

Republicanism

Citizens rule
through elected
representatives.

Representing the people
everyday.

Got to have our votes, if they
want to stay in their position.

[Preamble](#)

Smhamerican Republicanism

Paul Smyth, Bettina Cass

Smhamerican Republicanism:

Feminism, Republicanism, Egalitarianism, Environmentalism Yulia Maleta, 2019-08-23 This book addresses hegemonic ruling class masculinity and emphasized femininity within renewables organisational governance and critiques Anglo Celtic male privilege as a barrier to women s leadership participation Primarily using the Australian socio political context the author considers the patriarchal control of organisations and renewables governance and argues that women led emphasized femininity resistance strategies can challenge the hegemonic status of ruling elites to create a leadership that is less power oriented more collaborative and open to change Utilising detailed interviews with Australian women environmentalists together with feminist sociological and social movement theory whilst considering the historic context of Red Vienna and contemporary political challenges Brexit Monarchism etc it puts forward an innovative policy framework for an Australian Bill of Rights Act and republican constitutional change Written for academics activists and policymakers alike this book offers a unique insight into women s inequity within patriarchal institutionalist governance It will be engaging and inspiring reading for feminist and environmentalist activists and practitioners in addition to professional associations focussing on gender justice and environmental change Academics and postgraduates in Gender Studies Ecofeminism Sociology and Organisational Studies will also find the book of key interest in its interdisciplinary discussions of Sustainable Scientific Technological Development Initiatives SSTDI and feminism in an Australian political context **Australian Republicanism** Mark McKenna, Wayne Hudson, 2013-05-09 We Love the Queen We honour the Queen We serve the Queen R G Menzies We must be ourselves Patrick White This collection of readings is designed to transform the way Australians understand republicanism The editors Mark McKenna and Wayne Hudson have harvested a wealth of previously neglected historical sources to produce a fascinating collection of original documents that grapple with the issue of Australian republicanism In the vein of Manning Clark s Select Documents in Australian History this collection offers an inspiring and salient sample of Australian viewpoints from the famous to the obscure the official to the flagrantly informal the rhetorical to the ridiculous McKenna and Hudson argue with wit and conviction that the republic has a place in Australia s future but only if it is a republic founded on a vision of inclusion This is the first principle of creating a sense of ownership and belonging a republic about which people might begin to care **Republicanism and Responsible Government** Benjamin T.

Jones, 2014-06-01 Despite remarkable similarities little attempt has been made to compare the political development of colonial era Australia and Canada Both nations were born as British colonies and used violent and non violent means to agitate for democratic freedoms Republicanism and Responsible Government explores how these sister colonies transformed the very nature of the British Empire by insisting on democratic self rule Focusing on the middle of the nineteenth century Benjamin Jones explores key points in colonial Australian and Canadian history Canada s Rebellions of 1837 38 and the Durham Report and Australia s anti transportation movement and the Eureka Stockade Previously historians have looked to

liberalism when explaining radicalism and democratization Jones however contends that Canadian and Australian radicals and reformers were influenced by the ancient political philosophy of civic republicanism with its focus on collectivism civic duty and virtue William Lyon Mackenzie and John Dunmore Lang he argues did not champion republicanism to achieve individual rights but to create a virtuous society free from the corruption they saw in the status quo Republicanism and Responsible Government challenges traditional interpretations of key events in Australian and Canadian history and shows that even though both nations remain constitutional monarchies republican ideas have shaped their foundations since the earliest days of settlement

The Captive Republic Mark McKenna, 1996-12-23 The idea of an Australian republic has existed from the moment the First Fleet sailed into Sydney Harbour This book is a comprehensive history of republican thought and activity in Australia and traces republican debate in Australia from 1788 It explains the pivotal role played by republican philosophies in the decades before responsible government was granted to the Australian colonies in 1856 and prior to federation in 1901 Mark McKenna also describes the often erratic appearance of republicanism during the twentieth century focusing in particular on the period after 1975 when the issue of a republic became a prominent and increasingly fixed term on the political agenda This book will be essential reading for all those with an interest in political and intellectual history It calls for a higher level of public debate about the republic and makes an outstanding contribution to this debate itself

