The Hungry Ocean A Swordboat Captains Journey:

The Hungry Ocean Linda Greenlaw,1999 Greenlaw tells her own riveting story of a 30 day swordfishing voyage complete with danger humor and characters so colorful they could have been ripped from the pages of Moby Dick Copyright Libri GmbH All rights reserved **The Hungry Ocean** Linda Greenlaw,1999-06-01 *Hungry Ocean* Linda Greenlaw,2000 The world s only female swordfishing captain offers a tale of a thirty day voyage that must endure every hardship known to mariners **The Hungry Ocean** Linda Greenlaw,1999 The female captain of a swordfishing vessel chronicles the experience of a month long fishing voyage The Hungry Ocean Linda Greenlaw,2001-08-01 The term fisherwoman does not exactly roll trippingly off the tongue and Linda Greenlaw the world s only female swordfish boat captain isn t flattered when people insist on calling her one I am a woman I am a fisherman I am not a fisherwoman fisherlady or fishergirl If anything else I am a thirty seven year old tomboy It s a word I have never outgrown Greenlaw also happens to be one of the most successful fishermen in the Grand Banks commercial fleet though until the publication of Sebastian Junger s *The Perfect Storm* nobody cared Greenlaw s boat the *Hannah Boden* was the sister ship to the doomed *Andrea Gail* which disappeared in the mother of all storms in 1991 and became the focus of Junger s book *The Hungry Ocean* Greenlaw s account of a monthlong swordfishing trip over 1 000 nautical miles out to sea tells the story of what happens when things go right proving in the process that every successful voyage is a study in narrowly averted disaster There is the weather the constant danger of mechanical failure the perils of controlling five sleep women and booze deprived young fishermen in close quarters not to mention the threat of a bad fishing run If we don t catch fish we don t get paid period In short there is no labor union Greenlaw s straightforward uncluttered prose underscores the qualities that make her a good captain regardless of gender fairness physical and mental endurance obsessive attention to detail But ultimately Greenlaw proves that the love of fishing in all of its grueling isolating suspenseful glory is a matter of the heart and blood not the mind I knew that the ocean had stories to tell me all I needed to do was listen Svenja Soldovieri **The Sailor's Bookshelf** James Stavridis,2021-12-15 Admiral Stavridis a leader in military international affairs and national security circles shares his love of the sea and some of the sources of that affection *The Sailor s Bookshelf* offers synopses of fifty books that illustrate the history importance lore and lifestyle of the oceans and of those who go down to the sea in ships Stavridis colors those descriptions with glimpses of his own service sea stories in popular parlance that not only clarify his choices but show why he is held in such high esteem among his fellow sailors Divided into four main categories *The Oceans Explorers Sailors in Fiction* and *Sailors in Non Fiction* Admiral Stavridis choices will appeal to old salts and to those who have never known the sights of the ever changing seascape nor breathed the tonic of an ocean breeze The result is a navigational aid that guides readers through the realm of sea literature covering a spectrum of topics that range from science to aesthetics from history to modernity from solo sailing to great battles Among these eclectic choices are guides to shiphandling and navigation classic

fiction that pits man against the sea ecological and strategic challenges celebrations of great achievements and the lessons that come with failure economic competition and its stepbrother combat explorations of the deep and poetry that beats with the pulse of the wave Some of the included titles are familiar to many while others are likely less well known but are welcome additions to this encompassing collection Admiral Stavridis has chosen some books that are relatively recent and he recommends other works which have been around much longer and deserve recognition

Ahab's Rolling Sea Richard J.

King, 2019-11-11 In this invigorating study a maritime historian delves into the environmental and scientific concerns beneath the surface of Melville's epic tale *Nature*. One of the most profound and enduring works of American fiction, Herman Melville's *Moby Dick* is also a landmark of nature writing. In conversation with the works of Emerson and Thoreau, this epic of the sea draws on Melville's own travels to the Pacific. The author spent more than three years at sea before writing his masterpiece in 1851. *Ahab's Rolling Sea* is a chronological journey through the natural history of Melville's novel. From white whales to whale intelligence, giant squids, barnacles, albatross, and sharks, Richard J. King examines what Melville knew from his own experiences and the sources available to a reader in the mid-1800s, exploring how and why Melville might have twisted what was known to serve his fiction. King then climbs to the crow's nest, setting Melville in the context of the American perception of the ocean in 1851, at the very start of the Industrial Revolution and just before the publication of *On the Origin of Species*. King compares Ahab's and Ishmael's worldviews to how we see the ocean today: an expanse still immortal and sublime but also in crisis. Featuring a coffer of illustrations and an array of interviews with contemporary scientists, fishers, and whale watch operators, *Ahab's Rolling Sea* offers new insight into a cherished masterwork, its adventurous author, and our own evolving relationship with the briny deep.
