

FRAUDULENT EMAILS ABOUT UNDELIVERED PARCELS FROM COURIERS.

Phishing emails pretending to be courier companies are almost a daily occurrence. In our country, the most frequently used names are those of Bulgarian Post and DHL, and less commonly, Speedy and Euro. Regardless of the company they claim to represent, fraudsters can be recognized through the standard checks made for any other email. First, pay attention to the sender, as well as where the link from the button leads. If you do not see the domain of the respective courier company, then the email is most likely fraudulent. Often, this type of scam contains ultimatum phrases, deadlines for the recipients to take action, and last but not least, demands for payment of transportation or other fees.

PHISHING EMAIL IMPERSONATING DOUGSIGN.COM

From: Douglas The Douglas [mailto:do@do.douglas.com]
 Subject: Hello, my name is Douglas
 To: douglas@do.douglas.com
 Subject: Complete with Douglas: BODS Settlement Agreement 07. Jul 2023.docx

Dougsign is a legitimate platform for electronic signatures and file sharing, which, however, often becomes the subject of imitations. In the example, some of the easily recognizable signs of a scam can be seen – the sender is not dougsign.com, but do@do.douglas.com. The link leads to a completely different address. Last but not least – the email contains an attached file. No such platform attaches files to its email notifications.
