

# The My Lai Inquiry

---

At last the real story of the My Lai massacre, the subsequent moral failure and coverup by the military hierarchy – by the man who conducted the official investigation.

Lt. Gen. W. R. Peers, USA (Ret.)

# The My Lai Inquiry

**Raffaella Di Napoli**

## **The My Lai Inquiry:**

**The My Lai Inquiry** William Raymond Peers,1993      My Lai Howard Jones,2017-05-04 On the early morning of March 16 1968 American soldiers from three platoons of Charlie Company 1st Battalion 20th Infantry Regiment 11th Brigade 23rd Infantry Division entered a group of hamlets located in the Son Tinh district of South Vietnam located near the Demilitarized Zone and known as Pinkville because of the high level of Vietcong infiltration The soldiers many still teenagers who had been in the country for three months were on a search and destroy mission The Tet Offensive had occurred only weeks earlier and in the same area and had made them jittery so had mounting losses from booby traps and a seemingly invisible enemy Three hours after the GIs entered the hamlets more than five hundred unarmed villagers lay dead killed in cold blood The atrocity took its name from one of the hamlets known by the Americans as My Lai 4 Military authorities attempted to suppress the news of My Lai until some who had been there in particular a helicopter pilot named Hugh Thompson and a door gunner named Lawrence Colburn spoke up about what they had seen The official line was that the villagers had been killed by artillery and gunship fire rather than by small arms That line soon began to fray Lieutenant William Calley one of the platoon leaders admitted to shooting the villagers but insisted that he had acted upon orders An expos of the massacre and cover up by journalist Seymour Hersh followed by graphic photographs incited international outrage and Congressional and U S Army inquiries began Calley and nearly thirty other officers were charged with war crimes though Calley alone was convicted and would serve three and a half years under house arrest before being paroled in 1974 My Lai polarized American sentiment Many saw Calley as a scapegoat the victim of a doomed strategy in an unwinnable war Others saw a war criminal President Nixon was poised to offer a presidential pardon The atrocity intensified opposition to the war devastating any pretense of American moral superiority Its effect on military morale and policy was profound and enduring The Army implemented reforms and began enforcing adherence to the Hague and Geneva conventions Before launching an offensive during Desert Storm in 1991 one general warned his brigade commanders No My Lais in this division do you hear me Compelling comprehensive and haunting based on both exhaustive archival research and extensive interviews Howard Jones s My Lai will stand as the definitive book on one of the most devastating events in American military history      **My Lai** NA NA,2016-04-30 This volume introduces students to the most controversial incident of the Vietnam War the My Lai massacre when almost 400 Vietnamese civilians were killed in four hours The authors discuss the ramifications of the cover up and the ensuing investigations for the American public policymakers the anti War movement and the soldiers involved They examine the causes of the massacre and the issues of culpability and human rights The narrative is built around 70 primary documents drawn mainly from testimony and reports from the government enquiry into the outrage      My Lai William Thomas Allison,2012-10 Allison tells the story of a terrible moment in American history and explores how to deal with the aftermath On March 16 1968 American soldiers killed as many as five hundred Vietnamese men women and children in a

village near the South China Sea In My Lai William Thomas Allison explores and evaluates the significance of this horrific event How could such a thing have happened Who or what should be held accountable How do we remember this atrocity and try to apply its lessons if any My Lai has fixed the attention of Americans of various political stripes for more than forty years The breadth of writing on the massacre from news reports to scholarly accounts highlights the difficulty of establishing fact and motive in an incident during which confusion prejudice and self preservation overwhelmed the troops Son of a Marine veteran of the Vietnam War and aware that the generation who lived through the incident is aging Allison seeks to ensure that our collective memory of this shameful episode does not fade Well written and accessible Allison s book provides a clear narrative of this historic moment and offers suggestions for how to come to terms with its aftermath *The Encyclopedia of the Vietnam War* Bloomsbury Publishing,2011-05-20 Now in its second edition this comprehensive study of the Vietnam War sheds more light on the longest and one of the most controversial conflicts in U S history The Vietnam War lasted more than a decade was the longest war in U S history and cost the lives of nearly 60 000 American soldiers as well as millions of Vietnamese many of whom were uninvolved civilians The lessons learned from this tragic conflict continue to have great relevance in today s world Now in its second edition *The Encyclopedia of the Vietnam War A Political Social and Military History* adds an entire additional volume of entries to the already exhaustive first edition making it the most comprehensive reference available about one of the most controversial events in U S history Written to provide multidimensional perspectives into the conflict it covers not only the American experience in Vietnam but also the entire scope of Vietnamese history including the French experience and the Indochina War as well as the origins of the conflict how the United States became involved and the extensive aftermath of this prolonged war It also provides the most complete and accurate order of battle ever published based upon data compiled from Vietnamese sources This latest release delivers even more of what readers have come to expect from the editorship of Spencer C Tucker and the military history experts at ABC CLIO *The My Lai Massacre in American History and Memory* Kendrick Oliver,2006 This book examines the response of American society to the My Lai massacre and its ambiguous place in American national memory The author argues that the massacre revelations left many Americans untroubled It was only when the soldiers most immediately responsible came to be tried that opposition to the conflict grew for these prosecutions were regarded by supporters of the war as evidence that the national leaders no longer had the will to do what was necessary to win **Facing My Lai** David L. Anderson,1998 But these questions are asked again in the hope that they might lead to a better understanding of what My Lai means for us now

