Slavery Doomed Or The Contest Between Free And Slave Labour In The United States:

Slavery Doomed Frederick Milnes Edge, 2023-07-18 Frederick Milnes Edge offers a fascinating look at the debate over slavery in the United States focusing on the economic factors that ultimately led to its demise. He examines the role of both free and slave labor in the southern economy and argues that the growth of industry in the north put increasing pressure on the institution of slavery. This is an important read for anyone interested in the history of American slavery or the economic history of the United States. This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America and possibly other nations. The Author of this work has enjoyed peculiar advantages for the study of the important issues now agitating the United States. A resident during five years in that country, he witnessed many of the occurrences herein related, while performing professional duties in connection with the press. During the last Presidential election, he introduced him as it were behind the scenes and afforded him the opportunity of becoming personally acquainted with many of the leaders of opinion in the American Republic. Englishmen and Europeans generally have hitherto felt little interest with regard to transatlantic concerns.
