The Modern Functional Building 1926 Texts And Documents Series:

The Modern Functional Building Adolf Behne,1996 Bruno Taut and Walter Gropius organized the Arbeitsrat für Kunst Work council on the arts Behne would also become an early critic of both the Werkbund and the Bauhaus Written in 1923 Behne's Modern Functional Building clarifies the concepts of German Modernism at their very inception especially the crucial distinctions between functionalism rationalism and utilitarianism In this text Behne advocates a functionalism that is not technocentric but is comparable **Observations on the Letter of Monsieur Mariette** Giovanni Battista

Piranesi,2002 An impassioned plea for a Roman Style eclecticism that draws freely on all artistic forms and traditions Piranesi's Observations anticipates the contemporary debate between devotees of a rational minimal architecture and advocates of an architecture rich in ornament and historical references **BOOK JACKET** **Design Book Review** ,1997

Modern Architecture Frank Lloyd Wright,2021-07-13 Frank Lloyd Wright's classic account of his vision for an organic architecture in a beautifully designed new edition Modern Architecture is a landmark text the first book in which America's greatest architect put forth the principles of a fundamentally new organic architecture that would reject the trappings of historical styles while avoiding the geometric abstraction of the machine aesthetic advocated by contemporary European modernists One of the most important documents in the development of modern architecture and the career of Frank Lloyd Wright Modern Architecture is a provocative and profound polemic against America's architectural eclecticism commercial skyscrapers and misguided urban planning The book is also a work of savvy self promotion in which Wright not only advanced his own concept of an organic architecture but also framed it as having anticipated by decades and bettered what he saw as the reductive modernism of his European counterparts Based on the 1931 original for which Wright supplied the cover illustration this beautiful edition includes a new introduction that puts Modern Architecture in its broader architectural historical and intellectual context for the first time The subjects of these lively lectures from Machinery Materials and Men to The Tyranny of the Skyscraper and The City move from a general statement of the conditions of modern culture to particular applications in the fields of architecture and urbanism at ever broadening scales Wright's vision in Modern Architecture is ultimately to equate the truly modern with romanticism imagination beauty and nature all of which he connects with an underlying sense of American democratic freedom and individualism Illuminating Michelle Corrodi,Klaus

Spechtenhauser,2014-03-12 The image of open working and living spaces flooded with light has more than any other become fixed in our minds as a symbol of modernity and the spirit of the times While the workplace has always been the focus of ergonomic studies and optimization with respect to a good provision of daylight large glass surfaces have now become the order of the day for living spaces as well But does this automatically make for better illumination Taking this question as its starting point the publication Illuminating thematizes central aspects of light planning including the connection between the provision of daylight and architectural design building orientation the nature of the facade the ground plan comfort and the

proportions and atmosphere of rooms In the process general characteristics and fundamental principles as well as subtle facets of an intelligent treatment of daylight are discussed and critically examined within an expanded architecture and culture historical context **Avery Index to Architectural Periodicals. 2d Ed., Rev. and Enl** Avery Library,1997

Modern Architecture Alan Colquhoun,2002 In this study of the international modern movement in architecture Alan Colquhoun explores the complex motivations behind its revolutionary new style and assesses its triumphs and failures
