**Faith Baldwin**

## **Skyscraper A Novel:**

**Skyscraper** Zane,2003-12-02 The bestselling author of Gettin Buck Wild and The Sisters of APF gives new meaning to the term office party in this exhilarating and boldly erotic novel about the passion of business and the business of passion Most corporations hand out bonus checks or gift certificates for Christmas but Wolfe Industries hands out drama Skyscraper chronicles the week before the annual Christmas party at Wolfe Industries an African American owned automobile manufacturer The week leading up to the Wolfe Industries annual Christmas party is unforgettable as the lives of four people who have barely interacted with one another in the past begin to cross paths in the most disturbing ways Affairs a secret sex penthouse and revenge fill the pages and everyone is on the edge of exploding from the tension By the time the party is over they will be lucky if the skyscraper is still standing Skyscraper Robert Byrne,1984 An engineer finds building flaws in a sixty six story skyscraper in New York and a conspiracy to keep him from the truth **Skyscraper** Faith Baldwin,1931 An exciting career in a skyscraper daring intrigue or marriage to a regular joe What s a girl to do Skyscraper Karl Sabbagh,1991 **The Black Skyscraper** Adrienne Brown,2017-11-15 A highly interdisciplinary work The Black Skyscraper reclaims the influence of race on modern architectural design as well as the less well understood effects these designs had on the experience and perception of race **Skyscraper of a Man** Michael Bowe,2017-02-17 Skyscraper of a Man is a truly American story Rooted in the homogenous suburbs of the 1970s the novel explores the American propensity to pursue great ambitions regardless of upbringing that can result in lives that are larger than life The four main characters live such lives achieving great success in their chosen pursuits while dealing with the personal challenges and choices that come with success The main character Ben Matthews the son of an avid Revolutionary War buff believes deeply in America its founding principles and by the people for the people government Inspired by the grand ideals of the Founding Fathers Ben starts a newspaper and runs for political office efforts aimed at righting a nation he perceives as falling short of its potential and promise His three closest friends a writer who is also his business partner a television news anchorwoman who was his lover and a former college football star play contributing roles in his rise to national prominence In the end Ben learns that grand ideals are elusive difficult to maintain and better left to the perfect among us The San Francisco Book Review awarded Skyscraper of a Man 5 out of 5 stars and provided the following review Bowe pens a poignant tale He fashions a fictional yet realistic setting with a well defined cast that mimics American life Unique to Bowe s plot is how he parallels the growth of the four main characters to the evolution of skyscrapers A balanced combination of fact fiction engaging dialogue and a flurry of twists and turns Skyscraper of a Man is a stunning and inimitable debut with Silver Screen potential

**Skyscrapers: Shaping the Skyline** Pasquale De Marco,2025-07-24 Skyscrapers are one of the most iconic and recognizable features of the modern urban landscape These towering structures have come to symbolize the power ambition and ingenuity of humanity They are also a testament to the human desire to reach for the heavens and to create something

that will last for centuries In this comprehensive book we take a detailed look at the history architecture and engineering of skyscrapers We explore the different types of skyscrapers from the early warehouses to the modern supertalls We also discuss the challenges of designing and building skyscrapers and we look at the future of skyscrapers Whether you are an architect an engineer a historian or simply someone who is interested in these amazing structures this book has something for you Here is a preview of what you will find inside A detailed history of skyscrapers from their origins in the 19th century to their modern incarnations A discussion of the different types of skyscrapers including office buildings residential buildings and mixed use developments An exploration of the architectural and engineering challenges of designing and building skyscrapers A look at the future of skyscrapers including new technologies and design trends This book is packed with stunning photographs and illustrations making it a valuable resource for anyone who is interested in skyscrapers Whether you are a professional in the field or simply someone who appreciates these beautiful and awe inspiring structures this book is a must read If you like this book write a review

**Skyscraper Cinema** Merrill Schleier,2009 From the silent era until the advent of the Cinemascope the skyscraper as movie star Whether tall office buildings high rise apartments or lofty hotels skyscrapers have been stars in American cinema since the silent era Cinema s tall buildings have been variously represented as unbridled aspiration dens of iniquity and eroticism beacons of democracy and well oiled corporate machines Considering their intriguing diversity Merrill Schleier establishes and explains the impact of actual skyscrapers on America s ideologies about work leisure romance sexual identity and politics as seen in Hollywood movies *The Skyscraper* ,1957

