web wave simulation activity finding wave properties objectives calculate and measure different wave characteristics
frequency period amplitude wavelength describe the relationships among each of these wave characteristics

wave behavior complete toolkit the physics classroom - Apr 11 2023

web these high resolution videos allow students to make observations to explore the conditions that govern wave
superposition three videos are included 1 two waves of the same phase and same amplitude 2 two waves of opposite phase
and same amplitude and 3 two waves of opposite phase and different amplitudes
