The Missing Man Politics And The Mia:

The Missing Man Douglas Lane Clarke, 1979 **The Missing Man** Douglas L. Clarke, 1979 The thesis of this study is that the development of the MIA issue has been and continues to be inimical to the best interests of the United States the missing men and their families It is clear that the Government has a responsibility to both the men and their families Combat personnel should be assured that their families will not be placed in a limbo status for years should their death be undocumented In the Vietnam war the U S Government prolonged the grief of the MIA family while substantially increasing the benefits paid to the MIA wife compared to the widow These inequities do not cancel each other out nor is either one justified The matter of the missing men is an issue over which this government has little control and as such reduces American flexibility in dealing with Vietnam Also by creating expectations and demands that could never be met the United States has caused a bitterness toward the government by a small but significant number of American citizens Finally in the course of attempting to resolve this issue a U S President promised an economic commitment that he knew could not be met This action unnecessarily complicated future American Vietnamese relationships while reducing the stature of the Presidency and the credibility of American promises **The Missing Man** Douglas L. Clarke, 2002-12-01 The matter of American servicemen missing in action MIA in Southeast Asia is a poignant and tragic issue resulting from the United States involvement in the Vietnam War The problem of an adequate MIA accounting remains a principal point of contention between this country and the Socialist Republic of Vietnam as well as a discordant issue separating the United States Government and a small but determined group of its citizens some of the MIA families One of the goals of the National Defense University is to provide an opportunity for our students and faculty to contribute to the public dialogue on a broad range of national security issues Captain Clarke prepared this carefully researched study while a resident student at The National War College during the 1977-78 academic year and we are pleased to make it available through publication for a wider audience The author describes the process of determination of MIA status the political and psychological considerations that impacted on that process and the development of the MIA question as an example of the intersection of domestic and international considerations impacting on policy He discusses the manner in which the Vietnamese have attempted to employ this contentious issue for their own purposes and analyzes the differing approaches taken by Presidents Nixon Ford and Carter toward resolving the problem By explaining how this painful impasse evolved Captain Clarke's study not only contributes to public understanding of a sensitive and complex issue but also assists future policymakers in avoiding a repetition of this or similar predicaments R G Gard Jr Lieutenant General United States Army President National Defense University What Remains Sarah E. Wagner, 2019-11-05 Nearly 1 600 Americans who took part in the Vietnam War are still missing and presumed dead Sarah Wagner tells the stories of those who mourn and continue to search for them Today's forensic science can identify remains from mere traces raising expectations for repatriation and forcing a new reckoning with the toll of

America's most fraught war POW/MIA'S: April 10, May 7, and June 5, 1979 United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Asian and Pacific Affairs, 1979 **Air University Review**, 1978 *Voices from Captivity* Robert C. Doyle, 1994 Doyle shows that though setting and circumstances may change POW stories share a common structure and are driven by similar themes Capture incarceration isolation propaganda torture capitulation or resistance death spiritual quest escape liberation and repatriation are recurrent key motifs in these narratives **POW/MIA's, U.S. Policies and Procedures** United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Asian and Pacific Affairs, 1979 *US Defense Politics* Harvey M. Sapolsky, Eugene Gholz, Caitlin Talmadge, 2020-12-30 This book provides an accessible overview of US defense politics for upper level students This new edition has been updated and revised with new material on the Trump Administration and Space Force Analyzing the ways in which the United States prepares for war the authors demonstrate how political and organizational interests determine US defense policy and warn against over emphasis on planning centralization and technocracy Focusing on the process of defense policy making rather than just the outcomes of that process US Defense Politics departs from the traditional style of many textbooks Designed to help students understand the practical side of American national security policy the book examines the following key themes US grand strategy the roles of the president and the Congress in controlling the military organizational interests and civil military relations who joins America's military what happens to veterans after wars how and why weapons are bought the management of defense and intra and inter service relations public attitudes toward the military homeland security and the intelligence community The fourth edition will be essential reading for students of US defense politics national security policy and homeland security and highly recommended for students of US foreign policy public policy and public administration