**Skyscraper Myths** Sanjay Desai,AI,2025-02-19 Skyscraper Myths explores the fascinating intersection of architecture history and urban legends surrounding skyscrapers It delves into how cultural beliefs and societal anxieties have shaped our perceptions of these towering structures revealing that these buildings are not just feats of engineering but also cultural artifacts imbued with symbolic meaning One intriguing fact is how early 20th century anxieties about technological progress fueled superstitions about skyscrapers Another is that some believe skyscrapers can influence financial markets or natural disasters The book traces the origins and evolution of skyscraper myths examining how these beliefs have impacted urban planning and design It presents case studies of iconic skyscrapers worldwide illustrating how myths attach themselves to particular structures The approach combines historical and architectural scholarship with folklore drawing upon newspaper articles architectural drawings and more Divided into three sections the book first introduces the concept of skyscraper mythology Then it examines specific skyscrapers and their associated myths Finally it analyzes the modern implications of these myths demonstrating how they continue to influence architectural discourse and popular culture The book s unique value lies in its culturally sensitive approach to understanding the built environment making it valuable for those interested in architecture history and urban studies

[Skyscraper Gothic](#) Kevin D. Murphy estate,Lisa Reilly,2017-07-06 Of all building types the skyscraper strikes observers as the most modern in terms not only of height but also of boldness scale ingenuity

and daring As a phenomenon born in late nineteenth century America it quickly became emblematic of New York Chicago and other major cities Previous studies of these structures have tended to foreground examples of more evincing modernist approaches while those with styles reminiscent of the great Gothic cathedrals of Europe were initially disparaged as being antimodernist or were simply unacknowledged Skyscraper Gothic brings together a group of renowned scholars to address the medievalist skyscraper from flying buttresses to dizzying spires from the Chicago Tribune Tower to the Woolworth Building in Manhattan Drawing on archival evidence and period texts to uncover the ways in which patrons and architects came to understand the Gothic as a historic style the authors explore what the appearance of Gothic forms on radically new buildings meant urbanistically architecturally and socially not only for those who were involved in the actual conceptualization and execution of the projects but also for the critics and the general public who saw the buildings take shape Contributors Lisa Reilly on the Gothic skyscraper Kevin Murphy on the Trinity and U S Realty Buildings Gail Fenske on the Woolworth Building Joanna Merwood Salisbury on the Chicago School Katherine M Solomonson on the Tribune Tower Carrie Albee on Atlanta City Hall Anke Koeth on the Cathedral of Learning Christine G O Malley on the American Radiator Building *The American Skyscraper* Roberta Moudry, 2005-05-09 Publisher Description **The Skyscraper and the City** Gail Fenske, 2008-08 Once the world's tallest skyscraper the Woolworth Building is noted for its striking but incongruous synthesis of Beaux Arts architecture fanciful Gothic ornamentation and audacious steel framed engineering Here in the first history of this great urban landmark Gail Fenske argues that its design serves as a compelling lens through which to view the distinctive urban culture of Progressive era New York Fenske shows here that the building's multiplicity of meanings reflected the cultural contradictions that defined New York City's modernity For Frank Woolworth founder of the famous five and dime store chain the building served as a towering trademark for advocates of the City Beautiful movement it suggested a majestic hotel de ville for technological enthusiasts it represented the boldest of experiments in vertical construction and for tenants it provided an evocative setting for high style consumption Tourists meanwhile experienced a spectacular sightseeing destination and avant garde artists discovered a twentieth century future In emphasizing this faceted significance Fenske illuminates the process of conceiving financing and constructing skyscrapers as well as the mass phenomena of consumerism marketing news media and urban spectatorship that surround them As the representative example of the skyscraper as a cathedral of commerce the Woolworth Building remains a commanding presence in the skyline of lower Manhattan and the generously illustrated *Skyscraper and the City* is a worthy testament to its importance in American culture **Sex and the Office** Julie Berebitsky, 2012-04-17 In this engaging book the first to historicize our understanding of sexual harassment in the workplace Julie Berebitsky explores how Americans attitudes toward sexuality and gender in the office have changed since the 1860s when women first took jobs as clerks in the U S Treasury office Berebitsky recounts the actual experiences of female and male office workers draws on archival sources ranging from the records of

investigators looking for waste in government offices during World War II to the personal papers of Cosmopolitan editor Helen Gurley Brown and Ms magazine founder Gloria Steinem and explores how popular sources including cartoons advertisements advice guides and a wide array of fictional accounts have represented wanted and unwelcome romantic and sexual advances This range of evidence and the study s long scope expose both notable transformations and startling continuities in the interplay of gender power and desire at work

