Sixteenth Century Europe Expansion And Conflict

William Young

Sixteenth Century Europe Expansion And Conflict:

Sixteenth Century Europe , Mighty Europe 1400-1700 Andrew Hiscock,2007 In a series of ten historical and literary studies this volume analyses the complex narrative of changing political identities in early modern Europe and maps out some of the dominant ways in which European ness was articulated in documents of the period As the collection unfolds its contributors explore these themes from a whole range of geographical perspectives including not only accounts of British culture but also those describing cultural relations and political identities with regard to Italy Spain France the Papacy the Netherlands Bohemia and the Americas for example Concentrating upon early modern nations at a time when they were just beginning to formulate recognizable collective identities the studies contained in this volume offer a clear picture of the ways in which current literary and historical scholarship may yield penetrating insights into the broader question of how the very idea of Europe evolved amongst its native inhabitants during the fifteenth sixteenth and seventeenth centuries The Routledge Companion to Early Modern Europe, 1453-1763 Chris Cook,Philip Broadhead,2012-10-02 This compact and highly accessible work of reference covers the broad sweep of events as Europe transformed during the period from the Renaissance to the Enlightenment This Companion examines the centuries that saw the Reformation and Counter Reformation the expansion of Europe and the beginnings of imperialism and enormous changes in the way government and kingship were conducted With a wealth of chronologies tables family trees and maps this handy book is an indispensable resource for all students and teachers of early modern history The Longman Companion to Renaissance Europe, 1390-1530 Stella Fletcher,2014-02-04 This new Companion is the ideal reference guide It fills a gap by providing an authoritative but accessible reference on political economic religious social as well as cultural developments in this crucial period It contains information on all major topics including the church war and diplomacy civic life learning and letters printing the economy science and technology the arts across Europe and the wider world **European War and Diplomacy, 1337-1815** William Young,2003-10 The history of international relations and warfare of early modern Europe has gained popularity in recent years This bibliography provides a valuable listing of books dissertations and journal articles in the English language for scholars and general readers interested in diplomatic relations and warfare from the Hundred Years War to the Napoleonic Wars Machiavelli and the Modern State Alissa M. Ardito,2021-02-11 This book offers a significant reinterpretation of the history of republican political thought and of Niccol Machiavelli s place within it It locates Machiavelli s political thought within enduring debates about the proper size of republics From the sixteenth century onward as states grew larger it was believed only monarchies could govern large territories effectively Republicanism was a form of government relegated to urban city states anachronisms in the new age of the territorial state For centuries history and theory were in agreement constructing an extended republic was as futile as trying to square the circle but then James Madison devised a compound representative republic that enabled popular government to take on renewed life in the modern

era This work argues that Machiavelli had his own Madisonian impulse and deserves to be recognized as the first modern political theorist to envision the possibility of a republic with a large population extending over a broad territory

Globalism and the New Regionalism Osvaldo Sunkel, András Inotai, 2016-07-27 This is the first of five volumes reporting on the UNU WIDER study on New Regionalism It deals with the conceptions and meanings of two processes which probably will have a crucial influence on the shape of the new world order globalization and regionalization These studies relate to each other as challenge to response globalization being the challenge of economic and cultural homogenization of the world and regionalization being a social and political reaction The leading writers in the field contribute thought provoking and fascinating articles to this volume

Becoming a Queen in Early Modern Europe Katarzyna Kosior, 2019-03-18 Queens of Poland are conspicuously absent from the study of European queenship an absence which together with early modern Poland's marginal place in the historiography results in a picture of European royal culture that can only be lopsided and incomplete Katarzyna Kosior cuts through persistent stereotypes of an East West dichotomy and a culturally isolated early modern Poland to offer a groundbreaking comparative study of royal ceremony in Poland and France The ceremonies of becoming a Jagiellonian or Valois queen analysed in their larger European context illuminate the connections that bound together monarchical Europe These ceremonies are a gateway to a fuller understanding of European royal culture demonstrating that it is impossible to make claims about European queenship without considering eastern Europe

