Cherry, 2016-07-19 Guidance for Leaders Seeking a Richer Way to Employ Worship Music Worship expert Constance Cherry offers comprehensive guidance to Christian leaders seeking a deeper richer way to employ worship music in engaging ways for twenty first century worshipers Following Cherry s successful book The Worship Architect this work helps Christian leaders think theologically and act pastorally about worship music in their churches It addresses larger issues beyond the surface struggles of musical styles and provides tools to critically evaluate

worship songs The book is applicable to all Christian traditions and worship styles and is well suited to both the classroom and the local church Each chapter concludes with suggested practical exercises recommended reading and basic vocabulary terms 
Liturgical Music as Ritual Symbol Judith Marie Kubicki,1999 In this book Sister Kubicki uses Jacques Berthier s Taize music to explore the nature of liturgical music as ritual symbol She carries out a hermeneutical analysis of Berthier s chants and examines biographical and historical data related to the creator s of Taize music and the founding of the Taize community The author draws on five areas of study to interpret the Taize chants as ritual symbol symbol theory semiotics theologies of symbol ritual theory and perfomative language theory The final chapter explores potential ecclesial meanings which may be mediated in the Taize liturgy and the role of Berthier s chants in mediating that meaning The study concludes that it is music s symbolic property that enables it to be both ministerial and integral to the liturgy As symbolic activity music making evokes participation negotiates relationships and enables the assembly to orient themselves and to find their identity and place within their world Furthermore music making provides the illocutionary force to do something in the act of singing Thus it is that as part of a complexus of ritual symbols music interacts with other symbols in mediating the liturgy s meaning

Seek and You Shall Find Taizé, 2006-09 Short meditations about the nature of God are offered as answers to questions such as Why do we call God Father Is God a judge and What does it mean to believe The answers emphasize the human longing for a meaningful life and offer starting points for further investigation in Bible passages with commentary on the Resurrection and Iesus s message of love and forgiveness Through the Iron Curtain Silvia Scatena, Dietrich Sagert, 2023-12-04 The history of the intertwined relationships woven by the Taiz Community amongst Christians of Eastern European countries in the second half of the last century has not yet been written Yet it is a fundamental chapter for understanding the unique international influence of the community The encounter with the different faces of a Christian youth beyond the Iron Curtain who in Taiz had their first experience of a unified European space was to become one of the main directions of the community s effort from the early 1960s The contributions of this volume intend to throw a first light on this story relying on a completely unpublished documentation and on the testimony of many protagonists involved in the construction of this unique continental and ecumenical network **Transforming the Mainline Church** Robert A. Chesnut, 2000-01-01 In Transforming the Mainline Church Robert Chesnut provides valuable lessons for inner city churches He urges congregations to be more open to diversity to emphasize the arts and music to support entrepreneurial leadership and to move beyond denominational concerns to an approach that responds to the religious hungers of a new generation

A Community Called Taize Jason Brian Santos, 2010-01-09 Taiz the word is strangely familiar to many throughout the contemporary church Familiar perhaps because the chanted prayers of Taiz are well practiced in churches throughout the world Strangely however because so little is known about Taiz from its historic beginnings to how the word itself is pronounced The worship of the Taiz community as it turns out is best understood in the context of its greater mission On the

day Jason Brian Santos arrived in the Taiz community its leader was brutally murdered before his eyes Instead of making Santos want to leave the way the community handled this tragedy made him long to stay and learn more about this group of people who could respond to such evil with grace and love In this book he takes us on a tour of one of the world's first ecumenical monastic orders from its monastic origins in the war torn south of 1940s France to its emerging mission as a pilgrimage site and spiritual focal point for millions of young people throughout the world In A Community Called Taiz you ll meet the brothers of the order and the countless visitors and volunteers who have taken upon themselves a modest mission pronouncing peace and reconciliation to the church and the world Reading Christian Scriptures in China Chloe Starr, 2008-04-02 This volume sets out to examine how Christian scriptures have been read within a Chinese reading tradition and to assess what questions such readings pose for both theologians and Chinese studies specialists. The absence to date of publications on the topic and the scattered nature of such research and of scholars in the field makes this an important contribution to debate The volume gathers essays from Biblical studies experts together with theologians and Chinese text scholars to discuss the interdisciplinary questions raised Essays from mainland Taiwanese and diasporic Chinese scholars ensure that a range of opinions including those reflecting fault lines between academic and confessional positions are presented Within the four sections of the volume several papers discuss and correct the current lineage of historical readings while others study the historical impact of the Bible in Chinese society Four essays give contextual or cross cultural readings with a focus on individual exegetes mainly from the early twentieth century. The power of performance is raised in two essays one comparative paper on Christian and Buddhist scriptures from the Qing dynasty and one on the singing of psalms in modern day Taiwan and Macao Moral questions preoccupy others including the challenges that early Chinese converts found in Biblical laws or Christian guidance on concubinage and extrincisist readings of the Sermon on the Mount
