**The Moral Wisdom of St. Thomas** Peter A. Redpath,1983 *Moral Wisdom of St. Thomas* Peter A. Redpath,1983-04-19 **The Thought of Thomas Aquinas** Brian Davies,1992-01-30 Thomas Aquinas was one of the greatest Western philosophers and one of the greatest theologians of the Christian church In this book we at last have a modern comprehensive presentation of the total thought of Aquinas Books on Aquinas invariably deal with either his philosophy or his theology But Aquinas himself made no arbitrary division between his philosophical and his theological thought and this book allows readers to see him as a whole It introduces the full range of Aquinas thinking and it relates his thinking to writers both earlier and later than Aquinas himself **The Moral Wisdom of the Catholic Church** Robert Spitzer,2022-11-01 Jesus said The truth will set you free Father Spitzer lays bare the theological and philosophical roots of Catholic morality and also uses secular statistical studies to demonstrate that these teachings even from a scientific standpoint help human beings to flourish Gathering data from universities general psychiatry medical institutes and general survey organizations such as Pew Research Gallup Research and Harris Poll this book shows that going against foundational Christian doctrines from marriage to the sanctity of unborn life leads to significant increases in depression anxiety substance abuse familial tensions suicidal contemplation The numbers speak for themselves Many people today particularly the young are embarrassed by the Church s moral teaching For them it is only an outdated expression of hatred or disgust Yet nothing could be further from the truth Sin is what degrades man and kills his joy and a moral life is a life of love If we tell the truth about destructive lifestyles we can rescue our loved ones from a life of darkness helping to bring about a shift in our culture With scientific clarity this work provides readers everything they need to know to speak credibly effectively and persuasively about the most controversial moral issues Imprimatur The Most Reverend Kevin J Vann J C D O D Bishop Diocese of Orange February 28 2021 *An Aquinas Reader* Mary T. **Thomas Aquinas** Brian Davies,2002-12-05 The work of Thomas Aquinas has always enjoyed a privileged position as a pillar of Catholic theology but for centuries his standing among western philosophers was less sure Today Aquinas s work is recognized as a cornerstone of the western philosophical tradition This book offers a full scale introduction to Aquinas s philosophy Brian Davies has collected in one volume the best recent essays on Aquinas by some of the world s foremost scholars of medieval philosophy Taken together they illuminate the entire spectrum of Aquinas s thought philosophy of nature logic metaphysics natural theology philosophy of mind philosophy of action and ethics The essays are philosophically solid readable informative critical and evaluative of the texts of Aquinas Davies frames the essays with a detailed introduction that provides an account of Aquinas s life and works as well as of his major philosophical conclusions

*Words of Wisdom* John W. Carlson,2012-01-16 Like their predecessors throughout the late nineteenth and twentieth centuries popes John Paul II and Benedict XVI have emphasized the importance of philosophy in the Catholic intellectual tradition In his encyclical *Fides et ratio* 1998 John Paul II called on philosophers to have the courage to recover in the flow of an enduringly valid philosophical tradition the range of authentic wisdom and truth Where the late pope spoke of an enduringly valid tradition Jacques Maritain and other Thomists often have referred to the perennial tradition or to perennial philosophy *Words of Wisdom* responds to John Paul s call for the development of this tradition with a much needed dictionary of terms As a resource for students in colleges universities and seminaries as well as for teachers of the perennial tradition and interested general readers *Words of Wisdom* occupies a unique place It offers precise yet clear and understandable accounts of well over a thousand key philosophical terms richly cross referenced It also explains significant terms from other philosophical movements with which Thomism and the Catholic intellectual tradition more generally has engaged either through debate or through judicious and creative incorporation Moreover it identifies a number of theological and doctrinal expressions to which perennial philosophy has contributed Finally it provides a comprehensive bibliography of works by Aquinas in English expositions and discussions of perennial themes and representative examples from the writings of all philosophers and theologians mentioned in dictionary entries

