The Mississippi Chinese Between Black And White:

The Mississippi Chinese James W. Loewen, 1988-01-01 This scholarly carefully researched book studies one of the most overlooked minority groups in America the Chinese of the Mississippi Delta During Reconstruction white plantation owners imported Chinese sharecroppers in the hope of replacing their black laborers In the beginning they were classed with blacks But the Chinese soon moved into the towns and became almost without exception owners of small groceries Loewen details their astounding transition from black to essentially white status with an insight seldom found in studies of race relationships in the Deep South

The Mississippi Chinese James W. Loewen, 1988-01-01 Provides a history of Chinese Americans living in the Mississippi Delta region

Constructing Borders/Crossing Boundaries Caroline Brettell, 2008-01-01 The essays in this volume tackle the construction and significance of race and ethnicity as boundary making processes among diverse immigrant populations in the United States Race and ethnicity can both unite and divide The individual scholars contributing to this volume model deploy and explain notions of borders and boundaries in various ways but collectively they emphasize the fluidity of racial and ethnic identities that are shaped negotiated and contested in specific contexts and situations *Constructing Borders Crossing Boundaries* also captures the range of spaces in which ethnicity and race become salient the university the immigrant enclave the detention center the work place the nightclub and even the trans Atlantic passage This interdisciplinary work features essays on a diverse range of immigrant populations from past to present and will interest scholars from across disciplines

Race in Mind Paul Spickard, 2015-11-19 These essays analyze how race affects people's lives and relationships in all settings from the United States to Great Britain and from Hawai'i to Chinese Central Asia They contemplate the racial positions in various societies of people called Black and people called White of Asians and Pacific Islanders and especially of those people whose racial ancestries and identifications are multiple Here for the first time are Spickard's trenchant analyses of the creation of race in the South Pacific of DNA testing for racial ancestry and of the meaning of multiplicity in the age of Barack Obama

Invisibility in African American and

Asian American Literature Klara Szmańko, 2008-09-22 The book is a comparative study of the invisibility trope in African American and Asian American literature It distinguishes between various kinds of invisibility and offers a genealogy of the term while providing a theoretical dissection of the invisibility trope itself Investigating the various ways of striving for visibility the author places special emphasis on the need for cooperation among various racial groups While the book explores invisibility in a variety of African American and Asian American literary texts the main focus is on four novels Ralph Ellison's *Invisible Man* Sam Greenlee's *The Spook Who Sat by the Door* Maxine Hong Kingston's *Tripmaster Monkey* and Chang-rae Lee's *Native Speaker* The book not only sheds light on the oppressed but also exposes the structures of oppression and the apparatus of power which often renders itself invisible Throughout the study the author emphasizes that power is multi-directional never flowing only in one direction The book brings to light mechanisms of oppression within the dominant society as well as within and between marginalized racial groups

Between Race and Ethnicity Marilyn Halter, 2022-10-17 Arriving in New England first as crew members of whaling vessels Afro-Portuguese immigrants from Cape Verde later came as permanent settlers and took work in the cranberry industry on the docks and as domestic workers Marilyn Halter combines oral history with analyses of ships records to chart the history and adaptation patterns of the Cape Verdean Americans Though identifying themselves in ethnic terms Cape Verdeans found that their African-European ancestry led their new society to view them as a racial group Halter emphasizes racial and ethnic identity formation to show how Cape Verdeans set themselves apart from the African Americans while attempting to shrug off white society's exclusionary tactics She also contrasts rural life on the bogs of Cape Cod with New Bedford's urban community to reveal the ways immigrants established their own social and religious groups as they strove to maintain their Crioulo customs

Chinese in the Post-Civil War South Lucy M. Cohen, 1999-03-01 In much of the United States immigrants from China banded together in self-enclosed communities Chinatowns in which they retained their language culture and social organization In the South however the

Chinese began to merge into the surrounding communities within a single generation s time quickly disappearing from historical accounts and becoming as they themselves phrased it a mixed nation Lucy M Cohen s *Chinese in the Post Civil War South* traces the experience of the Chinese who came to the South during Reconstruction Many of them were recruited by planters eager to fill the labor vacuum created by emancipation with coolie labor The Planters aims were obstructed in part by the federal government s determination not to allow the South the opportunity to create a new form of slavery Some Chinese did however enter into labor contracts with planters agreements that the planters often altered without consultation or negotiation with the workers With the Chinese intent upon the inviolability of their contracts the arrangements with the planters soon broke down At the end of their employment on the plantations some of the immigrants returned to China or departed for other areas of the United States Still others however chose to remain near where they had been employed Living in cultural isolation rather than in the China towns in major cities the immigrants soon no longer used their original language to communicate within the home they adopted new surnames so that even among brothers and sisters variations of names existed they formed no associations or guilds specific to their heritage and they intermarried so that a few generations later their physical features were no longer readily observable in their descendants Based on extensive research in documents and family correspondence as well as interviews with descendants of the immigrants this study by Lucy Cohen is the first history of the Chinese in the Reconstruction South their rejection of the role that planter society had envisioned for them and their quick adaptation into a less rigid segment of rural southern society *Chinese America: History and Perspectives* 2003 ,2003

