Henry James was the final survivor of a remarkable family, and his memoir, written at the end of a long and tireless career, was prompted initially by the death of his ideal Elder Brother, the psychologist and philosopher William James. *A Small Boy and Others* recounts the novelist's earliest years in Albany and more importantly New York City, where he was allowed to wander at will. He evokes the theatrical entertainments he enjoyed, the varied social scene in which the family mixed, and the piecemeal nature of his education. With the first of several extended trips, the romance of Europe begins as the small boy becomes acquainted with a British culture already familiar from his precocious reading of the great Victorian novelists. And it is in France, in the Louvre's Galerie d'Apollon, that he undergoes an initiation into the aesthetic power of great art and an intimation of all the fun it might bring him. Yet the child also registered within this privileged and extended family group signs of dysfunction and failure. James's autobiography has significantly determined the nature and even the terms of the extensive biographical and critical

interest he continues to enjoy This first fully annotated critical edition of *A Small Boy and Others* which guides the reader through the allusive complexities of James's prose also offers fresh insights into the formative years of one of literature's most influential figures

A Small Boy and Others Henry James, 2018-12-03 *A Small Boy and Others* is a book of autobiography by Henry James published in 1913 The book covers James' earliest years and discusses his intellectually active family his intermittent schooling and his first trips to Europe

Summary and themes This memoir tells of a precocious boy who loved the sights and sounds of his childhood but felt reticent about full participation in life The note is sounded from the first chapters as James recounts the limitations and rewards of the child he was For there was the very pattern and measure of all he was to demand just to be somewhere almost anywhere would do and somehow receive an impression or an accession feel a relation or a vibration He was to go without many things ever so many as all people do in whom contemplation takes so much the place of action but everywhere he was to enjoy more than anything the so far from showy practice of wondering and dawdling and gaping he was really I think much to profit by it James clearly suffered from a sense of his inferiority in the showy active parts of life His older brother William always seemed superior in ability his classmates scorned his hopelessness at math and science even at a party he felt too embarrassed to join in the dancing But he still observed and fantasized about all his family and his surroundings had to offer When a cousin of his was told don't make a scene he suddenly realized that scenes could be made by telling a story or inventing a play He went often to the theater and fell forever under its spell His family met William Thackeray and Charles Dickens on their American tours and James even remembered Thackeray mock scolding his sister Alice for her crinoline dress Crinoline I was suspecting it So young and so depraved In fact for all his surface diffidence James harbored almost Napoleonic dreams of glory as an artist Near the close of *A Small Boy and Others* he tells how in much later years he dreamed of routing a monstrous attacker and chasing him away through the halls of the Louvre which he had seen as a child The small boy as hesitant and uncertain as he might seem would triumph over his fears and develop his superb aptitude for narrative fiction
