A History of the Literature of the U.S. South: Volume 1 Harilaos Stecopoulos, 2021-05-05 A History of the Literature of the U.S. South provides scholars with a dynamic and heterogeneous examination of southern writing from John Smith to Natasha Trethewey Eschewing a master narrative limited to predictable authors and titles the anthology adopts a variegated approach that emphasizes the cultural and political tensions crucial to the making of this regional literature Certain chapters focus on major white writers e.g. Thomas Jefferson William Faulkner the Agrarians Cormac McCarthy but a substantial portion of the work foregrounds the achievements of African American writers like Frederick Douglass Zora Neale Hurston and Sarah Wright to address the multiracial and transnational dimensions of this literary formation Theoretically informed and historically aware the volume's contributors collectively demonstrate how southern literature constitutes an aesthetic cultural and political field that richly repays examination from a variety of critical perspectives

Morgan,1953-01-01 In 1822 before Jedediah Smith entered the West it was largely an unknown land a wilderness he wrote of two thousand miles diameter During his nine years as a trapper for Ashley and Henry and later for the Rocky Mountain Fur Company the mild and Christian young man blazed the trail westward through South Pass he was the first to go from the Missouri overland to California the first to cross the length of Utah and the width of Nevada first to travel by land up through California and Oregon first to cross the Sierra Nevada Before his death on the Santa Fe Trail at the hands of the Comanches Jed Smith and his partners had drawn the map of the west on a beaver skin Imperial Cults and the Apocalypse of John

Steven J. Friesen,2001-10-25 After more than a century of debate about the significance of imperial cults for the interpretation of Revelation this is the first study to examine both the archaeological evidence and the Biblical text in depth Friesen argues that a detailed analysis of imperial cults as they were practiced in the first century CE in the region where John was active allows us to understand John s criticism of his society s dominant values He demonstrates the importance of imperial cults for society at the time when Revelation was written and shows the ways in which John refuted imperial cosmology through his use of vision myth and eschatological expectation **A True and Faithful History of the Family of Smith, Originally Cradled at Wiverton and Cropwell-Butler... and More Recently Established at Nottingham...**
