

Key Concepts

Morality, Minorities, and Mass Media

- Coverage of political division surrounding reproductive health is closely linked to personal perspectives on human rights, particularly those of minorities.
- Polarization of personal moralities within political bases has very real implications for people's ability to seek safe health care.

The Morality Of The Mass Media

J. Vernon Jensen

The Morality of the Mass Media W. Lawson Taitte, 1993 Lectures held at the University of Texas at Dallas on Nov 9 12 1992

Privacy II Jay Black, 2017-10-03 Concerns over privacy in America and the role of a free and responsible press have intensified in recent years The Journal of Mass Media Ethics has worked with Poynter Institute for Media Studies in an effort to focus and broaden the discussion This issue the second devoted to privacy matters features articles that the editors hope will add useful perspectives to the current discussions of privacy issues particularly those raised by new technology

Ethics and the Press John Calhoun Merrill, Ralph D. Barney, 1975

The SAGE Guide to Key Issues in Mass Media Ethics and Law William A. Babcock, William H. Freivogel, 2015-03-23 The SAGE Guide to Key Issues in Mass Media Ethics and Law is an authoritative and rigorous two volume issues based reference set that surveys varied views on many of the most contentious issues involving mass media ethics and the law Divided into six thematic sections covering information from contrasting ethical responsibility and legal rights for both speech and press newsgathering and access and privacy to libelous reporting business considerations and changing rules with social media and the Internet the information in this guide is extremely relevant to a variety of audiences This guide specifically focuses on matters that are likely to be regular front page headlines concerning topics such as technological threats to privacy sensationalism in media coverage of high profile trials cameras in the courtroom use of confidential sources national security concerns and the press digital duplication and deception rights of celebrities plagiarism and more Collectively this guide assesses key contentious issues and legal precedents noting current ethical and legal trends and likely future directions Features Six thematic sections consist of approximately a dozen chapters each written by eminent scholars and practitioners active in the field Sections open with a general Introduction by the volume editors and conclude with a wrap up Outlook section to highlight likely future trends Chapters follow a common organizational outline of a brief overview of the issue at hand historical background and precedent and presentation of various perspectives pro con mixed to the issue See also cross references guide readers to related chapters and references and further readings guide users to more in depth resources for follow up This reference guide is an excellent source for the general public students and researchers who are interested in expanding their knowledge in mass media and the ethics and law surrounding it

The Routledge Handbook of Mass Media Ethics Lee Wilkins, Clifford

G. Christians, 2020-03-13 This fully updated second edition of the popular handbook provides an exploration of thinking on media ethics bringing together the intellectual history of global mass media ethics over the past 40 years summarising existing research and setting future agenda grounded in philosophy and social science This second edition offers up to date and comprehensive coverage of media ethics including the ethics of sources social media the roots of law in ethics and documentary film The wide range of contributors include scholars and former professionals who worked as journalists public relations professionals and advertising practitioners They lay out both a good grounding from which to begin more in depth and individualized explorations and extensive bibliographies for each chapter to aid that process For students and professionals who seek to understand and do the best work possible this book will provide both insight and direction Standing apart in its comprehensive coverage The Routledge Handbook of Mass Media Ethics is required reading for scholars graduate students and researchers in media mass communication journalism ethics and related areas *Mass Media and Public Morality* Joseph M. McHugh, 1976 Mixed Media Thomas Harvey Bivins, 2004 This text introduces readers to the tools necessary for making moral and ethical decisions regarding the use of mass media The focus is on the three mass media industries most pervasive in today's society the news media journalism advertising and public relations In his exploration of ethical issues and media author Thomas Bivins guides students to understand not what the right answers are but to identify those answers that are most appropriate within the given context Identifying those to whom the answers are the most appropriate is a major concern of this book Readers will come away with a greater appreciation for the complexities of making a moral decision and will develop a personal yardstick by which to measure their decisions The chapters in this text offer insights on similarities and differences among the ethical dilemmas faced by the mass media common ground on which to evaluate media behavior media obligations professional ethics ethical theory and its application to the modern media and considerations of truth and harm This text has been developed for courses covering ethics in public relations advertising and journalism Offering valuable lessons applicable to all forms of communication Mixed Media serves as a critical starting point for understanding and developing answers to ethical questions These lessons serve not only to better students ability to make ethical decisions but also to better the media professions as they become practitioners in the mass media industry **The Handbook of Mass Media Ethics** Lee Wilkins, Clifford G. Christians, 2008-09-17 This Handbook encapsulates the intellectual history of mass media ethics over the past twenty five years Chapters serve as a summary of existing research and thinking in the field as well as setting agenda items for future research Key features include up to date and comprehensive coverage of media ethics one of the hottest topics in the media community one stop shopping for historical and current research in media ethics experienced top tier editors advisory board and contributors It will be an essential reference on media ethics theory and research for scholars graduate students and researchers in media mass communication and journalism **The SAGE Guide to Key Issues in Mass Media Ethics and Law** William A.

