

The Morning After
Wilfrid Sheed

Farrar, Straus and Giroux

From the foreword by John Leonard

"Sheed is neither a propagandist nor a comedian. He does not come around to the event, he is literary or political, with an ideological spear and a theoretical net. Not does he cater to the reader (and the event) some stupefyingly postmodern academic scheme that reads as though it had been translated from the Quichea, which is not of course a serious language. Books are not criminals to him, having stood against history or psychoanalysis or the churches of Christ, Trotsky and Robert Borker. Sheed is a humanist, with all the intelligence and generosity, humor and wisdom, the firm impulse, and nothing human fails to move him according to its own definition. . . ."

"Indeed, what's most characteristic about Sheed the reviewer is the care with which he chooses his subjects. He probes issues of literature and understands without hesitating. The skill is not imposed on every book, person and event, the skill says behind the style, the book, person or event commands our attention. Connections are thus naturally made, comparisons measured, distinctions made, grace bestowed, without the reader ever sickening at any point of age."

"Though Sheed's company is on the other side of the line, a writer, writer, friend."

 William Hazlitt, 1904 **Raising the Dead** Adam Charles Hart, 2024 George A Romero never intended to become a master
 of horror but *Night of the Living Dead* made him a legend of the genre *Raising the Dead* dives into the expansive
 extraordinary body of work found in Romero's archive going beyond his iconic zombie movies into a deep and varied
 collection of writings that never made it to the big screen From the early 1960s until his death in 2017 Romero was a hugely
 prolific writer producing scripts in every conceivable genre from arty medieval allegories to wacky comedies to grand scale
 science fiction epics Though he had difficulty funding non horror projects he continued to write in whatever mode his
 imagination dictated and he rarely abandoned his ideas Themes story ideas and even characters were re purposed for new
 scripts evolving and transforming with each new iteration and sometimes finding a home in a horror film But in order to
 accommodate ideas that began in such different contexts Romero would have to change the horror genre itself a zombie
 movie could become a savage satire of consumerism or an excoriating critique of militaristic or capitalist hierarchies The
 horror genre became what Romero made of it Based on years of archival research the book moves between unfilmed scripts
 and familiar classics showing the remarkable scope and range of Romero's interests and the full extent of his genius *Raising*
