The Morgenthau Plan Soviet Influence Of American Postwar Policy

R. Bruce Craig

The Morgenthau Plan Soviet Influence Of American Postwar Policy:

The Morgenthau Plan John Dietrich, 2002 After hostilities officially ceased what drove American policy towards Germany in 1944 1949 While Soviet policies came under closer inspection Western policies have rarely been subjected to critical review This book deals with the Morgenthau Plan and its impact on American postwar planning Conventional accounts of Western postwar policies occasionally mention the Morgenthau Plan describing it as a plan developed in the Treasury Department designed to deindustrialize or *The Morgenthau Plan Second Edition, Soviet Influence on American Postwar Policy* ,2013 Contrary to what is often reported in history books the Morgenthau Plan was a major element in postwar planning led by Washington before the war was even over This book traces the roles played by Henry Morgenthau Jr Secretary of the Treasury to President Roosevelt and his assistant Harry Dexter White in the planning for the postwar world Close attention is given to the discussions leading up to the Second Quebec Conference in 1944 where Winston Churchill s acceptance of the plan was obtained It is clear that the effects of the policy were understood in advance The book follows the devastating consequences of the policies based on the plan and their contribution to the postwar collapse of the European economy Damning evidence shows that the Allies intentionally brought starvation and disease to large civilian populations while condemning millions of Germans to slave labor in neighboring countries and knowingly sending surrendered Russians to be sent back home for certain execution The motives of revisionist historians are suspect as they should be It is obvious that the conclusions that can be drawn from this account could be abused They could be used to condemn all Americans for the policies of some of their leaders They could also be used by people trying to justify the behavior of the National Socialists or by anti Semites However it should be pointed out that the American people paid an extremely high price for their Secretary of Treasury s interference in foreign affairs It should also be pointed out that one of the severest critics of Western postwar policy was the Jewish publicist Victor Gollancz This account is based primarily on unclassified information that has been available to the public for decades Although many accounts of the Morgenthau Plan accept the euphemisms understatements and outright fabrications offered by the individuals concerned this account will demonstrate that it was not impossible for a conscientious researcher to uncover a more accurate picture of the truth However most scholars have decided to accept at face value statements that on close inspection are obviously false Some of these misstatements concerning the Morgenthau Plan are understandable It is less understandable when a respected biographer like Robert E Sherwood intentionally distorts the historical record The contradictions between what really happened and what Americans believe and have been told are manifold It is ironic that Nazis who committed the most terrible crimes frequently received more humane treatment at the hands of the Allies than Germans who had opposed Nationalist Socialism It is also striking to note the evidence that key individuals had Communist leanings and it was the Soviet Union that benefited most from the Morgenthau Plan **The United States, the Soviet Union and the Geopolitical Implications of the Origins of the**

Cold War Nicolas Lewkowicz, 2018-10-30 The United States the Soviet Union and the Geopolitical Implications of the Origins of the Cold War 1945 1949 describes how the United States and the Soviet Union deployed their hard and soft power resources to create the basis for the institutionalization of the international order in the aftermath of World War Two The book argues that the origins of the Cold War should not be seen from the perspective of a magnified spectrum of conflict but should be regarded as a process by which the superpowers attempted to forge a normative framework capable of sustaining their geopolitical needs and interests in the post war scenario The United States the Soviet Union and the Geopolitical Implications of the Origins of the Cold War 1945 1949 examines how the use of ideology and the instrument of political intervention in the spheres of influence managed by the superpowers were conducive to the establishment of a stable international order It postulates that the element of conflict present in the early period of the Cold War served to demarcate the scope of manoeuvring available to each of the superpowers and studies the notion that the United States and the Soviet Union were primarily interested in establishing the conditions for the accomplishment of their vital geostrategic interests This required the implementation of social norms imposed in the respective spheres of influence a factor that provided certainty to the spectrum of interstate relations after the period of turmoil that culminated with the onset of World War Two

The Novel After Theory Judith Ryan, 2014-01-01 Novels began to incorporate literary theory in unexpected ways in the late twentieth century Through allusion parody or implicit critique theory formed an additional strand in fiction that raised questions about the nature of authorship and the practice of writing Studying this phenomenon provides fresh insight into the recent development of the novel and the persistence of modern theory beyond the period of its greatest success In this book Judith Ryan opens these questions to a range of readers drawing them into debates over the value of theory Ryan investigates what prompted fiction writers to incorporate and respond to theory nearly thirty years ago Designed for readers unfamiliar with the complexities of theory Ryan s book introduces the discipline s major trends and controversies and notes the salient ideas of a carefully selected set of individual thinkers Ryan follows novelists adaptation to and engagement with arguments drawn from theory as they translate abstract ideas into language structure and fictional strategy At the core of her book is a fascinating microstudy of French poststructuralism in its dialogue with narrative fiction Investigating theories of textuality psychology and society in the work of Don DeLillo Thomas Pynchon J M Coetzee Margaret Atwood W G Sebald and Umberto Eco as well as Monika Maron Alain Robbe Grillet Marguerite Duras Marilynne Robinson David Foster Wallace and Christa Wolf Ryan identifies subtle negotiations between author and theory and the richness this dynamic adds to texts Resetting the way we think and learn about literature her book reads current literary theory while uniquely tracing its shaping of a genre