Babcock, William H. Freivogel, 2015-03-23 The SAGE Guide to Key Issues in Mass Media Ethics and Law is an authoritative and rigorous two volume issues based reference set that surveys varied views on many of the most contentious issues involving mass media ethics and the law Divided into six thematic sections covering information from contrasting ethical responsibly and legal rights for both speech and press newsgathering and access and privacy to libelous reporting business considerations and changing rules with social media and the Internet the information in this guide is extremely relevant to a variety of audiences This guide specifically focuses on matters that are likely to be regular front page headlines concerning topics such as technological threats to privacy sensationalism in media coverage of high profile trials cameras in the courtroom use of confidential sources national security concerns and the press digital duplication and deception rights of celebrities plagiarism and more Collectively this guide assesses key contentious issues and legal precedents noting current ethical and legal trends and likely future directions Features Six thematic sections consist of approximately a dozen chapters each written by eminent scholars and practitioners active in the field Sections open with a general Introduction by the volume editors and conclude with a wrap up Outlook section to highlight likely future trends Chapters follow a common organizational outline of a brief overview of the issue at hand historical background and precedent and presentation of various perspectives pro con mixed to the issue See also cross references guide readers to related chapters and references and further readings guide users to more in depth resources for follow up This reference guide is an excellent source for the general public students and researchers who are interested in expanding their knowledge in mass media and the ethics and law surrounding it

Morality and the Mass Media Kyle Haselden, 1975 **Media Ethics** Clifford G. Christians, Mark Fackler, Kathy Brittain Richardson, Peggy Kreshel, 2016-10-04 Media Ethics Cases and Moral Reasoning challenges readers to think analytically about ethical situations in mass communication through original case studies and commentaries about real life media experiences This text provides a comprehensive introduction to the theoretical principles of ethical philosophies facilitating ethical awareness It introduces the Potter Box with its four dimensions of moral analysis to provide a framework for exploring the steps in moral reasoning and analyzing the cases Focusing on a wide spectrum of ethical issues faced by media practitioners the cases in this Tenth Edition include the most recent issues in journalism broadcasting advertising public relations and entertainment Visit the companion website at www.mediaethicsbook.com The Moral Fool

Hans-Georg Moeller, 2009-07-15 Justice equality and righteousness these are some of our greatest moral convictions Yet in times of social conflict morals can become rigid making religious war ethnic cleansing and political purges possible Morality therefore can be viewed as pathology a rhetorical psychological and social tool that is used and abused as a weapon An expert on Eastern philosophies and social systems theory Hans Georg Moeller questions the perceived goodness of morality and those who claim morality is inherently positive Critiquing the ethical fanaticism of Western moralists such as Immanuel Kant Lawrence Kohlberg John Rawls and the utilitarians Moeller points to the absurd fundamentalisms and impracticable

prescriptions arising from definitions of good. Instead he advances a theory of moral foolishness or moral asceticism extracted from the amoral philosophers of East Asia and such thinkers as Ludwig Wittgenstein and Niklas Luhmann. The moral fool doesn't understand why ethics are necessarily good and he isn't convinced that the moral perspective is always positive. In this way he is like most people and Moeller defends this foolishness against ethical pathologies that support the death penalty, just wars and even Jerry Springer's crude moral theater. Comparing and contrasting the religious philosophies of Christianity, Daoism and Zen Buddhism, Moeller presents a persuasive argument in favor of amorality. *Ethics and the Press Readings in Mass Media Morality* Merrill J. C., Barney R. D., 1982

