The Minds Fate Ways Of Seeing Psychiatry And Psychoanalysis:

Intellectual Craftsmen Steven Weiland, Weiland highlights the master trends in the American experience by the master reporters of those trends Intellectual Craftsmen covers the best writers in the social sciences from 1935 to 1991 Included are essays on John Dollard in social psychology C Wright Mills s version of historical sociology David Riesman and the element of social criticism Margaret Mead and the search for an anthropological method *Psychological Undercurrents of History* Henry Lawton, Jerry S. Piven, 2001 Psychological Undercurrents of History gathers together salient works of scholarship which endeavor to interpret the madness and imagination of our past from ancient religion to the Holocaust to Millennialism and Apocalyptic violence

The Call of Stories Robert Coles, 2014-12-09 From the Pulitzer Prize winning author of *Children of Crisis* a profound examination of how listening to stories promotes learning and self discovery As a professor emeritus at Harvard University a renowned child psychiatrist and the author of more than forty books including *The Moral Intelligence of Children* Robert Coles knows better than anyone the transformative power of learning and literature on young minds In this persuasive book The New York Times Book Review Coles convenes a virtual symposium of college law and medical school students to explore the phenomenon of storytelling as a source of values and character Here are transcriptions of classroom conversations in which Coles and his students discuss the impact of particular works of literature on their moral development Here also are Coles s intimate personal reflections on his experiences in the civil rights movement his child psychiatry practice and his interactions with his own literary mentors including William Carlos Williams and L E Sissman The life lessons learned from these stories are of special resonance to doctors and teachers looking to apply them in classroom and clinical environments The rare public intellectual to be honored with a MacArthur Award a Presidential Medal of Freedom and a National Humanities Medal Robert Coles is a true national treasure and *The Call of Stories* is in the words of National Book Award winner Walker Percy Coles at his wisest and best

Handing One Another Along Robert Coles, 2010-08-31 In this book on shaping a meaningful and ethical life the renowned Pulitzer Prize winning author explores how character courage and human and moral understanding can be fostered by reflecting on the lives of others through stories Based on Robert Coles legendary course at Harvard this provocative book addresses such questions as Who are we Where do we come from Where are we going It calls on us to become stronger and more aware by reflecting on ourselves and others with the help of great literature and art Dr Coles shows how the work of writers artists and thinkers of the past two centuries can inspire our own reflections on the daily lives we lead He offers a compelling call to venture outside of our own selves and lives and to listen attentively and with growing humanity to the way others get through life Coles encourages us to examine our own character kindness and complexity by looking carefully at our perceptions of others and by studying the wisdom of authors from Charles Dickens to Flannery O Connor from James Agee to George Orwell and many others In this influential conversation about empathy and engagement Coles inspires us to seek out deeper

meaning in our lives and guides us toward achieving greater clarity strength and richness of understanding amid the moral psychological and social complexities of the modern world

Contesting the Subject William H. Epstein, 1991 Stanley Fish opens the collection with a persuasive argument for the role of intention and biography Michael McKeon Gordon Turnbull and Jerome Christensen are concerned with the late eighteenth and early nineteenth century English cultural discourse that gave rise to the nearly simultaneous emergence of literary biography Romantic sensibility and reflexive human consciousness The essays by Alison Booth Cheryl Walker and Sharon O'Brien reveal that the recognition or lack thereof the biographical subject has received and remains both a problem and an opportunity for women writers and readers The essays by Valerie Ross Rob Wilson Steven Weiland and William Epstein pursue the question of difference and cultural reification in the theory and practice of a specifically American biography and biographical criticism

The Moral Intelligence of Children Robert Coles, 2011-09-07 The Pulitzer Prize winning author of the bestselling *The Spiritual Life of Children* now explores how to develop character in children from infancy through the teenage years During three stages in the moral archaeology of childhood Coles shows how to spot moral crossroads and what to do about them

