The Payment Order of Antiquity and the Middle Ages Benjamin Geva, 2011-11-01 Examining the legal history of the order to pay money initiating a funds transfer the author tracks basic principles of modern law to those that governed the payment order of Antiquity and the Middle Ages Exploring the legal nature of the payment order and its underpinning in light of contemporary institutions and payment mechanisms the book traces the evolution of money payment mechanisms and the law that governs them from developments in Ancient Mesopotamia Ancient Greece Rome and Greco Roman Egypt through medieval Europe and post medieval England Doctrine is examined in Jewish Islamic Roman common and civil laws Investigating such diverse legal systems and doctrines at the intersection of laws governing bank deposits obligations the assignment of debts and negotiable instruments the author identifies the common denominator for the evolving legal principles and speculates on possible reciprocity At the same time he challenges the idea of law merchant as a mercantile creation The book provides an account of the evolution of

payment law as a distinct cohesive body of legal doctrine applicable to funds transfers It shows how principles of law developed in tandem with the evolution of banking and in response to changing circumstances and proposes a redefinition of law merchant The author points to deposit banking and emerging technologies as embodying a great potential for future non cash payment system growth However he recommends caution in predicting both the future of deposit banking and the overall impact of technology At the same time he expresses confidence in the durability of legal doctrine to continue to evolve and accommodate future payment system developments

A Question Of Interest Peter Wilson,2021-11-28 In Saudi Arabia today a classic confrontation between Islamic fundamentalism and modernism has brought the Saudi banking system virtually to a state of paralysis The debate is between those upholding the traditional Islamic prohibition against charging interest on loans and those who wish to see a modern banking system capable of generating credit to support economic development Drawing on personal experience interviews and unpublished primary sources Peter Wilson tells a dramatic story of powerful personalities clashing cultures and often mysterious institutions with a journalists eye for the telling anecdote as well as for the statistical evidence
