The Turning Point Robert Douglas-Fairhurst,2022-03-01 A major new biography that takes an unusual and illuminating approach to the great writer immersing us in one year of his life from the award winning author of *Becoming Dickens* and *The Story of Alice* The year is 1851 It s a time of radical change in Britain when industrial miracles and artistic innovations rub shoulders with political unrest poverty and disease It is also a turbulent year in the private life of Charles Dickens as he copes with a double bereavement and early signs that his marriage is falling apart But this formative year will become perhaps the greatest turning point in Dickens s career as he embraces his calling as a chronicler of ordinary people s lives and develops a new form of writing that will reveal just how interconnected the world is becoming *The Turning Point* transports us into the foggy streets of Dickens s London closely following the twists and turns of a year that would come to define him and forever alter Britain s relationship with the world Fully illustrated and brimming with fascinating details about the larger than life man who wrote *Bleak House* this is the closest look yet at one of the greatest literary personalities ever to have lived **The Ambivalent Detective in Victorian Sensation Novels** Sarah Yoon,2024-04-02 *The Ambivalent Detective in Victorian Sensation Novels* studies how the detective as a literary character evolved through the mid nineteenth century in England as seen in sensation novels In contrast to most assumptions about the English detective Yoon argues that the detective was more often tolerated than admired following the establishment of professional detectives in the London Metropolitan Police Force in 1842 Through studying the historical and literary contexts between the 1840s to the 1860s Yoon argues that the detective was seen as a suspicious even mistrusted and disdained figure who was nonetheless viewed as necessary to combat rising levels of crime The detective as a literary character responded to the often contradictory values and aspirations of the middle class representing an independent masculinity and laying claim to scientific authority This study surveys novels by Charles Dickens Mary Elizabeth Braddon and Wilkie Collins alongside lesser known writers like

William Russell James Redding Ware pseudonym Andrew Forrester and William Stephens Hayward This book contributes to the study of mid nineteenth century Victorian culture and connects with broader studies of the detective fiction genre