The Spiritual Life of Children Robert Coles, 1991-10-10 A look at faith through the voices of children from varied religious backgrounds by the Pulitzer winning author of *The Moral Intelligence of Children* A New York Times Notable Book What do children think about when they consider God Heaven and Hell the value of life in the here and now and the inevitability of death Child psychiatrist Pulitzer Prize winning writer and Harvard professor Robert Coles spent thirty years interviewing hundreds of children from South America and Europe to Africa and the Middle East who are developing concepts of faith even as they struggle to understand its contradictions Be they Catholic or Protestant Jewish children from Boston Pakistani children in London agnostics Native Americans or young Christians in the American South they offer honest enlightening and sometimes startling ideas of a spiritual existence A Hopi girl who knows for a fact that we are resurrected as birds an African American child who believes God exists as a hurricane to blow away drug dealers a young Christian who needs his faith to cope with the death of his sister lest she be just a big heartache to us till the day we die and a Tennessee child who rationalizes his belief by admitting that if there's no God that's all there is ashes *The Spiritual Life of Children* is a remarkable book The generosity of vision that characterizes Dr. Coles's

enterprise enables him to create a climate where words of great beauty and truthfulness can be spoken The New York Times

Narrative Psychiatry Bradley Lewis, 2011-03-01 Psychiatry has lagged behind many clinical specialties in recognizing the importance of narrative for understanding and effectively treating disease With this book Bradley Lewis makes the challenging and compelling case that psychiatrists need to promote the significance of narrative in their practice as well Narrative already holds a prominent place in psychiatry Patient stories are the foundation for diagnosis and the key to managing treatment and measuring its effectiveness Even so psychiatry has paid scant scholarly attention to the intrinsic value of patient stories Fortunately the study of narrative outside psychiatry has grown exponentially in recent years and it is now possible for psychiatry to make considerable advances in its appreciation of clinical stories Narrative Psychiatry picks up this intellectual opportunity and develops the tools of narrative for psychiatry Lewis explores the rise of narrative medicine and looks closely at recent narrative approaches to psychotherapy He uses philosophic and fictional writings such as Anton Chekhov's play Ivanov to develop key terms in narrative theory plot metaphor character point of view and to understand the interpretive dimensions of clinical work Finally Lewis brings this material back to psychiatric practice showing how narrative insights can be applied in psychiatric treatments including the use of psychiatric medications Nothing short of a call to rework the psychiatric profession Narrative Psychiatry advocates taking the inherently narrative centered patient psychiatrist relationship to its logical conclusion making the story a central aspect of treatment The Therapized

Antisemite Christopher L. Schilling, 2024-01-29 The Therapized Antisemite determines the failure of psychology in the understanding and punishment of antisemitism For over a hundred years psychology's vision understanding the mind and conquering feelings with thoughts has remained a myth in much of Western societies Despite its theories and concepts being widely criticized and often proven wrong it remains part of our culture academia and legal systems Instead of hoping for the field of psychology to one day solve the problem of antisemitism and how to punish it we must ask ourselves how much it has not helped but rather harmed the fight against it Through exploring social clinical and forensic psychology as well as psychohistory and the intrusion of psychology into criminal law and policymaking The Therapized Antisemite argues that we don't yet understand what causes antisemitism in psychological terms let alone how to go about solving the problem The Holocaust the Nuremberg Trials Hitler biographies the Halimi murder Hate Crime Mental Illness False Memory and Criminal Profiling are all discussed within the book The Therapized Antisemite looks to change the way readers think about antisemitism psychology and law and will be of interest to legal and social science academics and students researching and practicing within the fields of criminal law criminology antisemitism studies Jewish studies and psychology **Ignatius of**

Loyola William W. Meissner, 1992-01-01 Ignatius of Loyola knight and saint mystic and ascetic founder of the Society of Jesus the Jesuits was one of the greatest figures in Western Christianity This book written by a psychiatrist psychoanalyst who is also a Jesuit is the first work to look behind the events accounts and documents of Ignatius' life and religious experience in

order to enter and understand his inner world W W Meissner writes compassionately about Ignatius origins early development conversion years of prayer and penance mystical teaching and career and finally his efforts to found and direct the Society of Jesus Dr Meissner not only places Ignatius life against the background of the radical religious social and political upheaval of the sixteenth century but goes beyond this to explore the psychic and psychodynamic inner processes that transformed the man into the saint Dr Meissner discusses for example Ignatius ordeals of body and spirit during his career as a soldier his conversion experience the evolution of his personality after conversion his relationships with women his lifelong struggles to overcome his aggressive narcissistic and libidinal impulses and the psychology and pathology of his mysticism The complex personality of this great saint and the profundity of his personal and spiritual struggles bring into focus significant questions about the complex interplay between human motivations and needs on the one hand and religious experience and spiritual motivation on the other The book is not only a biography of a much revered figure of the Roman Catholic Church but a unique contribution to both psychoanalysis and religious history
