**Rebellion in Brunei** Harun Abdul Majid, 2007-06-27 Brunei has long been associated with massive oil resources and the stability that its wealth can guarantee But little is known of the revolt of 1962 that might have changed the fortunes of the sultanate and the fate of Southeast Asia In theory Brunei is a constitutional sultanate but in practice it is an absolute monarchy Since the 1962 rebellion a state of emergency has been in force and the Sultan has ruled by decree It is a small state in a region dominated by the superpower of China and its size is a significant factor in determining the country's policy towards defence and security territorially politically and economically This is the first comprehensive history of the Brunei Rebellion which was the trigger for the Indonesia Malaysia confrontation of the 1960s and of critical importance in understanding the history of the region Harun Abdul Majid explores the turmoil throughout Southeast Asia that was the backdrop to the rebellion and analyses how Brunei not only survived but actually emerged from this turbulent period as a stronger and more coherent political state Among other issues he asks how did events affect the position of the Sultan and the people of Brunei How did the relationship with the United Kingdom evolve And what happened next The revolt of 1962 was a small armed uprising in support of a Borneo Federation consisting of Brunei Sarawak and North Borneo It opposed the Malaysian Federation which was seen as a buttress of British and Western imperial interest In a period of great tension between the West and the Communist world China viewed the rebellion as a national liberation war and it was quickly suppressed by the British Emergency Force But although the rebellion itself was short lived the consequences for the region's international relations within Asia and with the West especially given Brunei's emergence as a significant oilproducer were far reaching

**Our People's War** Jeremy Crang, 2024-10-17 An Independent Book of the Month What was the mood of the British people during the middle and later years of the Second World War How did they react to the major military and domestic events of the period What issues were uppermost in their minds What incidents caused particular public interest and controversy These are some of the insights provided by this remarkable collection of contemporary wartime documents During the Second World War Home Intelligence a unit of the Ministry of Information closely monitored British public attitudes on the home front and compiled secret reports on the state of popular

morale which were circulated around Whitehall In this volume leading historian of the period Jeremy Crang brings together selected Home Intelligence reports from June 1941 to December 1944 to offer us a fascinating real time glimpse into the mindset of the British people during these long years of struggle The reports provide a unique window into public responses to the shifting military fortunes of the war including the German invasion of the Soviet Union the Japanese attack on Pearl Harbor the British and Commonwealth victory at El Alamein the strategic bombing of Germany the defeat of Italy and the Allied landings in Normandy They also include much valuable information on the continuing stresses and strains of wartime life such as the blackout rationing fuel economy and strikes as well as the V weapon attacks of 1944 which brought back all the horrors of the Blitz Alongside this hopes and fears about the post war world come to feature strongly and Home Intelligence carefully documented attitudes to the Beveridge report as well as other aspects of reconstruction Introduced by the editor and incorporating an extensive glossary this collection is an exceptional record of popular opinion on the British home front as the tide of war gradually turned from defeat to victory It is indispensable in understanding both the unity and diversity of wartime Britain as well as the many sided experience of living through Our People s War *The Mass Observers* James Hinton, 2013-03-14 This is the first full scale history of Mass Observation the independent social research organisation which between 1937 and 1949 set out to document the attitudes opinions and every day lives of the British people Through a combination of anthropological fieldwork opinion surveys and written testimony solicited from hundreds of volunteers Mass Observation created a huge archive of popular life during a tumultuous decade which remains central to British national identity The social history of these years has been immeasurably enriched by the archive and extracts from the writings of M O s volunteers have won a wide and admiring audience Now James Hinton whose acclaimed *Nine Wartime Lives* demonstrated how the intensely personal writing of some of M O s volunteers could be used to shed light on broader historical issues has written a wonderfully vivid and evocative account which does justice not only to the two founders whose tempestuous relationship dominated the early years of Mass Observation but also to the dozens of creative and imaginative and until now largely unknown young enthusiasts whose work helped to keep the show on the road The history of the organisation itself the staff the research methods the struggle for funding M O s characteristic voice and its role in the cultural and political life of the period are themselves as interesting as any of the themes that the founders set out to document This long awaited and deeply researched history corrects and revises much of our existing knowledge of Mass Observation opens up new and important perspectives on the organisation and will be seen as the authoritative account for years to come