Agent 110 Scott Jeffrey Miller, 2017-03-07 The lively and engrossing The Wall Street Journal story of how OSS spymaster Allen Dulles built an underground network determined to take down Hitler and destroy the Third Reich Agent 110 is Allen Dulles a newly minted spy from an eminent family From his townhouse in Bern Switzerland and in

clandestine meetings in restaurants back roads and lovers bedrooms Dulles met with and facilitated the plots of Germans during World War II who were trying to destroy the country's leadership Their underground network exposed Dulles to the political maneuverings of the Soviets who were already competing for domination of Germany and all of Europe in the post war period Scott Miller's absorbing and bracing *The Seattle Times* Agent 110 explains how leaders of the German Underground wanted assurances from Germany's enemies that they would treat the country humanely after the war If President Roosevelt backed the resistance they would overthrow Hitler and shorten the war But Miller shows how Dulles's negotiations fell short Eventually he was placed in charge of the CIA in the 1950s where he helped set the stage for US foreign policy With his belief that the ends justified the means Dulles had no qualms about consorting with Nazi leadership or working with resistance groups within other countries to topple governments Agent 110 is a doozy of a dossier on Allen Dulles and his early days spying during World War II Kirkus Reviews Miller skillfully weaves a double narrative of Dulles machinations and those of the German resistance Booklist to bring to life this exhilarating and pivotal period of world history of desperate renegades in a dark and dangerous world where spies idealists and traitors match wits and blows to ensure their vision of a perfect future *Winston Churchill and the Art of Leadership* William Nester, 2020-09-30 A unique biography that explores how Churchill viewed pursued and used power by the award winning author of *Napoleon and the Art of Diplomacy* Many indeed are the biographies of Winston Churchill one of the most influential figures of the twentieth century But what was that influence and how did he use it in the furtherance of his and his country's ambitions For the first time Professor William Nestor has delved into the life and actions of Churchill to examine just how skillfully he manipulated events to place him in positions of power His thirst for power stirred political controversy wherever he intruded Those who had to deal directly with him either loved or hated him His enemies condemned him for being an egoist publicity hound double dealer and Machiavellian accusations that his friends and even he himself could not deny He could only serve Britain as a statesman and a reformer because he was a wily politician who won sixteen of twenty one elections that he contested between 1899 and 1955 The House of Commons was Churchill's political temple where he exalted in the speeches and harangues on the floor and the backroom horse trading and camaraderie Most of his life he was a Cassandra warning against the threats of Communism Nazism and nuclear Armageddon With his ability to think beyond mental boxes and connect far flung dots he clearly foretold events to which virtually everyone else was oblivious Yet he was certainly not always right and was at times spectacularly wrong This is the first book that explores how Churchill understood and asserted the art of power mostly through hundreds of his own insights expressed through his speeches and writings **At First Light** Walt Larimore, Mike Yorkey, 2022-04-19 As Seen on The 700 Club Winner of The Page Turner Non Fiction Book Award The Page Turner Golden Author Award and The Page Turner Best Book Award in True Stories What makes 2nd Lieutenant Phil Larimore's story special is what happened in World War II's closing days and the people and horses he interacted with in this

