**Historical Dictionary of the 1960s** James S. Olson,1999-12-30 Few eras in U S history have begun with more optimistic promise and ended in more pessimistic despair than the 1960s When JFK became president in 1960 the U S was the hope of the world Ten years later

American power abroad seemed wasted in the jungles of Indochina and critics at home cast doubt on whether the U S was really the land of the free and the home of the brave This book takes an encyclopedic look at the decade at the individuals who shaped the era the civil rights movement the antiwar movement the women s movement and the youth rebellion It covers the political military social cultural religious economic and diplomatic topics that made the 1960s a unique decade in U S history Men to Boys Gary S. Cross,2008 When did maturity become the ultimate taboo Men have gone from idolizing Cary Grant to aping Hugh Grant shunning marriage and responsibility well into their twenties and thirties Gary Cross renowned cultural historian identifies the boy man and his habits examining the attitudes and practices of three generations to make sense of this gradual but profound shift in American masculinity Cross matches the rise of the American boy man to trends in twentieth century advertising popular culture and consumerism and he locates the roots of our present crisis in the vague call for a new model of leadership that ultimately failed to offer a better concept of maturity Violent Class Struggles and The Need for Revolutionary Change: Anti-WTO Organized Labor Protest vs Seattle Police Marco T. Ntobi,2016-04-28 In this book I have attempted to trace as clearly and briefly as I can the nature of the capitalist and imperialist systems and the rising world class struggles against it a bitter life and death conflicts which are now only in their middle phase Much in this book of course has been said before and has been happening and it will be said again and again in many different ways by many different people before this enormous conflict is finally resolved The whole purpose of revolutionary violence is to destroy at its very roots the institutionalized system of greed which is also the institutionalized system of violence Today with the phoney cry of law and order the rulers of the imperialist nations attempt to throw the onus of violence on those who are protesting the system under which they live But the onus is not on them for violence is the near monopoly of the state apparatus Writing this book primarily has been a very important experience for me **Our Last Day and the Return of Christ** James Williams,2024-09-03 This book is intended to clear up many of the misconceptions being carried by the organized church for the last two thousand years Many of these misconceptions have been put into place on purpose The early Church Fathers felt the need to distance themselves from the Hebrew Bible and changed dates and church traditions to bring about what people understand today The pages of this book hold the key to understanding the truth about things to come Have you ever asked yourself or someone else why Jesus says he is coming soon but it s been two thousand years You will find the answer to that question in the pages of this book You will discover what the book of Daniel was told to shut up is and why he was told to do this The truth about the last days is simpler than you think and God s glorious mystery is now become clear The Conquest of Cool Thomas Frank,1997 Looks at advertising during the 1960s focusing on the relationship between the counterculture movement and commerce *Hieroglyphs of Another World* Il'iā Kutik,2000 This collection of essays seeks to contribute to ongoing efforts to build contemporary theories of image metaphor metre rhythm and other key concepts of avant garde and postmodern poetry that define contemporary poetics and critical theory

Unmasking the Angel Stephen Langford,2025-05-01 This book explores the concept of an angel of the church It begins with the question that so intrigued Walter Wink Why would Jesus ask John to write to an angel in Revelation 2 3 This work develops critiques and expands Wink s answer It does so by taking the historical records of three churches in England s West Country and bringing them into conversation with Wink s understanding of the angel of the church It then goes further by introducing Wink s work to specialists in fields that include architecture demographics and church polity This scholarly conversation creates a matrix within which ministers with pastoral charge might be equipped to explore the spiritual identity or angel of their own congregations

*Activists Speak Out* NA NA,2019-06-12 In *Activists Speak Out* a group of fifteen American activists speak candidly about how and why they struggle for change Their causes and strategies vary in the areas of civil rights gay and lesbian rights the environment women s issues health youth education labor freedom of expression and the arts But the lessons learned resonate across geographic and ideological boundaries Whether working as grass roots organizers or corporate insiders in cities or in rural areas the through line of their observations is constant Change is slow and may take shape in unexpected ways Small victories count And whatever the initial motivation to become engaged in the struggle for change anger compassion frustration the very process of engagement is itself transformative You cross that line and nothing is ever the same