**The Press on Trial** Lloyd E. Chiasson,1997-08-28 Perhaps no drama catches the interest of the American public more than a spectacular trial Even though the reporting of a crime may quickly diminish in news value the trial lingers while drama builds Although this has become seemingly more pronounced in recent years with the popularity of televised trials public interest in criminal trials was just as high in 1735 when John Peter Zenger defended his right to free speech or in 1893

when Lizzie Borden was tried for the murder of her father and stepmother This book tells the stories of sixteen significant trials in American history and their media coverage from the Zenger trial in 1735 to the O J Simpson trial in 1995 Each chapter relates the history of events leading up to the trial the people involved and how the crimes and subsequent trials were reported Genocide and Mass Violence in Asia Frank Jacob,2019-08-05 In Asia the Age of Extremes witnessed many forms of mass violence and genocide related to the rise and fall of the Japanese Empire the proxy wars of the Cold War and the anti colonial nation building processes that often led to new conflicts and civil wars The present volume is considered an introductory reader that deals with different forms of mass violence and genocide in Asia discusses the perspectives of victims and perpetrators alike *Parameters* ,1979 *Care for the Sorrowing Soul* Duane Larson,Jeff Zust,2017-10-26 Moral Injury is now recognized as a growing major problem for military men and women Operant conditioning can overwhelm moral convictions and yet the question of whether to shoot or not to shoot often will never have a settled answer Certain theories and treatment models about MI have been well developed but too often overlook root issues of religious faith The authors propose a new model for understanding moral injury and suggest ways to mitigate its virtually inevitable occurrence in pre combat training and ways to resolve MI post trauma with proven spiritual resources People outside the military too among whom the incidence of MI also is a growing threat will benefit from this analysis The stories of the injured their shaping and their telling are the key and there are many illumining stories of moral injury and recovery Those who suffer MI their families and caregivers including counselors pastors and faith communities will find hope giving first steps toward the healing of MI in this book **Military Law Review** ,1995 Vietnam War James H. Willbanks,2017-11-16 This detailed two volume set considers the Vietnam War one of America s longest and bloodiest wars from a topical perspective addressing the main characters and key events of the war and supplying many relevant primary source documents The Vietnam War not only claimed the lives of nearly 60 000 Americans and more than a million Vietnamese but the prolonged conflict also resulted in a firestorm of protest at home that shook the foundations of the country and made U S citizens question the moral principles and motivations behind our foreign policy and military actions Written in a very accessible style by recognized authorities on the war Vietnam War A Topical Exploration and Primary Source Collection provides students and general readers with a complete overview of the conflict in Vietnam a broad topic that remains an important part of the American history and world history curriculum Using a topical approach to cover all aspects of the war the set enables students to see the complete picture of the conflict through its presentation of reference entries and documents arranged in cohesive compelling chapters Examples of the primary documents in the set include Communist Party Evaluation of the Tet Offensive 1968 and President Richard Nixon s Speech on Vietnamization 1969 These primary sources are augmented by oral histories of soldiers who fought in the Tet Offensive Additionally maps and images in each section enhance the aesthetic appeal of the book and heighten students understanding of the material Readers will come away with both a strong

comprehension of the Vietnam War as well as an appreciation for how significant this proxy conflict was as a lead up event to the global Cold War

**Justice for Crimes Against Humanity** Mark Lattimer, Philippe Sands, 2003-12 This book assesses developments in international law and seeks to end impunity by bringing to justice those accused of crimes against humanity

