considered how changing imperial contexts influence conceptions of Jewishness among ruling elites esp Eckhardt Ethnos und Herrschaft 2013 This study integrates other often marginal conceptions with elite perspectives It uses the ethnic boundary making model an empirically based sociological model to link macro level characteristics of the social field with individual agency in ethnic construction It uses a wide range of written sources as evidence for constructions of Jewishness and relates these to a local specific understanding of demographic and institutional characteristics informed by material culture The result is a diachronic study of how institutional changes under Seleucid Hasmonean and Early Roman rule influenced the ways that members of the ruling elite retainer class and marginalized groups presented their preferred visions of Jewishness These sometimes competing visions advance different strategies to maintain rework or blur the boundaries between Jews and others The study provides the next step toward a thick description of Jewishness in antiquity by introducing needed systematization for relating written sources from different social strata with their contexts

Abbott,2014-07-17 Originally published in 1910 this book contains an exhaustive study of the use of the phrase Son of Man in the Old and New Testaments Abbott illustrates how Christian writers used the mystical trope present in many books of Jewish prophecy to convey their belief in Christ as an eschatological figure foretold by Scripture This book will be of value to anyone with an interest in Christology and the use of this enigmatic title in Jewish and Christian theology *Sons of God* Zen Garcia,2013 Have you

ever heard or read about the Nephilim of Genesis 6 Did you know that the Bible explains the mystery of all of the megalithic structures found worldwide when humanity supposedly possessed mere stone implements and the most basic agriculture and agrarian techniques Did you further know that the breeding of angels with the daughters of humanity led to the unnatural birth of this hybrid race of beings responsible for constructing the aforementioned structures and that their appetites were so voracious that they began to feed on the flesh and blood of humanity This sequence of events in fact inspired the great flood In *Sons of God* Garcia seeks to help readers recognize the realities of our ancient past so that in remembering the story they can realize who they are and why they are they here

The Gospel of John and the Sociology of Light Norman R. Petersen, 2008-12-09 This provocative study of the language of the Fourth Gospel pursues the complicated but intriguing thesis that the Gospel's language is a blend of everyday ordinary language and a special language suitable to the Johannine community This special language transforms the ordinary language in a way that makes it into an anti language The oppositional character of the language then functioned socially to distinguish the Johannine believers from their opponents By addressing the perplexing issue of the language of the Fourth Gospel in a way that has not yet been done Professor Petersen has made his work essential for specialists in New Testament and especially in Johannine studies The work deals with the literary historical and sociological features of the Fourth Gospel Its use of diverse methodologies is one of the book's extraordinary values reflecting the current need for interdisciplinary efforts in Johannine studies

The Three Temples Rachel Elinor, 2004-03-01 Rachel Elinor demonstrates convincingly how the Jewish mystical tradition crystallized in its early stages She attributes its origins to priests prevented by circumstances from serving in the Temple replacing the earthly Temple liturgically and ritually with a heavenly Merkavah and heavenly sanctuaries known as Heikhalot they created a mystical world in which ministering angels replaced Temple priests thereby giving Judaism a new spiritual focus

King of the Jews Margaret Barker, 2014-04-17 The book starts with background chapters on the Jews Moses the King in the Old Testament and moves on to the King in the New Testament apart from John and then reaches its main focus on the Gospel of John Only John's Gospel says that Jesus was crucified as Jesus the Nazorean the King of the Jews Jesus was the keeper of the ways of the first temple in Jerusalem These had almost been lost when the Moses traditions came to dominate in the second temple period Jesus' mission was to restore the ways of the original temple He entrusted his visions to John the Elder a priestly disciple in Jerusalem and John compiled them into the Book of Revelation Later John wrote his Gospel to show how the visions had been fulfilled The background to the Fourth Gospel is temple tradition John shows how Jesus debates with the Jews centred on the great difference between

