The Morality Of Abortion Legal And Historical Perspectives

Christy Cobb, Eric Vanden Eykel

The Morality Of Abortion Legal And Historical Perspectives:

The Morality of Abortion John Thomas Noonan, 1970 *The Morality of Abortion*, 1970 *Readings in Health Care Ethics - Second Edition* Elisabeth (Boetzkes) Gedge, Wilfrid J. Waluchow, 2012-03-14

Readings in Health Care Ethics provides a wide ranging selection of important and engaging contributions to the field of health care ethics. The second edition adds a chapter on health care in Canada and the introduction has been expanded to include discussion of a new direction in feminist naturalized ethics. The book presupposes no prior knowledge only an interest in the bioethical issues that are shaping our world.

Rights, Duties and the Body Rosamund Scott, 2002-08-05

If a pregnant woman refuses medical treatment needed by the fetus for instance for religious reasons or conducts some aspect of her life in a way which risks fetal harm there may arise an instance of maternal fetal conflict. This is an unfortunate term since pregnant women are generally renowned for their self sacrificing behaviour but it may well reflect the reality of certain maternal choices and actions. Should a pregnant woman have the legal right to refuse medical treatment needed by the fetus or should she owe it a legal duty of care which precludes her acting in ways which may harm it? Does the debate hinge simply upon the appropriateness or otherwise of legally compelling presumed moral obligations or is it more complex than this? Indeed what are a pregnant woman's moral obligations towards her fetus? In England and in some US states courts have held that a pregnant woman has the right to refuse medical treatment needed by the fetus. In similar fashion the idea of a general maternal legal duty of care toward the fetus has been rejected most recently in Canada. The cases however leave the impression of an uncomfortable split between the ethics and the law as if the problem were entirely one of not legally enforcing presumed moral duties. The effect is both puzzling and polarising. Puzzling in that the cases leave unanswered as largely they must the huge question of a pregnant woman's moral rights and duties polarising in that the cases leave troubling tensions about a pregnant woman's rights in the face of fetal harm or death. The tendency is to deny these by ever more strongly asserting a woman's rights. In turn this encourages a reaction in favour of fetal rights one which is unlikely to attend to a woman's interests and difficulties in pregnancy. This could have serious legal repercussions for various instances of maternal fetal conflict including in those US states or other jurisdictions which have yet to address these issues. It might also increase the pressures on the issue of abortion. This book which seeks a way between these polarised positions tries to explain and justify a woman's moral and legal rights in pregnancy and at the same time to explore the extent of her moral duties toward the fetus. The aim is to resolve as far as possible the ethical legal and social tensions which undoubtedly surround this area. Innovatively in work on this issue and unusually in the field of medical law and ethics the author adopts a joint philosophical and legal approach directed to issues both of principle and policy revealing strong conceptual links between the ethics and the law. In addition to an ethical exploration of the maternal fetal relationship the author explores and analyses the relevant English American Canadian and sometimes Australian arguments from the law of treatment refusal abortion tort and rescue as well as relevant

jurisprudence from the European Court of Human Rights This important book breaks new ground and will be of great interest to academics in law and philosophy lawyers health professionals policy makers and students of medical law and ethics It is rare to find a book which so skilfully combines legal and moral analysis of a controversial medical issue Rosamund Scott has produced what is undoubtedly one of the finest pieces of medico legal writing of recent years This is a clever human and immensely readable work Alexander McCall Smith Professor of Medical Law University of Edinburgh This book concerns one of the most personally agonizing and morally complex issues in medical ethics It is a work of great philosophical sophistication combining breadth of vision with acute sensitivity to the nuances of women s experiences It will soon become the standard work in philosophical legal and political debate on maternal fetal conflicts Roger Crisp Uehiro Fellow and Tutor in Philosophy St Anne s College Oxford *The Essential Paul Ramsey* Paul Ramsey,1994-01-01 Paul Ramsey was one of the most important ethicists of the twentieth century From the publication of his classic *Basic Christian Ethics* in 1950 until his death in 1988 his writings decisively shaped moral discourse and reflection in the areas of theology law politics and medicine This collection of Ramsey s most important essays on Christian political and medical ethics displays the scope and depth of his vision highlighting both the character of his theological commitments and the continuing significance of his work for the pressing moral problems of our day Selections deal with such issues as race relations sexuality and marriage war the meaning of Christian love abortion and medical care for the sick and dying A general introduction by William Werpehowski and Stephen D Crocco evaluates Ramsey s career and accomplishments and reviews contemporary criticism of his output and legacy Shorter introductions to each selection point out crucial themes and lines of development in Ramsey s thought *Armed for Life* Jennifer Jefferis,2011-06-17 This book provides a detailed and comprehensive look at the primary players acts motivations and methods of the Army of God in their quest to make abortion illegal in the United States The Army of God may not be widely known but they are well established as an extremist Christian organization united in their belief that abortion must be stopped at all costs including the use of violence or force Who are the primary players in this underground terrorist group what acts are they responsible for and what are the motivations behind their quest to make abortion illegal in the United States *Armed for Life The Army of God and Anti Abortion Terror in the United States* addresses these questions and more drawing upon never before published interviews with members of the Army of God and their own writings to reveal the details of this grossly understudied organization and to document what its existence and expansion says about our society *Mere Morality* Lewis B. Smedes,1989-03-09 Lewis Smedes has written a penetrating study in ethics based on the five moral commandments those pertaining to honor of parents lying stealing adultery and murder Smedes examines what the commandments actually tell us to do and why and how they can be understood amid the ambiguities of everyday living **Catholicism and Historical Narrative** Kevin Schmiesing,2014-01-30 Stories about the past shape not only the way people think about history but also the way they act in