Forrest Gump like tale that is emotional heartbreaking and inspiring Growing up in the 1930s in Memphis Tennessee Phil Larimore is the ultimate Boy Scout able to read maps put a compass to good use and traverse wild swamps and desolate canyons His other great skill is riding horses Phil does poorly in school however leading his parents send to him to a military academy After Pearl Harbor Phil realizes he is destined for war Three weeks before his eighteenth birthday he becomes the youngest candidate to ever graduate from Officer Candidate School OCS at Fort Benning Georgia Landing on the Anzio beachhead in February 1944 Phil is put in charge of an Ammunition Pioneer Platoon in the 3rd Infantry Division Their job deliver ammunition to the frontline foxholes a dangerous assignment involving regular forays into No Man s Land As Phil fights his way up the Italian boot into Southern France and across the Rhine River into Germany he is caught up in some of the most intense combat ever But it s what happens in the final stages of the war and his homecoming that makes Phil s story incredibly special and heartwarming An emotional tale of courage daring and heroism At First Light will remind you of the indomitable human spirit that lives in all of us Zionism Vs. the West Jonas E. Alexis,2018-04-03 A person can be brought into bondage in two different ways by force or by his own will Force is a crude way of bringing a person into submission but using the persons own free will can be done sophisticatedly and covertly Under the banner of democracy and freedom America has been under the bondage of what E Michael Jones has aptly called sexual liberation and political control for over fifty years In the first two volumes of the trilogy Alexis explored these ideological themes In this last volume he expands on some of those pernicious ideas emphasizing how Zionism for over sixty years has shaken the moral philosophical and intellectual foundation of much of Western culture The Iraq War alone will cost America at least six trillion dollars and as if to prove that America is still in bondage the oppressors continue to use sophisticated means to seduce Americans so that perpetual wars will never cease to exist in the Middle East and in much of the world This book will seek to address these and related issues and in the process tell us something about the fundamental nature of reality and how to approach this cosmic conflict which has dominated the West for over a thousand years **Gender, Sexuality, and the Cold War** Philip E.

Muehlenbeck,2021-04-30 As Marko Duman i writes in his introduction to Gender Sexuality and the Cold War despite the centrality of gender and sexuality in human relations their scholarly study has played a secondary role in the history of the Cold War It is not an exaggeration to say that few were left unaffected by Cold War gender politics even those who were in charge of producing disseminating and enforcing cultural norms were called on to live by the gender and sexuality models into which they breathed life This underscores the importance of this volume as here scholars tackle issues ranging from depictions of masculinity during the all consuming space race to the vibrant activism of Indian peasant women during this period to the policing of sexuality inside the militaries of the world Gender Sexuality and the Cold War brings together a diverse group of scholars whose combined research spans fifteen countries across five continents claiming a place as the first volume to examine how issues of gender and sexuality impacted both the domestic and foreign policies of states far beyond

the borders of the United States during the tumult of the Cold War Table of Contents Preface Introduction Hidden in Plain Sight The Histories of Gender and Sexuality during the Cold War Marko Duman i Part I Sexuality Faceless and Stateless French Occupation Policy toward Women and Children in Postwar Germany 1945 1949 Katherine Rossy Patriarchy and Segregation Policing Sexuality in US Icelandic Military Relations Valur Ingimundarson Queering Subversives in Cold War Canada Patrizia Gentile Nonreligious Activities Sex Anticommunism and Progressive Christianity in Late Cold War Brazil Benjamin A Cowan Manning the Enemy US Perspectives on International Birthrates during the Cold War Kathleen A Tobin Part II Femininities Indian Peasant Women s Activism in a Hot Cold War Elisabeth Armstrong The Medicalization of Childhood in Mexico during the Early Cold War 1945 1960 Nichole Sanders Africa s Kitchen Debate Ghanaian Domestic Space in the Age of the Cold War Jeffrey S Ahlman Mobilizing Women State Feminisms in Communist Czechoslovakia and Socialist Egypt May Hawas and Philip E Muehlenbeck A Vietnamese Woman Directs the War Story Duc Hoan 1937 2003 Karen Turner Global Feminism and Cold War Paradigms Women s International NGOs and the United Nations 1970 1985 Karen Garner Part III Masculinities Men of the World or Uniformed Boys Hegemonic Masculinity and the British Army in the Era of the Korean War Grace Huxford Yuri Gagarin and Celebrity Masculinity in Soviet Culture Erica L Fraser World War II Behind Closed Doors Laurence Rees, 2010-05-04 In this revelatory chronicle of World War II Laurence Rees documents the dramatic and secret deals that helped make the war possible and prompted some of the most crucial decisions made during the conflict Drawing on material available only since the opening of archives in Eastern Europe and Russia as well as amazing new testimony from nearly a hundred separate witnesses from the period Rees reexamines the key choices made by Stalin Churchill and Roosevelt during the war and presents in a compelling and fresh way the reasons why the people of Poland the Baltic states and other European countries simply swapped the rule of one tyrant for another Surprising incisive and endlessly intriguing World War II Behind Closed Doors will change the way we think about the Second World War