**The Service of Glory** Aidan Nichols OP,2011-12-22

**Introduction to Moral Theology** Romanus Cessario,2013 Originally published in 2001 *Introduction to Moral Theology* responded to the need for a new introduction to the basic and central elements of Catholic moral theology written in the light of *Veritatis splendor* Since then it has become a standard text for students and a reputable resource on such topics as moral theology and the good of the human person created in God s image natural law principles of human action determination of

the moral good through objects ends and circumstances and the virtues gifts of the Holy Spirit and the Beatitudes ABOUT THE SERIES The Catholic Moral Thought series is designed to provide students with a comprehensive presentation of both the principles of Christian conduct and the specific teachings and precepts for fulfilling the requirements of the Christian life Soundly based in the teaching of the Church the volumes set out in depth in a manner and style suitable for scholars students and general readers the basic principles of Catholic moral thought and the application of those principles within areas of ethical concern that are of paramount importance today In its initial phase the series includes an introductory volume and volumes on sexual ethics bioethics and social ethics ABOUT THE AUTHOR Romanus Cessario OP is professor of systematic theology at St John s Seminary in Brighton Massachusetts He has authored coauthored or edited several books including The Moral Virtues and Theological Ethics A Short History of Thomism and Christian Faith and the Theological Life PRAISE FOR THE ORIGINAL EDITION Introduction to Moral Theology is an auspicious solid beginning for an important new series More than other disciplines moral theology needs to be thought through again and again in the teeth of changing habits symbols and mores Solid not trendy guidelines are needed Michael Novak American Enterprise Institute A learned and traditional Catholic account of Aquinas s vision of the moral life Choice Cessario does a splendid job of introducing the series Essential reading for advanced undergraduate and graduate students of theology First Things A splendid book on moral theology This book depicts in a grand style and well argued fashion what shape reflection on moral theology must take when one embraces moral realism Cessario does not reduce the moral life to will and obligation but embraces the totality of the human person made in the imago Dei who seeks beatitude as part of a created world Advanced undergraduates seminarians and graduate students will benefit greatly from the fact that Cessario always notifies the reader of areas of significant disagreement and nonetheless provides a reasoned argument for navigating these areas in favor of moral realism The book includes thorough footnotes and an extensive bibliography that provide an excellent starting point for students and scholars alike to deepen their acquaintance with the voluminous secondary literature on St Thomas Aquinas and moral theology Nova et Vetera Cessario has established himself as one of the leading scholars in the field of Roman Catholic moral theology and those expecting to find a probative discussion of the essential features of the Thomistic articulation of that tradition will not be disappointed It is a masterful presentation The work is the product of a master theologian a loyal servant of the church and the efforts required to keep pace with his insights are well worth it There are no viable competitors on the horizon of moral theology Teachers more familiar with the features of that tradition can easily rely on Cessario s work to spawn within the classroom a series of very useful reflections Newcomers will profit from the sweeping and vital [A Humane Case for Moral Intuition](#) Benjamin S. Llamzon, 2022-04-25 The book contends that contrary to accepted interpretation moral intuition rather than any other form of reasoning least of all formal logic is the moral method found in the ethics of Aristotle Aquinas Kant and Dewey the first four chapters of the book These four thinkers represent a dialectical selection of ethical relativism and

absolutism as well as a chronological succession from ancient to contemporary thought The fifth and concluding chapter is a major presentation of the author's thesis on moral intuition as the exact antidote against the dilemma ethics approach which is widely used today with rapidly diminishing effect and interest This chapter is a detailed illustration of how moral intuition works out concretely in the lived world It stresses the unity of moral experience even as this is clouded over by our relatively fewer but overdramatized confrontations on some moral issues

**The Creative Retrieval of Saint Thomas Aquinas** W. Norris Clarke, 2009-08-25 W Norris Clarke has chosen the fifteen essays in this collection five of which appear here for the first time as the most significant of the more than seventy he has written over the course of a long career Clarke is known for his development of a Thomistic personalism To be a person according to Saint Thomas is to take conscious self possession of one's own being to be master of oneself But our incarnate mode of being human involves living in a body whose life unfolds across time and is inevitably dispersed across time If we wish to know fully who we are we need to assimilate and integrate this dispersal so that our lives become a coherent story In addition to the existentialist thought of Etienne Gilson and others Clarke draws on the Neoplatonic dimension of participation Existence as act and participation have been the central pillars of his metaphysical thought especially in its unique manifestation in the human person The essays collected here cover a wide range of philosophical ethical religious and aesthetic topics Through them sounds a very personal voice one that has inspired generations of students and scholars

Kwasniewski,2007-10 In *Wisdom s Apprentice* twelve distinguished scholars pay grateful homage to their friend and mentor in recognition of his extraordinary contributions to the study of the philosophia perennis
