Sons of the Wolf Paula Lofting, 2012 *Sons of the Wolf* Barbara Michaels, 2009-10-13 Two girls are thrust into the care of a shadowy relative with two unusual sons and a bewitching manor home in this historical gothic mystery Ada and Harriet don't know what to expect when they meet their new guardian Mr Wolfson Here is a strangely magnetic darkly amusing man confined to a wheelchair and flanked by a pair of fierce dangerous dogs an enigmatic benefactor at once welcoming and intimidating Even more unsettling to the girls are Wolfson's two sons Julian and Francis One of them is warm and good natured the other is pure malevolence But young Harriet is about to discover a frightening truth that evil runs rampant throughout their mysterious new home Abbey Manor and the surrounding moors especially when the moon comes out

star of this book He brings his character to life and wants the reader to keep turning those pages to see what happens to him next in this tale of duty love and adventure Hitler's Children Gerald Posner,2017-04-10 Fascinating Posner s book gives a remarkable insight from a family perspective into the lives of many of the top Nazis and vilest criminals Sunday Express A mesmerizing blood chilling book The contrast between innocent childhood experience and the awful understanding of that experience that came with time is enough to make you weep Los Angeles Times Fascinating A compelling look at the conflicting emotions felt by children of prominent Nazis Cleveland Plain Dealer They were the architects of terror but they were also fathers Now for the first time their children speak out a fascinating book Sunday Mail G ring Hess Mengele D nitz Names that conjure up dark memories of Nazi Germany and the Holocaust They were the architects of the Third Reich And they were fathers Gerald Posner convinced eleven sons and daughters of Hitler s inner circle to break their silence Hitler s Children is a riveting and intimate look inside the families of top Nazis Based on exclusive and in depth interviews Gerald Posner provides an unforgettable portrait of some children ravaged by anger and hatred while others are riven with guilt and plead for forgiveness This second generation of perpetrators in Hitler s Children struggle with their Third Reich inheritance In grappling with memories of good and loving fathers who were later charged with war crimes these heirs to the Nazi legacy add a fresh and important perspective to understanding the complexity of what historian Hannah Arendt dubbed the banality of evil Hitler s Children is much more however than a series of startling family interviews It is also a spellbinding insider s look at some of the men whose names have become synonymous with terror This is a classic book about the second generation of Nazi perpetrators the only one ever to have family interviews with Hess Mengele Donitz and G ring No other book author or documentarian ever got those children to talk again And Norman Frank the eldest son of war criminal Hans Frank also never spoke to anyone but Posner Hitler s Children serves as a vivid reminder to all of us of the dangers of ignoring anti Semitism or thinking it will go away or can t get any worse These are the children who saw their fathers corrupted by the insidious centuries old hatred and their accounts serve as a clarion warning to us today that all decent people must redouble their efforts against racial and religious hatred The book perhaps more timely today than when it was published in 1991 includes a new introduction explaining why this book is particularly important during a time of rising international anti Semitism Dark Romance David J. Hogan,2010-06-21 The darkly handsome man gazes deeply into her eyes She finds him irresistible wants to experience the passion of the moment He grins the movie audience can see his lengthened lateral incisors and bends to her neck The eroticism is horrible and compelling Audiences are drawn to horror cinema much as the surrendering victim Afraid to watch but more afraid something will be missed Since the horror film is the most primal of all movie genres seldom censored these films tell us what we are about From the silent era to the present day Dark Romance explores horror cinema s preoccupation with sexuality vampires beauty and the beast victimization of women slasher films and more Separate chapters focus upon individuals like Alfred Hitchcock and Barbara Steele
