The Secrets of the Freemasons Pat Morgan, 2009-09-30 Mention the word Freemason and you are bound to get a reaction Nobody is neutral on the subject some people hold this ancient organization responsible for all the world s wrongs while others see it simply as a benign entity working for the common good The Secrets of the Freemasons strips away the centuries old layers of mystique and misunderstanding to offer an informed yet entertaining insight into the organization s origins beliefs practices and rituals There s a look too at the many famous people who are or have been Freemasons from Sir Winston Churchill to the Reverend Jesse Jackson During its 800 year history Freemasonry has been linked to scandalous acts of deceit bribery and even murder With black and white illustrations throughout The Secrets of the Freemasons examines the evidence behind the allegations and comes to its own definitive conclusions while providing a straight talking appraisal of Freemasonry s continuing influence **The Freemasons** Jasper Ridley, 2011-05-15 What did Mozart and Bach Oscar Wilde and Anthony Trollope George Washington and Frederick the Great Winston Churchill and Franklin D Roosevelt have in common They were all Freemasons a subject of endless fascination To the layman they are a mysterious brotherhood of profound if uncertain influence a secret society purported in some popular histories to have its roots in the fabled order of the Knights Templar or in the mysteries of the Egyptian pyramids They evoke fears of world domination by a select few who enjoy privileged access to wealth and the levers of power The secrecy of their rites suggests the taint of sacrilege and their hidden loyalties are sometimes accused of undermining the workings of justice and the integrity of nations Though not a mason himself Jasper Ridley nonetheless refutes many of the outrageous allegations made against Freemasonry while at the same time acknowledging the masons shortcomings their clannishness misogyny obsession with secrecy and devotion to

arcane ritual In this much needed reassessment he offers a substantial work of history that sifts the truth from the myth as it traces Freemasonry from its origins to the present day **Handbook of Freemasonry**, 2014-06-12 Freemasonry is the largest oldest and most influential secret society in the world The Brill Handbook of Freemasonry is a pioneering work that brings together for the first time leading scholars on Freemasonry The first section covers historical perspectives such as the origins and early history of Freemasonry The second deals with the relationship between Freemasonry and specific religious traditions such as the Catholic Church Judaism and Islam In the third section organisational themes such as the use of rituals are explored while the fourth section deals with issues related to society and politics women blacks colonialism nationalism and war The fifth and final section is devoted to Freemasonry and culture including music literature modern art architecture and material culture