the world of the second temple and the world of the priest kings of the first temple from which Christianity emerged The Johannine community were the Hebrew disciples of Jesus who saw themselves as the true high priesthood restored Those at Qumran who worshipped as with the angels in heaven cannot have been very different from those who wrote and read John's gospel and the Book of Revelation The latter were the Hebrew Christian community who saw themselves as the heavenly throng Their Lamb on the throne opened a sealed book secret teaching and they were originally people chosen from all the twelve tribes of Israel to receive the Name of the Lord on their foreheads Rev 7 3 4 This vision was set in the early days of the first temple before the kingdom divided and it had become the hope for the future Taken from the Introduction The Alchemy of the Sons of God R. Zane Pierre, K. Keturah Bartholomew, 2019-08-10 Alchemy a power that changes or transforms something in a mysterious or impressive way This book is one of the very first of its kind groundbreaking and paradigm shifting rediscovery of the mechanics of the Spiritual nature of the Sons of God that had fallen into the obscurity of the subjective western religious perspectives of God and its paranoia towards any thought that disagrees with them for centuries By means of a pragmatic and experimental approach to Pneumatology we can now provide the necessary insight into the Alchemy of the Sons of God Rediscover with some practical guidance the lost mechanics of Contractual Agreements with the Spirit of the Universe Spiritual Identity and how shift into it Seeing in the Spiritual Realm and more Bridge to Light Kathleen St. Onge, 2007 Addressed to Muslims in western societies and to non Muslims interested in learning about the religion this portrait of contemporary Islam uses simple terms to show how Islam crosses boundaries of language and culture Arguing that it has relevant answers for problems in industrial societies the book describes the moral code of the Qur'an as humane and rational and emphasises the historical bridges that connect Islam to Judaism and Christianity For practising Muslims the book advises on how best to navigate western culture without compromising traditional values **Conquering the World** Brian Schultz, 2009 Unique in its genre and content the War Scroll 1QM presents a vision of an impending eschatological war Although originally interpreted as being the product of a single author from the Qumran Sect the composition's inconsistencies quickly led to the view that it is in fact an eclectic document with an elaborate compositional history Yet all such theories were formulated prior to the publication of War Scroll like texts from Caves 4 and 11 A careful re examination of the War Scroll suggests instead that what began as a primitive and cohesive composition from the Hellenistic period about a two stage conquest of the world was eventually updated in order to fit the new historical realities faced by the sectarians under Roman rule *Paths of Light and Darkness* Mark L. Prophet, Elizabeth Clare Prophet, 2020-01-01 The battle of Light and Darkness is not new In fact it extends far beyond recorded history and even beyond this planet Prophecy speaks of Armageddon and tells us there will be an end to this battle We are on stage for what may be the final scene But the choices we make will determine the outcome Most importantly we need to know what we are dealing with We see good and evil in the news each day But what is really acting behind the scenes What is the battle all about And what is the plan of the

enemy Paths of Light and Darkness reveals some of the key strategies in this battle It is fought on many fronts From the drug conspiracy to genetic engineering to extraterrestrials the dots are all connected Most importantly the battle is fought in the hearts and minds of men And therefore it is something we will all face sooner or later For those who are ready this volume in the landmark Climb the Highest Mountain series opens a new door Here you can learn how to navigate through the paths of Light and Darkness that define the world of the twenty first century Find out why you are here Find out why they are here And most importantly find out what you can do about it *Angels of Light, Powers of Darkness* Stephen Noll, 2003-04-25

Recent years have brought an unexpected revival of popular interest in angels Books professing to draw back the curtain on the unseen angelic world filled entire bookstore shelves Here as if to mock the cold universe of modernity were the stories of numerous and warm encounters with angelic beings But who are angels and what is their nature and purpose in the biblical scheme of things Are the biblical stories to be taken literally or symbolically or should they be relegated to another day and age How have the great theologians of the church regarded the angels And most important what are the nature and role of angels in God's cosmos and his redemptive plan Stephen Noll answers these questions in this detailed exploration of angels in the tapestry of Scripture Here is a biblical theological study of angels Satan and the powers that fills a significant gap and will command the attention of serious students of scripture
