to several friends for the help which they have given me in many ways and for the trouble which some of them have taken to recover facts which were lost with my notes as well as for the careful revision of a portion of my letters in MS I am indebted to the Indian authorities for the materials for a sketch map for photographs from which many of the illustrations are taken and for the use of a valuable geographical report and to Mr Thistleton Dyer Director of the Royal Botanic Gardens at Kew for the identification of a few of my botanical specimens