The Parliaments of Early Modern Europe M.A.R. Graves, 2014-06-06 A comparative survey of the emergence and development of Parliaments in Catholic Christendom from the thirteenth century the chief focus of this work is the period between the fifteenth and seventeenth centuries when Europe was dramatically changed by the Renaissance the Reformation and the growth of composite monarchies which brought together diverse territories under their rule European Parliaments experienced a variety of challenges fortunes and fates some survived even flourished but others succumbed to powerful monarchies By investigating the powers and privileges and responsibilities of these institutions Graves illuminates the whole business of government the nature of executive power the relations of ruler and ruled the restraints of consent and the realities of the tension between central authority and local custom

War and the State in Early Modern Europe Jan Glete, 2002-09-11 The sixteenth and seventeenth centuries saw many ambitious European rulers develop permanent armies and navies Jan Glete examines this military change as a central part of the political social and economic transformation of early modern Europe

La Garde Ecossaise: The Life of John Hamilton 1620-1689: Part 1 Kirsteen M MacKenzie, 2022-10-24 A secret war rages between Louis XIV and William of Orange a conflict which threatens the stability and security of France and a fight that will determine the future of Europe Only John Hamilton and his men in La Garde Ecossaise can protect the French realm It is time for the secret history of La Garde Ecossaise to be told and the stories of those men who dedicated their lives to protect innocents from certain death These are their stories and the chronicle of the

lives they saved This is the story of Lieutenant General John Hamilton the head of an elite group of soldiers in La Garde Ecossaise tasked with keeping France safe from its enemies John Hamilton a humble farmer who fled Ulster in 1641 joins the French forces in the Thirty Years War becoming one of Louis XIVs most trusted men Physically imposing he strikes fear into the King s most determined enemies Yet these enemies have discovered his ultimate weakness a weakness which could destroy Hamilton La Garde Ecossaise and even France itself This sweeping tale carries the reader through the 1641 Irish rebellion the Scottish Highlands the Thirty Years War the Franco Spanish War the Franco Dutch War and into the heart of Louis XIVs France This is the first novel in the La Garde Ecossaise series which aims to generate interest and curiosity in seventeenth century history The novel series will be accompanied by an official podcast which will explore the novel in greater depth and the historical events that inspired it Therefore the novel will not only appeal to readers of historical fiction but also to students studying courses in early modern history The dedicated website for news about the novels podcasts and resources is here www.lagardeecossaise.net You can follow Dr Kirsteen M MacKenzie on social media Twitter [kirsteenmm](https://twitter.com/kirsteenmm) Instagram [earlymodernkirsteenmm](https://www.instagram.com/earlymodernkirsteenmm) Facebook <https://www.facebook.com/DrKirsteenMMacKenzieHistorian> 102053899175946 Dr MacKenzie also has her own personal website which details her academic work and current research interests <https://drkirsteenmmackenzie.net> professionalhistorian about

Reform before the Reformation: Vincenzo Querini and the Religious Renaissance in Italy Stephen David Bowd, 2021-10-11 An important aspect of the Italian Renaissance was church reform This book examines the nature of that reform especially in Venice Florence and Rome as viewed through the unpublished manuscripts of a Venetian nobleman who became a Camaldolese hermit Vincenzo Querini 1478 1514 This book sets Querini s personal journey to reform in the context of Venetian society as well as against the backdrop of political crisis cultural revival and monastic renaissance in Italy generally Querini s attempt to reform himself the Roman Catholic Church and the whole of Christendom are of interest to historians seeking to revise the chronology of early modern church reform since he employed a range of scriptural humanist conciliar monastic and mystical methods that had medieval antecedents but were also imitated by reformers after the Reformation [The Justice of Venice](#) James E Shaw, 2006-04-27 Published for The British Academy