Where They Lay Earl Swift, 2015-03-24 PEN Martha Albrand Award Finalist The suspenseful poignant true story of the search for an American military pilot's remains in Southeast Asia James Bradley author of *Flags of Our Fathers* *Where They Lay* is both an account of an elite military team's high tech high risk search for a Vietnam War pilot's remains and a moving retelling of his intense final hours In far flung rain forests and its futuristic lab near Pearl Harbor the Central Identification Laboratory CILHI strives to recover and identify the bodies of fighting men who never came home from America's wars Its mission combines old fashioned bushwhacking and detective work with the latest in forensic technology Earl Swift accompanies a CILHI team into the Laotian jungle on a search for the remains of Maj Jack Barker and his three man crew whose chopper went down in a fireball more than thirty years ago He interweaves the story of the recovery team's work with a tense account of Barker's fatal attempt to rescue trapped soldiers during the largest helicopter assault in history The first reporter ever allowed to follow a recovery mission as these archaeological digs are called in its entirety Swift got his hands dirty combing the jungle floor for clues amid vipers monsoons and unexploded bombs In this hands on thought provoking account he reveals the dedication not only of the fallen servicemen but of the scientists who search for them and explores

questions about the cost of these missions and the corruption among native officials that may compromise them Minneapolis Star Tribune Informative He interweaves accounts of a generation s worth of site sifting involving everything from the most basic shovel work to satellite relaying of computer data with the whole history of the remains recovery project He also paints a vivid portrait of deeply impoverished Laos the sometimes helpful Laotians and the military professionals and technical specialists who make up the search teams Publishers Weekly An unusual tale of war and remembrance Kirkus Reviews

National Security Affairs ,1983 **The Remains of War** Thomas M. Hawley,2005-07-13 An exploration of how US efforts to sacralize and repatriate the remains of some 2 000 soldiers killed in action in the Vietnam War might indicate some lingering corporeal and ontological uncertainties in the post Vietnam era **POW/MIA's** United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Asian and Pacific Affairs,1980 **Traumatic Defeat** Patrick Gallagher,2018-05-08 War breeds myths especially those made up by the vanquished to explain or soften their loss Occasionally the myths of the defeated center on prisoners of war POWs and those missing in action MIAs to justify the lost struggle mute national guilt and sometimes even reject the reality of defeat itself Traumatic Defeat takes a close comparative look at two cases of this kind of mythmaking in West Germany in the wake of World War II and in the United States after the Vietnam War The book examines a specific case of mythmaking that revolves around the ambiguity of missing men and the trauma resulting from their unresolved fates The secret camp myth so called for the covert facilities where the missing supposedly survive shared certain features in postwar Germany and America Both nations suffered extreme trauma and struggled to find redemptive elements in their wartime experiences both focused on POWs and MIAs to minimize their guilt and recast themselves as victims of wars they had started Author Patrick Gallagher examines the similarities between West Germany s myth aimed at men lost in the Soviet Union and America s myth directed at those missing in Southeast Asia The differences however are instructive particularly the longevity of the American myth involving a few thousand soldiers compared with the relative short life of the more plausible German version involving millions In search of the nature and meaning of these myths Gallagher takes us into the wars themselves the circumstances in which soldiers went missing and the manner in which each nation framed its losses according to its own political ideological and historical needs Traumatic Defeat the first in depth comparative study of this phenomenon reveals how myths conjured in the trauma of military defeat can distort and dominate national conversations on the history of warfare aftermath and loss *Research Abstracts* National Defense University,National Defense University. Library,1984 **Monthly Catalog of United States Government Publications** ,1979 **Research Abstracts** National Defense University. Library,1984 **Monthly Catalogue, United States Public Documents** ,1979 **Making Sense of the Vietnam Wars** Mark Philip Bradley,Marilyn B. Young,2008-04-30 Making sense of the wars for Vietnam has had a long history The question why Vietnam dominated American and Vietnamese political life for much of the length of the wars and has continued to be asked in the decades since

they ended This volume brings together the work of eleven scholars to examine the conceptual and methodological shifts that have marked the contested terrain of Vietnam War scholarship Editors Marilyn Young and Mark Bradley s superb group of renowned contributors spans the generations including those who were active during wartime along with scholars conducting research in Vietnamese sources and uncovering new sources in the United States former Soviet Union China and Eastern and Western Europe Ranging in format from top down reconsiderations of critical decision making moments in Washington Hanoi and Saigon to microhistories of the war that explore its meanings from the bottom up these essays comprise the most up to date collection of scholarship on the controversial historiography of the Vietnam Wars

Mass Culture and Everyday Life Peter Gibian, 2014-02-04 Mass Culture and Everyday Life is a collection of lively work from the small but seminal journal Tabloid The book offers a clarification of the study of mass culture as it transforms daily life providing a detailed survey of a wide range of the mass culture phenomena that have defined our everyday lives in recent years from Hillary s hairdo to tampons exercise fads and fashion trends from soaps to opera to rythmn and blues from horror movies to the interrelation of cats pigs and mothers in Babe This volume includes ground breaking essays on the boom of talk radio and talk TV shopping as cinematic spectacle and how everyday life in the university community has become a key battleground in America s culture wars The direct accessible and refreshingly personal work speak not only to an academic audience but to a wide general readership