Ethical Issues in the Communication Process J. Vernon Jensen, 2013-11-05. A rapid and widespread growth of interest in applied ethics is occurring today not only in the United States but around the world as well. Academia both reflects this and is a leader in the movement. The field of speech communication shares in this increased sensitivity to ethical concerns. Students and the general public are looking for thoughtful analyses and guidance in all areas of communication. Ethical concerns relative to mass communication have been the subject of a number of books but only a very few cover the entire scope of communication to include interpersonal, intercultural, organizational, small groups and public speaking. This book tries to fill that need by discussing ethical concerns as they emerge in the areas of the communication process: the communicator, the message, the media, the audience and the situation. The speech communication field now has a need to digest and synthesize the existing research findings and the general literature in the field and in related humanities and social science works into a coherent and nontechnical discussion. This volume explores the most up-to-date materials to provide just such a synthesis. An extensive bibliography at the end of the book gives readers the sources on which the book is based and offers ample avenues for further personal exploration. The book should provide meaningful food for thought as readers grapple conscientiously with the many everyday decisions made in communication transactions and in evaluating the communication of others. *Good News, Bad News* Jeremy Iggers, 2018-02-12. In *Good News, Bad News* Jeremy Iggers argues that journalism's institutionalized conversation about ethics largely evades the most important issues regarding the public interest and the civic responsibilities of the press. Changes in the ownership and organization of the news media make these issues especially timely although journalism's ethics rest on the idea of journalism as a profession; the rise of market-driven journalism has undermined journalists' professional status. Ultimately, argues Iggers, journalism is impossible without a public that cares about the common life. Written in an accessible style, *Good News, Bad News* is important reading for journalists, communication scholars and students. Public dissatisfaction with the news media frequently gives rise to calls for journalists to live up to the ethical standards of their profession. But what if the fault lies in part with the standards themselves? Jeremy Iggers argues that journalism's institutionalized conversation about ethics largely evades the most important issues regarding the public interest and the civic responsibilities of the press. Changes in the ownership and organization of the news media make these issues

especially timely although journalism's ethics rest on the idea of journalism as a profession the rise of market driven journalism has undermined journalists' professional status Ultimately argues Iggers journalism is impossible without a public that cares about the common life A more meaningful approach to journalism ethics must begin with a consideration of the role of the news media in a democratic society and proceed to look for practical ways in which journalism can contribute to the vitality of public life Written in an accessible style Good News Bad News is important reading for journalists communication scholars and students *Mass Media and the Moral Imagination (Communication, Culture and Theology)* Philip J. Rossi, Paul A. Soukup, 1994-03 *Chinese Ethics in a Global Context* Karl-Heinz Pohl, Anselm Müller, 2022-04-19 How do Chinese and Western ethical traditions interact today In this collection of articles both Chinese and Western scholars carefully examine the issue one of fundamental importance for the mutual understanding between China and the West The volume is the result of the second symposium which focused on a dialogue between China and the West on questions of ethics in particular concerning their commensurability and a possible common ground The first part of the book discusses general problems of ethics in a cross cultural context followed by articles on ethical bases of Chinese and Western societies respectively Further topics range from moral traditions in the context of social transformation in China today to developments in Western societies politics education and religion The last part deals with controversial issues such as human rights vs human duties and medical ethics *The Art of Moral Protest* James M. Jasper, 2008-04-15 In *The Art of Moral Protest* James Jasper integrates diverse examples of protest from nineteenth century boycotts to recent movements into a distinctive new understanding of how social movements work Jasper highlights their creativity not only in forging new morals but in adopting courses of action and inventing organizational forms A provocative perspective on the cultural implications of political and social protest Library Journal *Media Ethics* Patrick Lee Plaisance, 2013-11-13 *Media Ethics Key Principles for Responsible Practice* makes ethics accessible and applicable to media practice and explains key ethical principles and their application in print and broadcast journalism public relations advertising marketing and digital media Unlike application oriented casebooks this text sets forth the philosophical underpinnings of key principles and explains how each should guide responsible media behavior Author Patrick Lee Plaisance synthesizes classical and contemporary ethics in an accessible way to help students ask the right questions and develop their critical reasoning skills as both media consumers and media professionals of the future The Second Edition includes new examples and case studies expanded coverage of digital media and two new chapters that distinguish the three major frameworks of media ethics and explore the discipline across new media platforms including blogs new forms of digital journalism and social networking sites

This is likewise one of the factors by obtaining the soft documents of this **The Morality Of The Mass Media** by online. You might not require more time to spend to go to the books creation as without difficulty as search for them.