Empire, Early Photography and Spectacle Elisa deCourcy, Martyn Jolly, 2020-11-23 James William Newland's 1810-1857 career as a showman daguerreotypist began in the United States but expanded into Central and South America across the Pacific to New Zealand and colonial Australia and onto India Newland used the latest developments in photography theatre and spectacle to create powerful new visual experiences for audiences in each of these volatile colonial societies This book assesses his surviving vivid portraits against other visual ephemera and archival records of his time Newland's magic lantern and theatre shows are imaginatively reconstructed from textual sources and analysed with his short rich career casting a new light on the complex worlds of the mid nineteenth century It provides a revealing case study of someone brokering new experiences with optical technologies for varied audiences at the forefront of the age of modern vision This book will be of interest to scholars in art and visual culture photography the history of photography and Victorian history

The Republican Noise Machine David Brock, 2004-05-25 In *The Republican Noise Machine* David Brock skillfully documents perhaps the most important but least understood political development of the last thirty years how the Republican Right has won political power and hijacked public discourse in the United States Brock a former right wing insider and the author of the New York Times bestseller *Blinded by the Right* uses his keen understanding of the strategies tactics financing and personalities of the American right wing to demonstrate how the once fringe phenomenon of right wing media has all but subsumed the regular media conversation shaped the national consciousness and turned American politics sharply to the right Brock documents how in the last several decades the GOP built a powerful media machine newspapers and magazines

think tanks talk radio networks op ed columnists the FOX News Channel Christian Right broadcasting book publishers and high traffic internet sites to sell conservatism to the public and discredit its opponents This unabashedly biased multibillion dollar communications empire disregards journalistic ethics and universal standards of fairness and accuracy manufacturing news that is often bought and paid for by a tight network of corporate backed foundations and old family fortunes By dissecting the appeal techniques and reach of the booming right wing media market Brock demonstrates that it is largely based on bigotry ignorance and emotional manipulation closely tied to America s longstanding cultural divisions and the buying power of anti intellectual traditionalists From the disputed 2000 presidential election to the war with Iraq to the political battles of 2004 Brock s penetrating analysis of right wing media theories and methodology reveals that the Republican Right views the media as an extension of a broader struggle for political power By tracing the political impact of right wing media Brock shows how disproportionate conservative influence in the media is integrally linked to the Republican Right s current domination of all three branches of government to the propping up of the Bush administration and to the inability of Democrats to voice their opposition to this political sea change or to compete on an even playing field As only an ex conservative intimately familiar with the imperatives of the American right wing could David Brock suggests ways in which concerned Americans can begin to redress the conservative ascendancy and cut through the propagandistic fog Writing with verve and deep insight he reaches far beyond typical bromides about media bias to produce an invaluable account of the rise of right wing media and its political consequences Promising to be the political book of the year *The Republican Noise Machine* will transform the raging yet heretofore unsatisfying debate over the politics of the media for years to come

The Centennial Supplement to the Sydney Morning Herald Sydney Morning Herald,1888 Education Policy and the Political Right Grant Rodwell,2021-12-28 This work attempts a comparative description and analysis focusing on the US the UK and Australia on the topic of the Right educational policy and schooling It adopts as its underlying theme the burning fuse in tracing the topic back to Joseph de Maistre a Rightist who fled revolutionary France to seek safety in the company of Tsar Alexander I s Russian Empire Here he had much to say about school education not for all but rather the deserving social elite During the past three or four decades in the US the UK and Australia the Right has been remarkably successful in amassing political power And in doing so the right of politics in these countries has reshaped school educational policy and practice a necessary step in securing the future of the Right as a political force Moreover even during the years the Right has been on the opposition benches in these countries such has been the strength of their political force that governments of the Left have acquiesced to much of their school educational policy A pioneering effort this book asserts that to understand school educational policy in the third decade of the 21st century we need to comprehend the politics of the Right This book will be of interest to researchers and postgraduate students interested in Education Studies Theory and Policy and International and Comparative Education **Political Warfare in Republican Vietnam** Robert A.

