'Never had the liked occurred' John Tait,2012-10-12 The discipline of Egyptology has been criticised for being too insular with little awareness of the development of archaeologies elsewhere It has remained theoretically underdeveloped For example the role of Ancient Egypt within Africa has rarely been considered jointly by Egyptologists and Africanists Egypt's own view of itself has been neglected views of it in the ancient past in more recent times and today have remained underexposed Encounters with Ancient Egypt is a series of eight books which addresses these issues The books interrelate inform and illuminate one another and will appeal to a wide market including academics students and the general public interested in Archaeology Egyptology Anthropology Architecture Design and History Never Had the Like Occurred examines Ancient Egypt's own multifaceted encounters with its past As Egyptian culture constantly changed and evolved this book follows a chronological arrangement from early Egypt to the attitudes of the Coptic population in the Byzantine Period Within this framework it asks what access the Egyptians had to information about the past whether deliberately or accidentally acquired what use was made of the past what were the Egyptians attitudes to the past what sense of past time did the Egyptians have and what kinds of reverence for the past did they entertain This is the first book dedicated to the whole range of these themes It provides an explanatory context for the numerous previous studies that have dealt with particular sets of evidence particular periods or particular issues It provides a case study of how civilizations may view and utilize their past

Subject Catalog Library of Congress,1975 **The Missing Family of Jesus** Tobias Churton,2012-01-01 The Holy Family of Jesus as commonly depicted in religious art is a myth fabricated by the early Christian church Explaining this assertion Tobias Churton leads the reader on a fascinating and highly readable quest to discover all that is to be found in the historical sources about Jesus family background parentage and siblings and the possibility of his having descendants When Romanized Christianity decided to bend the historical facts about true early Christianity Jesus was required to be the only son of God and to have been the product of a virgin birth so that he could avoid the taint of original sin Any inconvenient siblings had to be written out of history to prevent them from muddying the theological waters Even today in Catholic encyclopedias of the saints St James the Just the Zadokite while regarded as Jesus brother by the majority of Church Fathers is instead called the son of Alphaeus deliberately obscuring any theologically compromising family relationship This

investigation is based on a thorough examination of a broad range of sources the canonical evidence Gospels and Epistles apocryphal evidence including the Gnostic gospels and rejected works of early Christianity including the Dead Sea Scrolls and the works of Josephus Hegesippus and Eusebius and myths and legends about heirs known as the Desposynoi who either travelled to France or remained in Palestine centuries after Jesus It must be the case that behind both the historical and the legendary evidence there exists a missing truthful picture of the family of Jesus The task of the book is to establish as much of that truth as is historically possible within the bounds of reasonable probability Churton

Shutting the Door to the Kingdom of God Eric Michael Wilson, 2022-08-20 This book uses the New World Translation of the Holy Scriptures to prove that all the teachings of Jehovah's Witnesses concerning the Last Days and the good news of salvation are unscriptural The author an elder of Jehovah's Witnesses for 40 years shares the results of the last ten years of his research into such Watch Tower teachings as the 1914 invisible presence of Christ the overlapping generation doctrine the failed prophecies of 1925 and 1975 the fact that the Governing Body had evidence long ago showing that 607 BCE was not the date of the Babylonian exile and most important of all the abundant evidence that the salvation hope offered to the JW Other Sheep is a Rutherford invention wholly without support in Scripture He also shares his experience on how Witnesses who continue to believe in Jehovah and Jesus can move beyond JW org without sacrificing their faith This is a must read for any Jehovah's Witness who is a seeker of truth and unafraid to put his or her beliefs to the test
