Sir Philip Sidney The Major Works:

Sir Philip Sidney Philip Sidney, 2008-12-11 This authoritative edition brings together a unique combination of Sidney's poetry and prose including *The Defence of Poesy* substantial parts of both versions of the *Arcadia* and the whole of the sonnet sequence *Astrophil and Stella* Sir Philip Sidney Sir Philip Sidney, Katherine Duncan-Jones, 2015 *Sidney and His Circle* Matthew Woodcock, 2010-05 In this compact yet wide ranging guide Matthew Woodcock presents a structured introduction to each of Sidney's major works , **The Palgrave Handbook of Early Modern Literature and Science** Howard Marchitello, Evelyn Tribble, 2017-02-27 This book is about the complex ways in which science and literature are mutually informing and mutually sustaining It does not cast the literary and the scientific as distinct but rather as productively in distinct cultural practices for the two dozen new essays collected here the presiding concern is no longer to ask how literary writers react to scientific writers but rather to study how literary and scientific practices are imbricated These specially commissioned essays from top scholars in the area range across vast territories and produce seemingly unlikely unions between physics and rhetoric math and Milton Boyle and the Bible plague and plays among many others In these essays so called scientific writing turns out to traffic in metaphor wit imagination and playfulness normally associated with literature provides material forms and rhetorical strategies for thinking physics mathematics archeology and medicine **Roman de Brut** Wace, 2024-01-11 This volume provides an accessible English prose translation of Wace's *Roman de Brut* in which Arthur appears for the first time as king of the Britons Architectural Rhetoric in Shakespeare and Spenser Jennifer C. Vaught, 2019-09-23 Jennifer C Vaught illustrates how architectural rhetoric in Shakespeare and Spenser provides a bridge between the human body and mind and the nonhuman world of stone and timber The recurring figure of the body as a besieged castle in Shakespeare's drama and Spenser's allegory reveals that their works are mutually based on medieval architectural allegories exemplified by the morality play *The Castle of Perseverance* Intertextual and analogous connections between the generically hybrid works of Shakespeare and Spenser demonstrate how they conceived of individuals not in isolation from the physical environment but in profound relation to it This book approaches the interlacing of identity and place in terms of ecocriticism posthumanism cognitive theory and Cicero's art of memory *Architectural Rhetoric in Shakespeare and Spenser* examines figures of the permeable body as a fortified yet vulnerable structure in Shakespeare's comedies histories tragedies romances and Sonnets and in Spenser's *Faerie Queene* and *Complaints* **The Merry Wives of Windsor** William Shakespeare, Callan Davies, 2024 The New Oxford Shakespeare offers authoritative editions of Shakespeare's works with introductory materials designed to encourage new interpretations of the plays and poems The Comedy of Errors William Shakespeare, 2024-11-21 How many fond fools serve mad jealousy *The Comedy of Errors* is one of Shakespeare's most farcical plays with not one but two sets of twins sliding past each other into mistakes violence and madness An early romantic comedy it's often considered an immature play but also a piece of dramatic experimentation This

New Oxford Shakespeare edition examines links between Shakespeare's play and its literary sources and analogues but also situates it within performance traditions Illuminating points of comparison between *The Comedy of Errors* and Shakespeare's other comedies as well as its consonances with Shakespeare's later plays of estrangement and loss this edition provides readers with a nuanced exploration of Shakespeare's shortest play *The New Oxford Shakespeare* offers authoritative editions of Shakespeare's works with introductory materials designed to encourage new interpretations of the plays and poems Using the text from the landmark *The New Oxford Shakespeare Complete Works Modern Critical Edition* these volumes offer readers the latest thinking on the authentic texts collated from all surviving original versions of Shakespeare's work alongside innovative introductions from leading scholars The texts are accompanied by a comprehensive set of critical apparatus to give readers the best resources to help understand and enjoy Shakespeare's work ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more