Silano,2024-08-30 This work examines the development of the Republic of Vietnam Armed Forces as a national institution explores the historical origins of the political warfare system and assesses that system s nurturing of military morale popular support and ways to weaken enemy resolve North Vietnam in the 1940s and South Vietnam in the 1960s embraced the system of political control over the military that was developed in Soviet Russia after the Bolshevik Revolution and in Republican China in the 1920s where it influenced both the Nationalist and Communist movements The book discusses the overall effectiveness of political warfare activities in the Republic of Vietnam s army the advice and support offered by the U S military to the South Vietnamese political warfare establishment and the consequences of the war s end for the members of the Republic of Vietnam Armed Forces who served in the political warfare system Monarchy to Republic George Winterton,1994 Australian republicanism has moved to the centre of our national agenda and is likely to be achieved within the next generation However the details of that republican government have yet to emerge This updated version of Monarchy to Republic provides the latest developments in public opinion and arguments for and against retaining a monarchy George Winterton focuses on the practical constitutional and governmental issues involved in establishing an Australian republic An important reference work Monarchy to Republic now includes the latest developments in public opinion arguments for and against retaining the monarchy and recent constitutional developments **US Diplomats and Their Spouses during the Cold War** Anthony J. Barker,2019-11-29 This study examines 324 oral history transcripts and explains the recruitment training and deployment of US diplomats Amid growing feminist hostility to Foreign Service treatment of spouses some couples resented postings to distant Australasia but most enjoyed a welcoming English speaking environment While New Zealand assignments involved complex negotiations with Pacific islanders diplomats in Australia were powerless to control the geopolitics of the Indian Ocean including the fortification of Diego Garcia and peace negotiations threatening US Navy access to the port of Fremantle When the Australian Labor Party won power in 1972 the vulnerability of vital military and intelligence facilities alarmed the US more than opposition to nuclear ship visits that removed New Zealand from the ANZUS alliance in the 1980s Notable exceptions to a principal focus on diplomats below the highest ranks are Marshall and Lisa Green After meeting John Stewart Service in post 1945 New Zealand they remained for years his loyal defenders against the assaults of McCarthyism Lisa s interview implicitly but decisively refutes allegations that as US ambassador to Australia Marshall plotted the dismissal of the Whitlam government in 1975 Despite persistent rumors of a CIA coup declassified cables reveal resident US diplomats hostility to the governor general s unprecedented action **McCawley and Trethowan - The Chaos of Politics and the Integrity of Law - Volume 1** Ian Loveland,2021-07-01 In this two volume work Ian Loveland offers a detailed exploration and analysis of 2 Australian entrenchment cases which have long been a source of fascination and inspiration to lawyers This first volume focusing on the McCawley case introduces non Australian readers to the remarkably rich legal and political history of constitutional formation and development in New South Wales and

Queensland in the 19th and early 20th centuries It culminates with a deeply contextualised analysis of the emergence of the bizarre Two Act entrenchment principle which emerged in Queensland s constitutional law in 1908 and the subsequent and celebrated McCawley judgments of the Australian High Court and Privy Council The judgments are placed in both their deep and immediate historical and political contexts from the legal formation of New South Wales in the late 1700s through the creation of New South Wales and Queensland as distinct colonies in the 1850s and the subsequent passage of the Colonial Laws Validity Act 1865 on to the fiercely contested reformism espoused by Labour governments in Queensland in the early part of the twentieth century

Contesting the Australian Way Paul Smyth,Bettina Cass,1998 Since the 1980s public policy has been perceived as being in a crisis of uncertainty Many argue that consolidating the market imperative in both economic and social policy is the way out of this crisis In this 1999 book a leading group of writers challenge this view calling for reassertion of a mixed rather than a market economy and a reaffirmation of the egalitarianism that has characterised past Australian social policy The book confronts key issues of our time particularly rising inequality and unemployment Attempting to look beyond familiar debates about economic rationalism it discusses the role of industry policy the impact of globalisation and the usefulness of competition models in the public welfare and community sectors Asking whether economic and social policy can be reintegrated in a shared vision this groundbreaking book argues the case for reinventing government rather than marginalising it

Amazing Ashville: The Most Colorful Community in America Bob Hines,2020-03-15 In the heart of the Buckeye State nestled amongst the corn and soy bean fields lies one of the most colorful rural communities in the United States In *Amazing Ashville* you ll find a guide to all the weird and wonderful aspects of this Ohio community unlike any other just waiting for you to unearth its uncounted mysteries Read countless true tales of small town lore like the dog who voted Republican the rooster that paid for his own meals the egg laid by an artistic goose or the coin collector who was served in a soup This rural community is the home of the first automated highway tests the world s largest woman and the original Spiderman Local author Bob Hines takes you on a fascinating tour of the community he s proud to call home You may not have ever experienced Ashville s unusual traffic light that has found its way into Guinness World Records but with *Amazing Ashville* to lead you you ll want to stop by for much longer than it takes the light to change