Sundown Towns James W. Loewen,2018-07-17 Powerful and important an instant classic The Washington Post Book World The award winning look at an ugly aspect of American racism by the bestselling author of *Lies My Teacher Told Me* reissued with a new preface by the author In this groundbreaking work sociologist James W Loewen author of the classic bestseller *Lies My Teacher Told Me* brings to light decades of hidden racial exclusion in America In a provocative sweeping analysis of American residential patterns Loewen uncovers the thousands of sundown towns almost exclusively white towns where it was an unspoken rule that blacks weren t welcome that cropped up throughout the twentieth century most of them located outside of the South Written with Loewen s trademark honesty and thoroughness *Sundown Towns* won the Gustavus Myers Outstanding Book Award received starred reviews in *Publishers Weekly* and *Booklist* and launched a nationwide online effort to track down and catalog sundown towns across America In a new preface Loewen puts this history in the context of current controversies around white supremacy and the Black Lives Matter movement He revisits sundown towns and finds the number way down but with notable exceptions in exclusive all white suburbs such as Kenilworth Illinois which as of 2010 had not a single black household And although many former sundown towns are now integrated they often face second generation sundown town issues such as in Ferguson Missouri a former sundown town that is now majority black but with a majority white police force

Diaspora and Class Consciousness

Shanshan Lan, 2012 This project adopts an interracial framework in studying the convergence and divergence of minority experiences in a highly racialized urban setting treating the Chinese immigrant experience as a pivot through which to examine the complex process of the multiracial transformation of white majority neighborhoods But it also goes beyond the hegemonic black white binary in studying race relations in the United States exploring the interconnectedness among different minority experiences and aiming to bridge the gap between a U S centered view of race and a transnational perspective generated by recent scholarship on migration and transnationalism **Release a Man for Combat** Michaela Hampf, 2010 Die etwa 150 000 Frauen die im Zweiten Weltkrieg im Women s Army Corps Dienst taten waren die ersten regulären Soldatinnen der US Armee Um männliche Soldaten für den Kampf freizusetzen arbeiteten sie auch in traditionellen Männerbereichen etwa als Mechanikerinnen oder Pilotinnen in den USA Afrika Europa und Südostasien Die Autorin geht den Erfahrungen dieser Frauen nach den militärischen und zivilen Diskursen über Soldatinnen im Militär und dem Umgang der Armee mit soldatischer Weiblichkeit und weiblicher Sexualität Anhand von Regierungsdokumenten Kriegsgerichtsprozessen aber auch Selbstzeugnissen Gedichten und Songs zeigt M Michaela Hampf wie umkämpft die Konstruktion der Soldatin im Amerika der vierziger Jahre war und bis heute ist *The Chinatown Trunk Mystery* Mary Ting Li Lui, Mary Ting Yi Lui, 2005 Publisher description The New Encyclopedia of Southern Culture Thomas Cleveland Holt, Laurie B. Green, Charles Reagan Wilson, 2013-06-03 There is no denying that race is a critical issue in understanding the South However this concluding volume of The New Encyclopedia of Southern Culture challenges previous understandings revealing the region s rich ever expanding diversity and providing new explorations of race relations In 36 thematic and 29 topical essays contributors examine such subjects as the Tuskegee Syphilis Study Japanese American incarceration in the South relations between African Americans and Native Americans Chinese men adopting Mexican identities Latino religious practices and Vietnamese life in the region Together the essays paint a nuanced portrait of how concepts of race in the South have influenced its history art politics and culture beyond the familiar binary of black and white The Sum of Our Parts Teresa Williams-León, Cynthia L. Nakashima, 2001 Largely as a result of multiracial activism the U S Census for 2000 offers people the unprecedented opportunity to officially identify themselves with more than one racial group Among Asian heritage people in this country and elsewhere racial and ethnic mixing has a long but unacknowledged history According to the last U S Census nearly one third of all interracial marriages included an Asian descent spouse and intermarriage rates are accelerating This unique collection of essays focuses on the construction of identity among people Asian descent who claim multiple heritages In the U S discussions of race generally center on matters of black and white Asian Americans usually figure in conversations about race as an undifferentiated ethnic group or as exotic Eurasians The contributors to this book disrupt the standard discussions by considering people of mixed Asian ethnicities They also pay particular attention to non white multiracial identities to decenter whiteness and reflect the experience of individuals or communities who are

considered a minority within a minority With an entire section devoted to the Asian diaspora The Sum of Our Parts suggests that questions of multiracial and multiethnic identity are surfacing around the globe This timely and provocative collection articulates them for social scientists and students *A New History of Mississippi* Dennis J. Mitchell, 2014-05-27 Creating the first comprehensive narrative of Mississippi since the bicentennial history was published in 1976 Dennis J Mitchell recounts the vibrant and turbulent history of a Deep South state The author has condensed the massive scholarship produced since that time into an appealing narrative which incorporates people missing from many previous histories including American Indians women African Americans and a diversity of other minority groups This is the story of a place and its people history makers and ordinary citizens alike Mississippi s rich flora and fauna are also central to the story which follows both natural and man made destruction and the major efforts to restore and defend rare untouched areas Hernando De Soto Sieur d Iberville Ferdinand Claiborne Thomas Hinds Aaron Burr Greenwood LeFlore Joseph Davis Nathan Bedford Forrest James D Lynch James K Vardaman Mary Grace Quackenbos Ida B Wells William Alexander Percy William Faulkner Eudora Welty Muddy Waters B B King Elvis Presley John Grisham Jack Reed William F Winter Jim Barksdale Richard Howarth Christopher Epps and too many more to list this book covers a vast and rich legacy From the rise and fall of American Indian culture to the advent of Mississippi s world renowned literary artistic and scientific contributions Mitchell vividly brings to life the individuals and institutions that have created a fascinating and diverse state **Invisible Subjects** Heidi Kim, 2016 Invisible Subjects Asian America in Postwar Literature broadens the archive of Asian American studies using advances in Asian American history and historiography to reinterpret the politics of the major figures of post World War II American literature and criticism