the present Nowhere is this truer than in the area of religion which has been and continues to be a powerful motivating force in the lives of billions around the globe In this volume Catholicism and Historical Narrative A Catholic Engagement with Historical Scholarship contributors explore the way stories are constructed and show how a focus on Catholic figures and concerns challenges common understandings of important historical episodes and eras Editor Kevin Schmiesing has gathered a distinguished group of scholars who in various ways call into question conventional story lines by highlighting previously neglected Catholic ideas and individuals Built on ample evidence and employing keen insight each essay is the result of cutting edge research in fields ranging from historical research on Puritan New England and the antebellum South to the history of abortion to the twentieth century papacy Students and scholars of religious history Catholic historians and anyone interested in the intersection of religion and history will all find here much to interest and maybe even surprise in the chapters arguments concerning the deficiencies of history s dominant narratives The volume s focus on the history of Catholics in the United States makes it essential reading for anyone seeking to understand the place of Catholicism in the American story

History of Catholic Theological Ethics, A Keenan, James F., SJ,2022 An introduction to Catholic theological ethics through the lens of its historical development from the beginning of the church until today **How to Arrive at a Considered Opinion** Kenneth J. Zanca,1997-05-29 This book is written for the non philosophy major taking Contemporary Moral Issues or Intro to Ethics courses It provides a method to research any complex moral issue in hundreds of print periodical and Internet research sources and gives a model of the method applied to the question of capital punishment It helps students to learn how to analyze a moral issue and teaches them valuable skills of evaluating evidence and discerning between right and wrong in cases where rights are in conflict Contents Preface Introduction Basic Concepts and Terms First Step Define the Moral Issue Second Step Study the Issue s History Third Step Ask What Do the Moral Philosophies Say Fourth Step Ask D **Bioethics and the New Embryology** Scott F. Gilbert,Anna L. Tyler,Emily Zackin,2005-06-24 This brief textbook of human development covers the events of fertilization gestation and sex determination followed by descriptions of the science of cloning stem cells and genome sequencing The chapter covering the science is juxtaposed with a chapter discussing ethical questions that arise such as when does life begin should assisted reproductive technologies be regulated and should parents be allowed to choose their child s sex Provided by publisher

Humanae Vitae, 50 Years Later Theresa Notare,2019-06-28 In the life of the Catholic Church the papal encyclical Humanae vitae represents a deepening of understanding regarding the nature of married love and the transmission of life Despite fifty years 1968 2018 since it s promulgation many Catholics have yet to discover the treasure of these rich teachings This volume therefore seeks to elucidate the encyclical s reaffirmation of the divine plan It does this in a unique way by providing essays from experts of various disciplines that include history theology science medicine law and governmental policy The occasion of the fiftieth anniversary of Humanae vitae offers a teaching moment In this compendium experts

representing a variety of disciplines including history culture theology medicine law and psychology present their reflections upon God's divine plan as described in *Humanae vitae*. The authors first presented this work in an abbreviated form at a symposium held at The Catholic University of America April 4-6 2018. Here their presentations are substantively developed and hopefully will encourage further scholarly work. Ultimately their purpose is to help the reader arrive at a more positive understanding of the teachings found in *Humanae vitae*. Although designed for the educated reader the essays presume that when the teachings of *Humanae vitae* are embraced by men and women they can contribute to the healing of the wounds of a world broken by sin but redeemed by Christ. *Bibliography of the History of Medicine*, *Catholic Moral Tradition*, Revised David Bohr, 2006-02-22

