**Irish Minstrelsy; a Selection of Irish Songs, Lyrics and Ballads; Original and Translated** H.Halliday Sparling (ed),1888      *Irish American Civil War Songs* Catherine V. Bateson,2022-09-28 Irish born and Irish descended soldiers and sailors were involved in every major engagement of the American Civil War Throughout the conflict they shared their wartime experiences through songs and song lyrics leaving behind a vast trove of ballads in songbooks letters newspaper publications wartime diaries and other accounts Taken together these songs and lyrics offer an underappreciated source of contemporary feelings and opinions about the war Catherine V Bateson s *Irish American Civil War Songs* provides the first in depth exploration of Irish Americans use of balladry to portray and comment on virtually every aspect of the war as witnessed by the Irish on the front line and home front Bateson considers the lyrics themes and sentiments of wartime songs produced in America but often originating with those born across the Atlantic in Ireland and Britain Her analysis gives new insight into views held by the Irish migrant diaspora about the conflict and the ways those of Irish descent identified with and fought to defend their adopted homeland Bateson s investigation of Irish American song lyrics within the context of broader wartime experiences enhances our understanding of the Irish contribution to the American Civil War At the same time it demonstrates how Irish songs shaped many American balladry traditions as they laid the foundation of the Civil War s musical soundscape      *The Companion to Irish Traditional Music* Fintan Vallely,1999-09 The Companion to Irish Traditional Music is not just the ideal reference for the interested enthusiast and session player it also provides a unique resource for every library school and home with an interest in the distinctive rituals qualities and history of Irish traditional music and song **BOOK JACKET**      **Irish minstrelsy: songs, lyrics, and ballads, ed. with notes and intr. by H.H. diversity over four centuries This volume covers Irish materials in general collections up to 1800 and in Irish collections up to and including Petrie's Ancient Music of Ireland 1855 The purposes of the project are to identify Irish dance tunes and songs to present the scholar with a mass of material showing the evolution of the Irish vocal and instrumental folk style period by period from the earliest recorded tune up to the middle of the last century to put into circulation many of the splendid airs which were lost but have now been located Some 6 000 songs and dance tunes are presented also including Scottish and English tunes Included are Scottish tunes that were used by 18th century Irish poets for their verses and both English and Scottish tunes that are still current among Irish traditional musicians Tunes of present day currency which do not seem to be included may still be located by comparing their first 12 notes in the thematic index at the end of the volume To make the vast array of material readily available an index allows readers to locate a tune by its melodic incipit by any of its titles or by the first line of its text Unfortunately the vast majority of Irish songs noted up to the end of the last century lack texts since the collectors were ignorant of the Irish language But almost every other facet is covered provenance tonality structure and variants Geographically Isolated and Peripheral Music Scenes Christina Ballico, 2021-10-25 This book explores the