**Prep School Children** Vyvyen Brendon, 2009-10-13 Since the days when nine year old Tom Brown set off by stage coach to be prepared for entry to Rugby middle class British boys have been sent away to prep school Here children aged seven to thirteen have been systematically groomed for public school for gentlemanly life for military service for colonial rule and for worldly or in the case of Harry Potter wizardly success In a compelling and sometimes shocking account

Vyvyen Brendon dwells not on the adult purposes behind a peculiarly British institution but on the lives of the children More than two hundred youngsters appear in these pages describing their schooldays through memoirs letters diaries poetry fiction and interviews The impressions left happy or miserable comic or tragic were indelible The pupils responses were seldom expressed at the time for according to the ancient maxim children should be seen but not heard This book gives them a voice In doing so it reveals a neglected area in the history of childhood and casts a sharp beam of light on the national character

**KILL THE MAJOR (Second Edition)** Paul Malone, 2023-02-07 The true story of the 42 Australian New Zealand and British guerrillas and their Borneo warrior allies who fought behind Japanese lines in World War II and forced the surrender of the last two Japanese companies ten weeks after World War II's official end Over 1 000 Japanese were killed in the Semut I operation a casualty rate out of all proportion to the small size and armaments of the force But rather than revere and praise their leader after the war many of the guerrillas recounted their hatred for their British major Tom Harrisson One of those amazing stories that wars throw up Steven Carroll The Sydney Morning Herald The Age Kill the Major reveals much that will be news to the descendants of the Kelabit warriors Dr Philip Raja President Rurum Kelabit Sarawak While it is now 75 years since Special Operations Australia SOA conducted its most successful operation throughout the course of the Second World War the author has provided a refreshing review of events and he has reignited much debate over the legacy of Operation Semut Major Rtd Jim Truscott Commando The Magazine of the Australian Commando Association Malone's fascinating book reveals that the Allied guerrillas with the help of traditional headhunting local tribesmen did an outstanding job after being dropped into the Borneo jungle during the Pacific War In particular Malone builds a strong argument that the 9th Division should have accepted the guerrillas accurate intelligence and moved inland to round up the two big groups of Japanese roaming the interior Instead following the official Japanese surrender they chose to withdraw leaving the loyal locals at the mercy of the Japanese Brian Toohey National security writer and former Canberra and Washington correspondent Australian Financial Review

Borneo: The Last Campaign Michael Veitch, 2025-08-26 From bestselling author Michael Veitch Australia's Secret Army Turning Point comes the story of the brilliant yet controversial campaign which ended Australia's involvement in World War II Borneo The Last Campaign tells the story of Operation OBOE the massive three pronged assault on the vast Japanese held island of Borneo in 1945 It was one of the largest amphibious invasions of the entire war and a virtually all Australian operation Over the final twelve weeks of World War Two the 1st Australian Army Corps chased down and fought the remnants of the Japanese army over burning oil fields up languid tropical rivers along leech ridden jungle tracks and across endless hills valleys and ridges Far from being the easy mopping up the men had been told to expect Borneo turned out to be as savage as anything the Aussies had hitherto encountered in the Pacific as the Japanese despite the inevitability of their defeat continued fighting with fanaticism tenacity and shocking brutality Immensely complex but brilliantly planned OBOE called for Australia's two most famous Infantry Divisions the 7th

and 9th to storm ashore at three separate landing areas supported by US and Australian naval forces and local Dyak guerrilla fighters Their objectives were to secure Borneo's oil facilities and liberate its long suffering people Although now largely forgotten as well as mired in the controversy that it had little effect on the overall outcome of the war the skill bravery and determination showed by the average Australian soldier on Borneo many of whom were fighting their one and only battle of the war is beyond question OBOE involved more than 70 000 Australian military personnel of which over 2000 became casualties with nearly 600 killed It was also where the two final Australian Victoria Crosses of the war were won as well as literally dozens of other awards for bravery OBOE was superbly executed achieved all of its objectives and was the very last sustained Allied action of World War Two Drawing on a myriad of firsthand sources and interviews with the two last surviving veterans Borneo The Last Campaign examines the lead up to the landings and the campaign itself in never before published detail Once again Michael Veitch provides a compelling and fascinating account of a part of Australian war history that deserves to be recognised