Too many Catholics tend to believe that morality is primarily about keeping laws and avoiding sin. *Catholic Moral Tradition* Revised shows how from the beginning the Christian moral life is first and foremost about living our lives according to the new law of grace. The gift of the Holy Spirit given us at baptism is a dynamic inner principle that transforms us into a new creation in Christ. This book presents an introductory summary of contemporary Catholic moral teaching based upon the renewal mandated by the Second Vatican Council. It also incorporates subsequent Church documents especially the moral encyclicals of John Paul II *Veritatis Splendor* and *Evangelium Vitae* along with his three encyclicals on Catholic social doctrine and the Catechism of the Catholic Church. *Church, Society, and the Christian Common Good* Ephraim Radner, 2017-07-14 Philip Turner's contributions as a leader and thinker in Christian missions and social ethics are here engaged by an array of friends and colleagues. Turner's scholarly and clerical career spans a key era of transition in American and world Christianity and his thinking and teaching about the intersection between ecclesial and civil life have encouraged several generations of Christian theologians and ministers. The essays in this collection touch on key topics in which Turner has been involved: cross-cultural missions, social relations in terms of family and procreation, ecclesiology, scriptural interpretation, the nature of the public good and the character of a human life before God. Turner has been a pioneer within the Anglican world especially in promoting what has been called a generous orthodoxy and these essays by prominent theologians from America and the United Kingdom extend his witness in lively and fruitful ways.

Judicial Review in an Age of Moral Pluralism Ronald C. Den Otter, 2009-08-31 This book considers how judicial review can be improved to strike the appropriate balance between legislative and judicial power. *Sex, Violence, and Early Christian Texts* Christy Cobb, Eric Vanden Eykel, 2022-10-03 Examples of sexual violence and mentions of it appear with a disturbing level of frequency in the literature of early Christianity. This collection of essays explores these occurrences in canonical and noncanonical Christian texts from the first until the fifth centuries CE. Drawing from a range of interpretive lenses, scholars of early Christianity approach these writings with the goal of identifying how their authors employ the language of sexual assault, rape, and violence in order to formulate and support various rhetorical and theological claims. Individual chapters also address how and why these episodes of sexual violence have been ignored or sometimes read in a

way that would make them less problematic As a collection Sex Violence and Early Christian Texts examines these texts carefully ethically and with an eye toward shining a light on the scourge of sexual violence that is so often manifest in both ancient and contemporary Christian communities

Ethical Theory Heimir Giersson, Margaret Holmgren, 2000-06-28 This anthology is designed for use as a brief introduction to ethical theory Included are sections on various forms of ethical theory Ethical Relativism Divine Command Theory Egoism Consequentialism Deontology Justice Virtue Ethics and Feminist Ethics Each section includes two or three of the most important and interesting contributions to the field together with brief introductions by the editors A final section Theories in Practice consists of five selections on the issues of abortion world poverty and affirmative action

Practical Decision Making in Health Care Ethics Raymond J. Devettere, 2016-05-20 For more than twenty years Practical Decision Making in Health Care Ethics has offered scholars and students a highly accessible and teachable alternative to the dominant principle based theories in the field Raymond J Devettere s approach is not based on an ethics of abstract obligations and duties but following Aristotle on how to live a fulfilled and happy life in short an ethics of personal well being grounded in prudence the virtue of ethical decision making New sections added in this revised fourth edition include sequencing whole genomes even those of newborns the new developments in genetic testing now provided by online commercial companies such as 23andMe the genetic testing of fetuses by capturing their DNA circulating in the pregnant woman s blood the Stanford Prison experiment and its relevance to the abuses at the Abu Graib prison recent breakthroughs in the diagnosis of consciousness disorders such as PVS the ongoing controversy generated by the NIH study of premature babies at many NICUs throughout the country a study known as SUPPORT that the OHRP Office of Human Research Protections an office within the department of HHS deemed unethical Devettere updates most chapters New cases include Marlise Munoz dead pregnant woman s body kept on life support by a Texas hospital Jahi McMath teenager pronounced dead in California but treated as alive in New Jersey Margot Bentley nursing home feeding a woman dying of end stage Alzheimer s despite her advance directive that said no nourishment or liquids if she was dying with dementia Brittany Maynard dying 29 year old California woman who moved to Oregon to commit suicide with a physician s help and Samantha Burton woman with two children who suffered rupture of membranes at 25 weeks and whose physician obtained a court order to keep her at the hospital to make sure she stayed on bed rest Thoughtfully updated and renewed for a new generation of readers this classic textbook will be required reading for students and scholars of philosophy and medical ethics

The Oxford Handbook of Reproductive Ethics Leslie Francis, 2017 Intimate and medicalized natural and technological reproduction poses some of the most challenging ethical dilemmas of our time This volume brings together scholars from multiple perspectives to address both traditional and novel questions about the rights and responsibilities of human reproducers their caregivers and the societies in which they live