Making the Empire Work Daniel E. Bender,Jana K. Lipman,2015-07-17 Millions of laborers from the Philippines to the Caribbean performed the work of the United States empire Forging a global economy connecting the tropics to the industrial center workers harvested sugar cleaned hotel rooms provided sexual favors and filled military ranks Placing working men and women at the center of the long history of the U S empire these essays offer new stories of empire that intersect with the grand narratives of diplomatic affairs at the national and international levels Missile defense Cold War showdowns development politics military combat tourism and banana economics share something in common they all have labor histories This collection challenges historians to consider the labor that formed worked confronted and rendered the U S empire

visible The U S empire is a project of global labor mobilization coercive management military presence and forced cultural encounter Together the essays in this volume recognize the United States as a global imperial player whose systems of labor mobilization and migration stretched from Central America to West Africa to the United States itself Workers are also the key actors in this volume Their stories are multi vocal as workers sometimes defied the U S empire s rhetoric of civilization peace and stability and at other times navigated its networks or benefited from its profits Their experiences reveal the gulf between the American denial of empire and the lived practice of management resource exploitation and military exigency When historians place labor and working people at the center empire appears as a central dynamic of U S history

Our First Republicans David John Headon, Elizabeth M. Perkins, 1998 Lang Harpur and Deniehy were three of the most outspoken proponents of the Australian Republic in the mid 19th century Their arguments concise powerful and balanced are as relevant today in current Republican debate as they were then This edited selection of their prose brings together for the first time articles speeches and letters which show the political and cultural currents in NSW over three decades of important political change

Multicultural States David Bennett, 2013-01-11 First book to address the multicultural debates across a range of countries eg USA Canada Australia New Zealand Ireland Very strong contributor list including Ian Ang Terry Eagleton Homi K Bhabha Henry A Giroux and Meaghan Morris

The Global Dimensions of Irish Identity Cian T. McMahon, 2015-04-13 Though Ireland is a relatively small island on the northeastern fringe of the Atlantic 70 million people worldwide including some 45 million in the United States claim it as their ancestral home In this wide ranging ambitious book Cian T McMahon explores the nineteenth century roots of this transnational identity Between 1840 and 1880 4 5 million people left Ireland to start new lives abroad Using primary sources from Ireland Australia and the United States McMahon demonstrates how this exodus shaped a distinctive sense of nationalism By doggedly remaining loyal to both their old and new homes he argues the Irish helped broaden the modern parameters of citizenship and identity From insurrection in Ireland to exile in Australia to military service during the American Civil War McMahon s narrative revolves around a group of rebels known as Young Ireland They and their fellow Irish used weekly newspapers to construct and express an international identity tailored to the fluctuating world in which they found themselves Understanding their experience sheds light on our contemporary debates over immigration race and globalization

Solomon's Noose Steve Harris, 2018-09-01 The story of a young convict Solomon Blay who became Her Majesty s hangman in Van Diemen s Land the man who personally had to deliver an Empire s judgment on 200 men and women and endured his own noose of personal demons and demonisation in order to survive all in the context of the great struggles of good evil life death hope despair which drew the attention of Darwin Twain Trollope and Dickens as Van Diemen s Land evolved from a Hades of Evil to sow the seeds of nationhood The book paints a vivid picture of the society and poverty from which Blay s character was forged in England and the desperate brutal nature of being a convict in Van Diemen s Land *Solomon s Noose* is an important book in exposing the

dark underbelly in the formation of modern Australia From the furthest corner of that foreign country the past comes the haunting story of the convict who became the British Empire s youngest executioner Beware the shock of the true Andrew Rule award winning journalist and author Impressive research and a story that challenges the imagination except that it s true A prisoner elects to become a hangman to improve his lot in life All this set against the Gothic world of Van Diemen s Land in the time of convicts bushrangers and rough justice Les Carlyon bestselling author of Gallipoli and The Great War

Talking Politics A. W. Sparkes, 2006-06-19 Talking Politics is a philosophical examination of some of the basic concepts of political discourse Its primary focus is on the ordinary on what is said by politicians in newspapers and by people in pubs rather than on the works of political theorists This is a work of but not on political theory Talking Politics is Invaluable as a source of reference for students and contains a detailed index Arranged thematically around topics such as Nation Each entry has copious cross references and suggestions for further reading A W Sparkes is uniquely qualified to write such a book combining some thirty years teaching as a philosopher with wide experience of and a life long fascination with politics His attitude is that of a critical but uncynical observer

Smhamerican Republicanism Book Review: Unveiling the Magic of Language