Venice as the Polity of Mercy Richard MacKenney, 2018-12-21 This study re-examines Venice s political economy from the viewpoint of its ordinary people or popolani who despite the commonly held view that they were excluded from political life by the nobility or nobili actually organized and ran for themselves hundreds of corporations within the city state Mercy was central to this popolani s Christian values and those who offered mercy to their fellow men and women in temporary hardship were investing in the expectation of reciprocity in their own time of need Beginning by tracing a formative linking of religion economy and polity from the thirteenth to the fifteenth centuries Venice as the Polity of Mercy then chronicles the collapse of this triad during the struggles between church and state in the mid sixteenth and seventeenth centuries followed by a revitalizing reconnection of economy and

polity within a different religious climate after the plague of 1630 As such Richard Mackenney s book offers up a revitalized image of Renaissance Venetian society as dynamic rather than static as well as a new understanding of the city s significance through a reconfiguration of its history and artwork

The Political Theology of European Integration Mark R. Royce,2017-06-27 This book traces the connections between diverging postwar European integration policies and intra Christian divisions to argue that supranational integration originates from Roman Catholic internationalism and that resistance to integration conversely is based in Protestantism Royce supports this thesis through a rigorously supported historical narrative arguing that sixteenth century theological conflicts generated seventeenth century constitutional solutions which ultimately effected the political choices both for and against integration during the twentieth century Beginning with a survey of all ecclesiastical laws of seventeen West European countries and concluding with a full discussion of the Brexit vote and emerging alternatives to the EU this examination of the political theology surrounding the European Union will appeal to all scholars of EU politics modern theology religious sociology and contemporary European history

Janus at the Millennium Thomas F. Shannon,Johan P. Snapper,2004-05-26 This volume contains a selection of articles originally presented at the Tenth Interdisciplinary Conference on Netherlandic Studies These revised contributions relating to the common theme of Janus and the perspective of time examine Dutch language and culture from the U S Belgium and the Netherlands

Morality and Responsibility of Rulers Anthony Carty,Janne Nijman,2018-02-09 The history of ideas on rule of law for world order is a fascinating one as revealed in this comparative study of both Eastern and Western traditions This book discerns rule of law as justice conceptions alternative to the positivist conceptions of the liberal internationalist rule of law today The volume begins by revisiting early modern European roots of rule of law for world order thinking In doing so it looks to Northern Humanism and to natural law in the sense of justice as morally and reasonably ordered self discipline Such a standard is not an instrument of external monitoring but of self reflection and self cultivation It then considers whether comparable concepts exist in Chinese thought Inspired by Confucius and even Laozi the Chinese official and intellectual elite readily imagined that international law was governed by moral principles similar to their own A series of case studies then reveals the dramatic change after the East West encounters from the 1860s until after 1901 as Chinese disillusionment with the Hobbesian positivism of Western international law becomes ever more apparent What therefore are the possibilities of traditional Chinese and European ethical thinking in the context of current world affairs Considering the obstacles which stand in the way of this both East and West this book reaches the conclusion that everything is possible even in a world dominated by state bureaucracies and late capitalist postmodernism The rational ethical spirit is universal

Responses to Religious Division, c. 1580-1620 Natasha Constantinidou,2017-06-06 In this study Natasha Constantinidou considers the views articulated by the scholars Pierre Charron 1541 1603 Justus Lipsius 1547 1606 Paolo Sarpi 1552 1623 and King James VI and I 1566 1625 in response to the religious ruptures of their time Though rarely

juxtaposed all four authors were deeply affected by the religious divisions In their works they denounced religious zeal focusing on non dogmatic piety Drawing on classical tradition and church history they set out to offer consolation to the people of a war torn continent and to discuss means of reconciliation Their responses sought to define the role of religion in public and private They emphasised the need for lay control of religious affairs as the only way of ensuring peace whilst circumscribing belief and its practice to the private realm

The Origins of War Prevention Martin Ceadel,1996 This original study aims to provide a contribution to international relations and British political history Its analysis of the birth of the British peace movement includes a historiography of British politics and many theories about international relations

Language, Identity and Conflict Diarmait Mac Giolla Chríost,2004-03 This book comprises a comparative study of relationships between language and ethnic identity in key regions of historical and contemporary ethnic conflict in Europe and Eurasia