American Betrayal Diana West, 2013-05-28 Conservative columnist West uncovers how and when America gave up its core ideals and began the march toward socialism She digs into the modern political landscape dominated by President Barack Obama to ask how it is that America turned its back on its basic beliefs **Eric Warburg** Jeanette Erazo Heufelder, 2025-10-02 A comprehensive telling of the life of Eric Warburg nephew of the art historian Aby Warburg In Eric Warburg Jeanette Erazo Heufelder tells the story of the nephew of the art historian Aby Warburg whose world famous library Eric saved from the Nazis He was a Jew a banker a helper of escapees an intelligence officer in the US Army a transatlantic bridge builder and a Cold Warrior With the help of the cooperation channels he set up West German and US social groups were aligned with the West amidst the turmoil of postwar Europe The history of the transatlantic partnership has become highly topical since the Russian invasion of Ukraine on February 24 2022 it has been invoked in Europe as a key reassurance Eric Warburg s life and that of Aby Warburg s library tells the story of Europe s twentieth century the legacy of which

continues to inform and inspire the transatlantic partnership today

The German Question and the Origins of the Cold War Nicolas Lewkowicz, 2008 The book analyses the role of the German Question in the origins of the Cold War The work evaluates the transformation which occurred in Germany and the post war international order due to the inter Allied work on denazification The author analyses the Rationalist aspects of superpower interaction with particular emphasis on the legal and diplomatic framework which sustained not only the treatment of the German Question but also the general context of inter Allied relations The author also tackles the conflictual aspects of the treatment of the German Question by examining superpower interaction in relation to the enforcement of their structural interests The main argument of the book is that due to the interaction between the elements of intervention and coexistence the German Question constituted the most significant issue in the configuration of the post war international order

Treasonable Doubt R. Bruce Craig, 2004 Armed with a wealth of new information Craig examines the controversial 1948 allegations that Communist spies had penetrated the American government and explores the ambiguities that have haunted it for more than half a century

Memory and Migration Julia Creet, Andreas Kitzmann, 2014-02-24 Memory plays an integral part in how individuals and societies construct their identity While memory is usually considered in the context of a stable unchanging environment this collection of essays explores the effects of immigration forced expulsions exile banishment and war on individual and collective memory The ways in which memory affects cultural representation and historical understanding across generations is examined through case studies and theoretical approaches that underscore its mutability Memory and Migration is a truly interdisciplinary book featuring the work of leading scholars from a variety of fields across the globe The essays are collaborative successfully responding to the central theme and expanding upon the findings of individual authors A groundbreaking contribution to an emerging field of study Memory and Migration provides valuable insight into the connections between memory place and displacement

Churchill and Eden David Charlwood, 2020-11-23 This historical study sheds new light on the partnership and rivalry between two of the UK's most significant political leaders from WWII to the Cold War For more than two decades Winston Churchill and Anthony Eden worked closely together As Churchill's Deputy Prime Minister and Foreign Secretary Eden took over leadership of the nation when Churchill resigned from office But while one is revered as a great leader and national icon the other is remembered as the architect of Britain's worst foreign policy failure Churchill and Eden tells the story of the relationship between two men who led Britain through war and peace The narrative ranges from the sunny south of France to the deserts of Africa and the jungles of Vietnam covering the eras of the Second World War the decline of Britain's Empire and the coming of the Cold War Historian David Charlwood offers a new perspective on the lives and decision making of two of the most well known political figures of the Twentieth Century

Ernest Bevin Andrew Adonis, 2020-07-02 Statesman pre eminent leader and founder of the free world's then largest and most formidable trade union Ernest Bevin was one of the most rousing figures of the twentieth century Minister of Labour in

the wartime coalition during the Second World War he was Churchill's right hand man masterminding the home front while the war supreme commanded the battle front Afterwards he was Foreign Secretary at one of the most critical moments in international history responsible for keeping Stalin and communism out of Western Europe and for creating West Germany NATO and the transatlantic alliance all of which underpin European democracy and security to this day An orphan farm boy from Bristol Bevin's astonishing rise to fame and power is unmatched by any leader to this day In this discerning and wide ranging biography Andrew Adonis examines how the working class John Bull grew to a position of such authority and offers a critical reassessment of his life and influence Finally exploring Bevin's powerful legacy and lessons for our own age Adonis restores this charismatic statesman to his rightful place among the pantheon of Britain's greatest political leaders

Closing the Books Jon Elster, 2004-09-06 An analysis of transitional justice retribution and reparation after a change of political regime from Athens in the fifth century BC to the present Part I The Universe of Transitional Justice describes more than thirty transitions some of them in considerable detail others more succinctly Part II The Analytics of Transitional Justice proposes a framework for explaining the variations among the cases why after some transitions wrongdoers from the previous regime are punished severely and in other cases mildly or not at all and victims sometimes compensated generously and sometimes poorly or not at all After surveying a broad range of justifications and excuses for wrongdoings and criteria for selecting and indemnifying victims the 2004 book concludes with a discussion of three general explanatory factors economic and political constraints the retributive emotions and the play of party politics *Changing Party Coalitions* Jerry F. Hough, 2006 Exploring the causes of the unnatural red state blue state dichotomy in America Hough a professor of comparative politics ponders the likely effects of the next economic crisis and what it will take to create new party coalitions *The Intelligence Revolution* Walter Theodore Hitchcock, 1991
