Life in a Medieval Monastery Sherri Olson, 2013-08-12 A study of life inside medieval monasteries that explores monastic spirituality daily routines contact with the outside world and the historical impact of these foundational institutions on the Western world How did the Western monastic tradition begin What was monastic life typically like for a monk or nun How was the institution of the monastery formative to Western culture from antiquity through the Middle Ages This book covers the entire span of monastic history in the late ancient and medieval periods and provides an in depth look at several monasteries across Europe Each chapter introduces the reader to the surviving evidence for the houses studied such as its monastic rules plans records of visitation chronicles and biographical accounts and aims to give an insider view not only of monks and nuns daily activities but what these dedicated individuals values ambitions and aspirations might have been

Life Inside the Cloister Thomas Coomans, 2018-05-17 Sacred architecture as reality and metaphor in secularised Western society Christian monasteries and convents built throughout Europe for the best part of 1 500 years are now at a crossroads This study attempts to understand the sacred architecture of monasteries as a process of the tangible and symbolic organisation of space and time for religious communities Despite the weight of seemingly immutable monastic tradition architecture has contributed to developing specific religious identities and played a fundamental part in the reformation of different forms of religious life according to the changing needs of society The cloister is the focal point of this book because it is both architecture a physically built reality and a metaphor for the religious life that takes place within it Life Inside the Cloister also addresses the afterlife and heritagisation of monastic architecture in secularised Western society Monastic Life in the Medieval British Isles Julie Kerr, Emilia Jamrozik, Karen Stöber, 2018-10-15 This book celebrates the work and contribution of Professor Janet Burton to medieval monastic studies in Britain Burton has fundamentally changed approaches to the study of religious foundations in regional contexts Yorkshire and Wales placing importance on social networks for monastic structures and female Cistercian communities in medieval Britain moreover she has pioneered research on the canons and their place in medieval English and Welsh societies This Festschrift comprises contributions by her colleagues former students and friends leading scholars in the field who engage with and develop themes that are integral to Burton s work The rich and diverse collection in the present volume represents original work on religious life in the British Isles from the twelfth to the sixteenth century as homage to the transformative contribution that **A History of Christian**

Conversion David W. Kling, 2020-05-05 Conversion has played a central role in the history of Christianity In this first in depth and wide ranging narrative history David Kling examines the dynamic of turning to the Christian faith by individuals families and people groups Global in reach the narrative progresses from early Christian beginnings in the Roman world to Christianity s expansion into Europe the Americas China India and Africa Conversion is often associated with a particular strand of modern Christianity evangelical and a particular type of experience sudden overwhelming However when examined over two millennia it emerges as a phenomenon far more complex than any one dimensional profile would suggest No single

unitary paradigm defines conversion and no easily explicable process accounts for why people convert to Christianity Rather a multiplicity of factors historical personal social geographical theological psychological and cultural shape the converting process A History of Christian Conversion not only narrates the conversions of select individuals and peoples it also engages current theories and models to explain conversion and examines recurring themes in the conversion process divine presence gender and the body agency and motivation testimony and memory group and self identity authentic and nominal conversion and modes of communication Accessible to scholars students and those with a general interest in conversion Kling s book is the most satisfying and comprehensive account of conversion in Christian history to date this major work will become a standard must read in conversion studies *Christian History* Alister E. McGrath,2013-03-04 A major new introduction to the global history of Christianity written by one of the world s leading theologians and author of numerous bestselling textbooks Provides a truly global review by exploring the development of Christianity and related issues in Asia Latin America and Africa and not just focusing on Western concerns Spanning more than two millennia and combining elements of theology history and culture it traces the development of all three branches of Christianity Catholic Protestant and Orthodox providing context to Christianity s origins and its links to Judaism Looks beyond denominational history at Christianity s impact on individuals society politics and intellectual thought as well as on art architecture and the natural sciences Combines McGrath s acute historical sensibility with formidable organizational skill breaking the material down into accessible self contained historical periods Offers an accessible and student oriented text assuming little or no advance theological or historical knowledge on the part of the reader *Hindu Monastic Life* David M. Miller,Dorothy C. Wertz,1976-01-01 **The Problems of Communitarian Politics** Elizabeth Frazer,1999-10-28 The book examines the development of the idea of community in western liberal democracy and the way in which it inspires participants in community development and community politics Controversially the book argues that community is a contradictory idea which ultimately frustrates participants in democratic politics *Encyclopedia of Monasticism: A-L* William M. Johnston,2000 First published in 2000 Routledge is an imprint of Taylor Francis an informa company **Remembering the Future** Emma O'Donnell,2015-12-07 Common to both Judaism and Christianity is a heightened engagement with time within liturgical practice in which collective religious memory and anticipation come together to create a unique sense of time Exploring the nebulous realms of religious experience and the sense of time Remembering the Future charts the ways that the experience of time is shaped by the traditions of Judaism and Christianity and experienced within their ritual practices Through comparative explorations of traditional Jewish and Christian understandings of time contemporary oral testimonies and discussions of the work of select twentieth century Jewish and Christian thinkers this book maps the temporal landscapes of the religious imagination Maintaining that the sense of time is integral to Jewish and Christian religious experience Remembering the Future makes a notable contribution to interreligious studies and liturgical studies It sheds

light on essential aspects of religious experience and finds that the intimacy of the experience of time grants it the capacity to communicate across religious boundaries subtly transgressing obstacles to interreligious understanding *Medieval Religion* Constance Hoffman Berman, 2004-08-02 Constance Hoffman Berman presents an indispensable collection of the most influential and revisionist work to be done on religion in the Middle Ages in the last two decades Bringing together an authoritative list of scholars from around the world this book is a comprehensive compilation of the most important work in this field *Medieval Religion* provides a valuable service for all those who study the Middle Ages church history or religion

The External School in Carolingian Society Hildebrandt, 2021-09-20 This study explores one means of imparting Latin literacy in early medieval society the so called external school often presumed to have been a common feature of medieval monastic education It questions the prevalence of this institution and whether the external school can be used as evidence of relatively widespread literacy among the non clerical Carolingian population in particular By precisely defining and chronicling external schooling M M Hildebrandt invites the reader to reconsider conventional notions about the nature of the Carolingian educational program The author examines the intention of monastic founders and writers regarding education the effects of missionary activities on the religious training of non monks the attempts made by royal and ecclesiastical leaders to rationalize external schooling and the impact of ninth century political and economic turmoil on the development of this institution The scope of this book makes it of interest as a contribution to the current debate concerning the character of medieval literacy as well as a source book for the study of early medieval monastic education **Dark Age Nunneries**

Badcock, 1998 Beginning with the Bible and drawing on a range of theological sources Gary Badcock develops a constructive theology of Christian vocation rescuing it from both secular and

sacred distortions Badcock demonstrates that the concept of vocation is more intimately tied to personhood than to occupation Even though work itself is of great significance and is one vital sphere within which vocation can be expressed Badcock shows that the fullest meaning of vocation is less about what one does than about what one is Anyone struggling to discover a vocation will find this book to be a revelation
