Nature of Revolution James A. Tyner,2019-01-15 The Nature of Revolution provides the first account of art and politics under
 the brutal Khmer Rouge regime in Cambodia James A Tyner repositions Khmer Rouge artworks within their proper political
 and economic context the materialization of a political organization in an era of anticolonial and decolonization movements

Consequently both the organization's policies and practices including the production of poetry music and photography were incontrovertibly shaped by and created to further the Khmer Rouge's agenda. Theoretically informed and empirically grounded, Tyner's work examines the social dimensions of the Khmer Rouge while contributing broadly to a growing literature on the intersection of art and politics. Building on the foundational works of theorists such as Jacques Rancière, Theodor Adorno and Walter Benjamin, Tyner explores the insights of Leon Trotsky and his descriptions of the politics of aesthetics specific to socialist revolutions. Ultimately, Tyner reveals a fundamental tension between individuality and bureaucratic control and its impact on artistic creativity and freedom.

Love and Poetry in the Middle East Atef Alshaer, 2021-12-30. Love has been an important trope in the literature of the region we now call the Middle East from ancient times to modern. This book analyses love poetry in various ancient and contemporary languages of the Middle East including Akkadian, ancient Egyptian, Classical and Modern Standard Arabic, Persian, Hebrew, Turkish and Kurdish, including literary materials that have been discovered and highlighted for the first time. Together, the chapters reflect and explore the discursive evolution of the theme of love and the sensibilities, styles and techniques used to convey it. They chart the way in which poems in ancient poetry give way to complex and varied reflections of human sentiments in the medieval languages and on to the modern period which in turn reflects the complexities and nuances of present times. Offering a snapshot of the diverse literary languages and their relationship to the theme of love, the book will be of interest to scholars of Near and Middle Eastern Literature and Culture.
