Apprentices' Library,1892 **Modernism Is the Literature of Celebrity** Jonathan Goldman,2011-04-01 The phenomenon of celebrity burst upon the world scene about a century ago as movies and modern media brought exceptional larger than life personalities before the masses During the same era modernist authors were creating works that defined high culture in our society and set aesthetics apart from the middle and low brow culture in which celebrity supposedly resides To challenge this ingrained dichotomy between modernism and celebrity Jonathan Goldman offers a provocative new reading of early twentieth century culture and the formal experiments that constitute modernist literature s unmistakable legacy He argues that the literary innovations of the modernists are indeed best understood as a participant in the popular phenomenon of celebrity Presenting a persuasive argument as well as

a chronicle of modernism's and celebrity's shared history *Modernism Is the Literature of Celebrity* begins by unraveling the uncanny syncretism between Oscar Wilde's writings and his public life Goldman explains that Wilde in shaping his instantly identifiable public image provided a model for both literary and celebrity cultures in the decades that followed In subsequent chapters Goldman traces this lineage through two luminaries of the modernist canon James Joyce and Gertrude Stein before turning to the cinema of mega star Charlie Chaplin He investigates how celebrity and modernism intertwine in the work of two less obvious modernist subjects Jean Rhys and John Dos Passos Turning previous criticism on its head Goldman demonstrates that the authorial self fashioning particular to modernism and generated by modernist technique helps create celebrity as we now know it
