the causes of the conflict He refutes the contention that ethnic factors are the main cause while acknowledging that ethnic dividing lines are salient features of the conflict today Interviews with representatives of the Indian government the ISI in Pakistan and separatist leaders in Jammu and Kashmir are also incorporated **Frontline Syria** David L. Phillips,2020-10-15 When the Syrian regime used sarin and other chemical weapons against dissidents in August 2013 an estimated 1729 people were killed including 400 children President Barack Obama warned that the use of chemical weapons would constitute a red line but he refused to take military action Trump s approach has been even more disengaged and lacking in clarity Frontline Syria highlights America s failure to prevent conflict escalation in Syria Based on interviews with US officials involved in Syria policy as well as UN personnel the book draws conclusions about America s role in world affairs and its potential to prevent deadly conflict It also highlights the role of front line states in Syria and other countries who engaged in the Syrian conflict to advance their national interests Covering key turning points in the Syrian civil war including the impact of recent decisions by the Trump administration Frontline Syria critically evaluates America s global power and provides a diplomatic and military history of the conflict Based on this analysis the book offers policy

recommendations and makes a case for America's future role addressing peace and conflict