**Trials for International Crimes in Asia** Kirsten Sellars, 2015-10-22 The issue of international crimes is highly topical in Asia with still resonant claims against the Japanese for war crimes and deep schisms resulting from crimes in Bangladesh Cambodia and East Timor Over the years the region has hosted a succession of tribunals from those held in Manila Singapore and Tokyo after the Asia Pacific War to those currently running in Dhaka and Phnom Penh This book draws on extensive new research and offers the first comprehensive legal appraisal of the Asian trials As well as the famous tribunals it also considers lesser known examples such as the Dutch and Soviet trials of the Japanese the Cambodian trial of the Khmer Rouge and the Indonesian trials of their own military personnel It focuses on their approach to the elements of international crimes and their contribution to general theories of liability In the process this book challenges some orthodoxies about the development of international criminal law

**The United States and the Vietnam War, 1954-1975** Louis Peake, 2007-11-13 The United States in the Vietnam War 1954 1975 is an invaluable reference guide to the costly and controversial war the U S waged in Vietnam over the course of five presidential administrations Focusing not only on the conflict in Southeast Asia but also on the tumult the war inspired on the domestic front Louis Peake provides an authoritative guide to the wide range of media available on the U S involvement in Vietnam From collections of art work and poetry about the soldiering experience to journalistic accounts of battles and military training films the entries consistently provide clear and concise descriptions allowing the reader to easily identify the value of any particular resource With revised and updated annotations and over 150 new entries this second edition of The United States in the Vietnam War 1954 1975 is an invaluable reference tool for researchers and students of the Vietnam War Routledge Research Guides to American Military Studies provide concise annotated bibliographies to the major areas and events in American military history With the inclusion of brief critical annotations after each entry the student and researcher can easily assess the utility of each bibliographic source and evaluate the abundance of resources available with ease and efficiency Comprehensive concise and current Routledge Research Guides to American Military Studies are an essential research tool for any historian

**The Vietnam War and Theologies of Memory** Jonathan Tran, 2010-03-02 The Vietnam War and Theologies of Memory develops a theological analysis of the American war in Vietnam and constructs a Christian account of memory in relation to this tragic conflict An elegantly written reflection of memory and forgiveness this unique work explores the ecclesial practice of memory in relation to the American war in Vietnam Questions how and why we choose to remember atrocity and asks whether it is ever ethical to simply forget Explores the theological categories of time and eternity and the ideas of thinkers including Aquinas Augustine and Barth Reveals broader insights about history memory and redemption Resonates beyond the field of

theological inquiry by offering a broader analysis of war entirely relevant to our time      **The Perfect War** James William Gibson, 2000 In this groundbreaking book Gibson shatters the misled assumptions for America's failure in Vietnam showing how American officials developed a disturbingly limited concept of war what he calls technowar in which all efforts were focused on maximizing the enemy's body count regardless of the means      **The 25-Year War** Bruce Palmer, 2014-04-23 An American army general presents an insider's history of the Vietnam War with a tough dispassionate common sense analysis of what went wrong Baltimore Sun On April 30 1975 Saigon and the government of South Vietnam fell to the communist regime of North Vietnam ending twenty five years of struggle for American military forces This is the story of what went wrong there militarily and why General Bruce Palmer experienced the Vietnam War in the field and in the highest command echelons America's most serious error he believes was committing its armed forces to a war in which neither political nor military goals were ever fully articulated by our civilian leaders Our armed forces lacking clear objectives failed to develop an appropriate strategy instead relinquishing the offensive to Hanoi Yet an achievable strategy could have been devised Palmer believes Moreover our South Vietnamese allies could have been bolstered by appropriate aid but were instead overwhelmed by the massive American military presence Compounding these errors were the flawed civilian and military chains of command The result was defeat for America and disaster for South Vietnam Perhaps the best single account of the Vietnam War by a military man Baltimore Sun      **Report of the Chief of Staff of the United States Army, 1 July 1968 to 30 June 1972** William Childs Westmoreland, 1977

This is likewise one of the factors by obtaining the soft documents of this **The My Lai Inquiry** by online. You might not require more times to spend to go to the book commencement as capably as search for them. In some cases, you likewise attain not discover the notice The My Lai Inquiry that you are looking for. It will categorically squander the time.

However below, taking into account you visit this web page, it will be therefore no question simple to acquire as without difficulty as download guide The My Lai Inquiry

It will not allow many era as we accustom before. You can get it even though acquit yourself something else at home and even in your workplace. as a result easy! So, are you question?
