The Misunderstood Skunk, 1969 Text and photographs describe the physical characteristics and habits of skunks and discuss their suitability as pets

Skunk Alyce L. Miller, 2015-11-15 Solitary nocturnal creatures skunks generally go about their business unnoticed But then there's that thing they do and oh boy when they do it no one can ignore them But there's far more to skunks than their stench and with this beautifully illustrated entry in Reaktion's Animal series Alyce Miller gives these furry scavengers their due More than being unappreciated skunks Miller reveals have a long history of persecution killed off as smelly nuisances they have also been hunted for their fur and yes their unique musk which has found a perhaps unexpected use in perfume Moving from nature to culture Miller delves into the long line of skunks that have played parts in literature film and folklore from the antics of Pepe Le Pew to the role of skunks in Native American spiritual beliefs As growing urban wildlife populations bring humans and skunks ever closer Miller's book will help us understand and appreciate these beautiful intriguing and wholly distinct animals