**Abandoned Skyscrapers** River Stone, AI, 2025-02-19

Abandoned Skyscrapers explores the intriguing stories behind unfinished or repurposed high rises examining why these architectural marvels sometimes fail to meet their intended purpose These structures initially symbols of progress often become testaments to economic downturns technological limitations and shifting social landscapes From the infamous Ryugyong Hotel in North Korea to the Torre David in Venezuela the book delves into the complex reasons behind their abandonment or adaptation providing insight into the volatile nature of urban development The book uniquely approaches the topic by viewing these skyscrapers not as failures but as indicators of the dynamic forces shaping our cities It investigates economic factors like bursting speculative bubbles technological challenges such as outdated designs and social factors including changing urban priorities By combining historical analysis with architectural theory Abandoned Skyscrapers offers a comprehensive look at how and why these ambitious projects falter The book progresses by first introducing the failed skyscraper concept with a historical overview then moves into specific case studies and concludes by synthesizing findings to identify trends and potential strategies for preventing future failures and repurposing existing structures Through archival research architectural plans and on site investigations it highlights the importance of sustainable development and responsible urban planning in the context of these architectural mishaps

**Skyscraper** Faith Baldwin, 2012-10-01

Lynn is an ambitious young woman who loves her job in the gleaming new Manhattan skyscraper Soon Lynn also loves Tom the young clerk down the hall They are so in love that if they don t get married something improper is bound to happen But her company has a strict new policy Any woman who marries will be immediately fired First published in 1931 the same year the Empire State Building opened its doors Skyscraper marks the advent of a new kind of romance plot and Lynn a new kind of heroine Lynn is facing choices that will determine the course of the rest of her life but rather than just choose between suitors Lynn and other working girls like her must decide whether to abandon their careers or abandon their men They can t have both or can they Femmes Fatales restores to print the best of women s writing in the classic pulp genres of the mid 20th century From mystery to hard boiled noir to taboo lesbian romance these rediscovered queens of pulp offer subversive perspectives on a turbulent era Enjoy the series Bedelia Bunny Lake Is Missing By Cecile The G String Murders The Girls in 3 B Laura The Man Who Loved His Wife Mother Finds a Body Now Voyager Return to Lesbos Skyscraper Stranger on Lesbos Stella Dallas Women s Barracks

Skyscraper Facades of the Gilded Age Joseph J. Korom, Jr., 2013-03-08

This book is about the design of the facade of 51 of America s most extravagant early skyscrapers Included are

the biographies of noted architects and the aristocrats who financed America's first skyscrapers. This book discusses the influences of European aesthetic values in America and scandals, rogues, and class distinctions. Interpretations by contemporary critics are sprinkled throughout the text. Woven throughout the book are inquiries about the validity of Greek and Roman mythologies and their relationships to modern America and its spirit of invention and progress. Foreign traditions were challenged by some architects but then accepted by most. Why was it necessary for the long dead hero of a faraway civilization to be included on the facade of a newly invented American skyscraper? This book tells why.

*Ecocritical Geopolitics* Elena dell'Agnese, 2021-05-26. What is the role of popular culture in shaping our discourse about the multifaceted system of material things, subjects, and causal agents that we call environment? *Ecocritical Geopolitics* offers a new theoretical perspective and approach to the analysis of environmental discourse in popular culture. It combines ecocritical and critical geopolitical approaches to explore three main themes: dystopian visions, the relationship between the human, post-human, and nature, and speciesism and carnism. The importance of popular culture in the construction of geopolitical discourse is widely recognized. From ecocriticism, we also appreciate that literature, cinema, or theatre can offer a mirror of what the individual author wants to communicate about the relationship between the human being and what can be defined as non-human. This book provides an analysis of environmental discourses with the theoretical tools of critical geopolitics and the analytical methodology of ecocriticism. It develops and disseminates a new scientific approach defined as ecocritical geopolitics to offer an idea of the power of popular culture in the realization of environmental discourse. Referencing sources as diverse as *The Road*, *The Shape of Water*, *Lady and the Tramp*, and *TV cooking shows*, this book will be of great interest to students and scholars of geography, environmental studies, film studies, and environmental humanities.

[SKYSCRAPPER BK LB](#) Giblin, 1981-11-17. Discusses skyscrapers from the first one constructed in Chicago in 1884 to those of today and points out the problems skyscrapers have helped solve and create.

**Time, the City, and the Literary Imagination** Anne-Marie Evans, Kaley Kramer, 2020-11-18. *Time the City and the Literary Imagination* explores the relationship between the constructions and representations of the relationship between time and the city in literature published between the late eighteenth century and the present. This collection offers a new way of reading the literary city by tracing the ways in which the relationship between time and urban space can shape literary narratives and forms. The essays consider the representation of a range of literary cities from across the world and consider how an understanding of time and time passing can impact on our understanding of the primary texts. Literature necessarily deals with time both as a function of storytelling and as an experience of reading. In this volume, the contributions demonstrate how literature about cities brings to the forefront the relationship between individual and communal experience and time.

This is likewise one of the factors by obtaining the soft documents of this **Skyscraper A Novel** by online. You might not require more grow old to spend to go to the ebook creation as with ease as search for them. In some cases, you likewise reach not discover the declaration Skyscraper A Novel that you are looking for. It will extremely squander the time.
