American Poetry in Performance Tyler Hoffman, 2013-05-29 American Performance Poetry is the first book to trace a comprehensive history of performance poetry in America from Whitman through the rap meets poetry scene and to show how the performance of poetry is bound up with the performance of identity and nationality in the modern period This book will be a meaningful contribution both to the field of American poetry studies and to the fields of cultural and performance studies as it focuses on poetry that refuses the status of fixed aesthetic object and in its variability performs versions of race class gender and sexuality both on and off the page Relating the performance of poetry to shifting political and cultural ideologies in the United States Hoffman argues that the vocal aspect of public poetry possesses or has been imagined to possess the ability to help construct both national and subaltern communities In doing so American Performance Poetry explores public poets' confrontations with emergent sound recording and communications technologies as those confrontations shape their mythologies of the spoken word and their corresponding notions about America and Americanness

Contemporary Black British and African American Women Writers Jean Wyatt, Sheldon George, 2020-01-28

Contemporary African American and Black British Women Writers Narrative Race Ethics brings together British and American scholars to explore how in texts by contemporary black women writers in the U S and Britain formal narrative techniques express new understandings of race or stimulate ethical thinking about race in a reader Taken together the essays also demonstrate that black women writers from both sides of the Atlantic borrow formal structures and literary techniques from one another to describe the workings of structural racism in the daily lives of black subjects and to provoke readers to think anew about race Narratology has only recently begun to use race as a category of narrative theory This collection seeks both to show the ethical effects of narrative form on individual readers and to foster reconceptualizations of narrative theory that account for the workings of race within literature and culture **Women Builders** Sadie Iola

Daniel, Hallie Quinn Brown, 1997 Daniel and Brown were both educators and representatives of the tradition of racial uplift among black women in the 19th and early 20th centuries These selected works provide fascinating insight into both the social activism of the era and the lives of some inspiring and dynamic women Annotation copyrighted by Book News Inc Portland OR
