**Black Resonance** Emily J. Lordi,2013-11-08 Ever since Bessie Smith s powerful voice conspired with the race records industry to make her a star in the 1920s African American writers have memorialized the sounds and theorized the politics of black women s singing In *Black Resonance* Emily J Lordi analyzes writings by Richard Wright Ralph Ellison James Baldwin Gayl Jones and Nikki Giovanni that engage such iconic singers as Bessie Smith Billie Holiday Mahalia Jackson and Aretha Franklin Focusing on two generations of artists from the 1920s to the 1970s *Black Resonance* reveals a musical literary tradition in which singers and writers faced with similar challenges and harboring similar aims developed comparable expressive techniques Drawing together such seemingly disparate works as Bessie Smith s blues and Richard Wright s neglected film of *Native Son* Mahalia Jackson s gospel music and Ralph Ellison s *Invisible Man* each chapter pairs one writer with one singer to crystallize the artistic practice they share lyricism sincerity understatement haunting and the creation of a signature voice In the process Lordi demonstrates that popular female singers are not passive muses with raw natural or ineffable talent Rather they are experimental artists who innovate black expressive possibilities right alongside their literary peers The first study of black music and literature to centralize the music of black women *Black Resonance* offers new ways of reading and hearing some of the twentieth century s most beloved and challenging voices

Gordley,2011 While scholars of antiquity have long spoken of didactic hymns no single volume has defined or explored this phenomenon across cultural boundaries in antiquity In this monograph Matthew E Gordley provides a broad definition of didactic hymnody and examines how didactic hymns functioned at the intersection of historical circumstances and the needs of a given community to perceive itself and its place in the cosmos and to respond accordingly Comparing the use of didactic hymnody in a variety of traditions this study illuminates the multifaceted ways that ancient hymns and psalms contributed to processes of communal formation among the human audiences that participated in the praise either as hearers or active participants The author finds that in Greek Roman Jewish and Christian contexts many hymns and prayers served a didactic role fostering the ongoing development of a sense of identity within particular communities      Congressional Record United States. Levi S. Gibbs, 2018-05-31 When itinerant singers from China s countryside become iconic artists worlds collide The lives and performances of these representative singers become sites for conversations between the rural and urban local and national folk and elite and traditional and modern In *Song King Connecting People Places and Past in Contemporary China* Levi S Gibbs examines the life and performances of Folksong King of Western China Wang Xiangrong b 1952 and explores how itinerant performers come to serve as representative symbols straddling different groups connecting diverse audiences and shifting between amorphous place based local regional and national identities Moving from place to place these border walkers embody connections between a range of localities presenting audiences with traditional modern rural and urban identities among which to continually reposition themselves in an evolving world Born in a small mountain village near the intersection of the Great Wall and the Yellow River in a border region with a rich history of migration Wang Xiangrong was exposed to a wide range of songs as a child The songs of Wang s youth prepared him to create a repertoire of region representing pieces and mediate between regions nations and multinational corporations in national and international performances During the course of a career that included meeting Deng Xiaoping in 1980 and running with the Olympic torch in 2008 Wang s life songs and performances have come to highlight various facets of social identity in contemporary China Drawing on extensive fieldwork with Wang and other professional folksingers from northern Shaanxi province at weddings Chinese New Year galas business openings and Christmas concerts *Song King* argues that songs act as public conversations people can join in on As song kings and queens fuse personal and collective narratives in performances of iconic songs they provide audiences with compelling models for socializing personal experience negotiating a sense of self and group in an ever changing world **Writing the Popular Song** Edward Michael Wickes, 1916 **Music Clubs Magazine** , 1933 **The Music in African American Fiction** Robert H. Cataliotti, 2019-09-16 This is the first comprehensive historical analysis of how black music and musicians have been represented in the fiction of African American writers It also examines how music and musicians in fiction have exemplified the sensibilities of African Americans and provided paradigms for an African American literary tradition The fictional representation of African American music by black authors is traced

from the nineteenth century William Wells Brown Martin Delany Pauline E Hopkins Paul Laurence Dunbar through the early twentieth century and the Harlem Renaissance James Weldon Johnson Langston Hughes Claude McKay Zora Neale Hurston to the 1940s and 50s Richard Wright Ann Petry James Baldwin Ralph Ellison and the 1960s and the Black Arts Movement Margaret Walker William Melvin Kelley Leroy Jones Amiri Baraka Henry Dumas In the century between Brown and Baraka the representation of music in black fiction went through a dramatic metamorphosis Music occupied a representative role in African American culture from which writers drew ideas and inspiration The music provided a way out of a limited situation by offering a viable option to the strictures of racism Individuals who overcome these limitations then become role models in the struggle toward equality African American musical forms for both artist and audience also offered a way of looking at the world survival and resistance The black musician became a ritual leader This study delineates how black writers have captured the spirit of the music that played such a pivotal role in African American culture Ph D dissertation State University of New York at Stony Brook 1993 revised with new preface and index