**Death from the Skies** Dietmar Süß, 2014-02-06 The German Blitz that followed the Battle of Britain killed tens of thousands and laid waste to large areas of many British cities And although the destruction of 1940 was never repeated on the same scale fears that Hitler possessed a secret weapon of mass destruction never entirely died and were partially realized in the V1 and V2 raids of 1944-5 The British and American response to the Blitz especially from 1943 onwards was massive and incomparably more devastating with apocalyptic consequences for German cities such as Hamburg Dresden and Berlin to name but the most prominent In this ground breaking new book German historian Dietmar Süß investigates the effects of the bombing on both Britain and Nazi Germany showing how these two very different societies sought to withstand the onslaught and keep up morale amidst the material devastation and psychological trauma that was visited upon them And as he reflects in the conclusion this is not a story that is safely confined to the past the debate over the rights and the wrongs of the mass bombing of British and German cities during World War II remains a highly emotional subject even today

**Keeping Up Appearances** Catherine Horwood, 2011-06-01 The British have always been concerned about accent appearance and class but at no time during the twentieth century was keeping up appearances more important than during the 1920s and 1930s From the impecunious youth anxious to create a favourable impression at the local tennis club dance to female office workers advised by the Daily Mail that women in business kept their position partly if not chiefly by appearance we peer into the intimate lives and anxieties of the middle classes as they dressed to impress Choices were influenced as much by the advent of mass production economic stringency snobbery and the influence of America as by personal aesthetics Seemingly insignificant items such as ties braces gloves and hats could convey a lack of breeding if worn incorrectly This engagingly written and illustrated book explores the social

mores behind one of society's most popular activities and reveals not only how we dressed but why **All Elevations**

**Unknown** Sam Lightner Jr., 2002-07-09 Sam Lightner Jr combines two tales of adventure one historic and the other modern day in his page turner With its rich sense of place and history All Elevations Unknown offers a surprisingly fresh twist to an adventure climbing tale Climbing Magazine In the spring of 1999 armed with little more than a description from a book and a map labeled all elevations unknown Sam Lightner and his German rock climbing buddy Volker found themselves deep in the jungles of Borneo on a mission to climb a mountain that was only rumored to exist What little they knew about the mountain they had learned from the memoirs of Major Tom Harrisson a British World War II soldier who in 1945 had been assigned the near impossible mission of parachuting blindly into the thick Borneo rainforest where the natives had a grisly habit of cutting off heads to try to reclaim the island for the Allies A captivating utterly original combination of travel adventure memoir and historical re creation All Elevations Unknown charts Lightner's exhilarating and at times harrowing quest to ascend the mountain Batu Lawi in the face of leeches vipers and sweat bees and to keep his team together in one of the earth's most treacherous uncharted pockets Along the way he reconstructs a fascinating historical narrative that chronicles Tom Harrisson's adventures there during the war and illuminates an astonishing piece of forgotten World War II history Rife with suspense and vivid detail the two intertwining tales open up the island of Borneo its people and its history in a powerful unforgettable way taking adventure writing to new heights

**Bomber Boys on Screen** S. P. MacKenzie, 2019-08-08 Since the Second World War depictions of Royal Air Force operations in film and television drama have become so numerous that they make up a genre worthy of scholarly attention In this illuminating study S P MacKenzie explores the different ways in which the men of RAF Bomber Command have been represented in dramatic form on the big and small screen from the war years to the present day Bomber Boys on Screen is the first in depth study of how and why the screen drama image of those who flew those who directed them and those who provided support for RAF bomber operations has changed over time sometimes in contested circumstances Until now dramas that focus on Bomber Command have tended to be mentioned only in passing or studied in isolation despite the prevalence of surveys of both the British war film genre and of aviation cinema In Bomber Boys on Screen MacKenzie examines the development presentation and reception of significant dramas on a decade by decade basis Titles from the beginning of the war The Lion Has Wings 1939 to the start of new century Bomber's Moon 2014 are situated in the context of technical possibilities and limitations evolving social and cultural norms in the United Kingdom and elsewhere and the development of moral and utilitarian controversies surrounding the wartime bomber offensive directed against Nazi Germany While the focus is on feature films and television plays reference is also made to documentaries memorials veterans organizations book titles war comics and other representations of the war fought by Bomber Command

