Book jacket [New Church Independent and Monthly Review](#), 1884 **The Three Holy Kings** Friedrich Ebersweiler, 1904 **Melodica for Absolute Beginners. Play by Letter. Learn to Transpose** Helen Winter, The Melodica is one of the best educational instruments. The Melodica is light and portable. The Melodica develops both keyboard skills and breath control. The Melodica is perfect for group play. The Melodica works like a clarinet. The Melodica plays like a piano. The Melodica sounds like a harmonica or an accordion. This book is for kids or adults who are absolute beginners in music. We tried to write it as simply as possible. That is why we use an easy to play visual aid so any beginner can play music quickly. Neither kids nor their parents have to read sheet music or have a musical background. No previous knowledge is necessary. None at all. Every song has a large and simple color and letter coded visual along with traditional sheet music. The instruction is designed so that children begin with simple circles and gradually advance to reading notes using sheet music. We try to make this transition as easy as a game where children advance to higher levels themselves. There is a total of 22 songs and 3 options to help children to begin to play right away. PLAYING BY COLOR CIRCLE PLAY BY LETTER PLAY WITH THE MUSICAL STAFF. The player can first follow the circles and then repeat with the classic note symbols and staff. The helpful letters are always above the notes. There are 3 parts in this book. They are equal to 3 levels. Level 1: Songs that are played in one octave. All songs here appear twice: once written with circles and the next time with classic music notes. This will help kids remember the staff notes. For example: Mary Had a Little Lamb Ver 1 CIRCLES Mary Had a Little Lamb Ver 1 NOTES. Level 2: In this part you will find one version with both circles and notes and a more advanced version of the song with notes and musical notation. For example: Hot Cross Buns Ver 1 CIRCLES Hot Cross Buns Ver 1 NOTES Hot Cross Buns Ver 2 NOTES. Here the player will play songs in a different key and learn to transpose. Generally the version of the song written with sheet music is a little bit more complex than a letter coded version. Such versions already have music notations such as rests or beams etc. You can find an illustrated explanation of the notation at the end of this book. Level 3: Here the first two songs are versions of the same melody: different combinations of notes written with circles and notes. This is important so that the beginner can see how the same melody can be played in different keys. First of all, this book is addressed to newcomers to any keyboard instrument such as Piano or Synthesizer, not only Melodica. Also, it is a perfect self training guide for children and beginner adults to mastering the challenges of percussion instruments such as kalimba, marimba, xylophone, glockenspiel or even color bell set.