**The Spirit of the Blitz** Paul Addison, Jeremy A. Crang, 2020-08-06 During the Blitz the morale of the British people was clandestinely monitored by Home Intelligence a unit of the Ministry of Information that kept watch on the

behaviour and opinions of the public and eavesdropped on their conversations Drawing on a wide range of intelligence sources from every region of the United Kingdom a small team of officials based at the Senate House of the University of London compiled secret reports on the state of popular morale as the Luftwaffe attacked Britain's major towns and cities between September 1940 and May 1941 Edited and introduced by two leading historians of the period who tell the inside story of Home Intelligence and why it proved so controversial in Whitehall the complete and unabridged sequence of reports provide us with a unique and extraordinary window into the mindset of the British during a momentous period in their history Not only do they include in depth reports on the effects of the bombing including special reports on Coventry Clydebank Hull Barrow in Furness Plymouth Merseyside and Portsmouth but also insights into almost every aspect of everyday life in Britain as well as the response of the public to the shifting military fortunes of the war Reading like the collective diary of a nation the reports strip away the nostalgia that has grown up around the period reminding us instead of the sufferings and sacrifices the many frustrations and difficulties of daily life the administrative bungling the grumbling and petty jealousies and the determination of the overwhelming majority to put up with it all for the sake of beating Hitler Making Heritage in

Malaysia Sharmani Patricia Gabriel, 2020-02-26 This book offers a scholarly perspective on heritage as a discourse concept and lived experience in Malaysia It argues that heritage is not a received narrative but a construct in the making Starting with alternative ways of museumising heritage the book then addresses a broad range of issues involving multicultural and folklore heritage the small town nostalgia and the environment and transnationalism and cosmopolitanism In so doing it delivers an intervention in received ways of talking about and doing heritage in academic as well as state and public discourse in Malaysia which are largely dominated by perspectives that do not sufficiently engage with the cultural complexities and sociopolitical implications of heritage The book also critically explores the politics and dynamics of heritage production in Malaysia to contest Malaysian heritage as a stable narrative exploring both its cogency and contingency and builds on a deep engagement with a non western society in the service of provincialising critical heritage studies with the broader goal of contributing to Malaysian studies **Borneo Studies in History, Society and Culture** Victor T.

King, Zawawi Ibrahim, Noor Hasharina Hassan, 2016-08-12 This edited book is the first major review of what has been achieved in Borneo Studies to date Chapters in this book situate research on Borneo within the general disciplinary fields of the social sciences with the weight of attention devoted to anthropological research and related fields such as development studies gender studies environmental studies social policy studies and cultural studies Some of the chapters in this book are extended versions of presentations at the Borneo Research Council's international conference hosted by Universiti Brunei Darussalam in June 2012 and a Borneo Studies workshop organised in Brunei in 2012 The volume examines some of the major debates and controversies in Borneo Studies including those which have served to connect post war research on Borneo to wider scholarship It also assesses some of the more recent contributions and interests of locally based researchers

in universities and other institutions in Borneo itself The major strength of the book is the inclusion of a substantial amount of research undertaken by scholars working and teaching within the Southeast Asian region In particular there is an examination of research materials published in the vernacular notably the outpouring of work published in Indonesian by the Institut Dayakologi in Pontianak In doing so the book also addresses the urgent matters which have not received the attention they deserve specifically subjects themes and issues that have already been covered but require further contemplation elaboration and research and the scope for disciplinary and multidisciplinary collaboration in Borneo Studies The book is a valuable resource and reference work for students and researchers interested in social science scholarship on Borneo and for those with wider interests in Indonesia and Malaysia and in the Southeast Asian region *Malaysia, Singapore and Brunei* Charles de Ledesma, Mark Lewis, Pauline Savage, Rough Guides (Firm), 2003 This fourth edition offers informed analysis of current environmental cultural political and ethnic matters as well as complete traveller s information on routes accommodation national parks rain forests and beaches **Special Force** Alastair MacKenzie, 2011-10-30 The exploits of the British Army s elite 22nd Special Air Service Regiment the regiment of the SAS that forms part of the Regular army are shrouded in mystery and myths abound about its members But what is the truth behind the public facade of clinical professionalism How has such a small regiment attracted so many weighty legends And what is the purpose of the SAS in the 21st century Special Force provides an original and unusually critical overview of the activities of the SAS from the Malayan Emergency of 1950 to the present day In the context of a detailed and often controversial analysis of the post war activities of the Regiment MacKenzie establishes that the Regiment s almost legendary professional competence is often not backed up by reality Far from being part of a structured deployment of strategic military assets MacKenzie argues that the use of the SAS in recent years has been primarily driven by the entrepreneurial actions of a few SAS commanding officers Special Force not only offers a revelatory history of the SAS in the modern period it is also a disturbing expose of the truth behind the myth It will be essential reading for anyone with an interest in the British military past present and future
