Sophia And Praxis The Boundaries Of Politics:

Sophia and Praxis J. M. Porter, **Sophia and Praxis** International Seminar for Philosophy and Political Theory, 1984

Human Rights & Social Technology Rainer Knopff, Thomas Flanagan, 1989 **Eric Voegelin's Asian Political Thought**

Lee Trepanier, 2020-06-22 The rise of Asia in global affairs has forced western thinkers to rethink their assumptions theories and conclusions about the region Eric Voegelin s Asian Political Thought brings together a mixture of established and rising scholars from both Asia and the West to reflect upon the political philosopher s thought about China Japan Korea Central Asia and India From Voegelin s writings readers will not only understand how Voegelin s approach can illuminate the fundamental principles and issues about Asia but also what are the challenges and possibilities that Asia offers in the twentieth first century For those who want to move past the superficial commentary and clich s about Asia Eric Voegelin s Asian Political Thought is the book for you **Liberal Democracy and Liberal Education** Daniel E. Cullen, 2016-12-24 The

essays in this book reflect on the paradoxical relationship of liberal education and liberal democracy Liberal education emphasizes knowledge for its own sake detached from all instrumental purposes It also aims at liberation from the manifold sources of unfreedom including political sources In this sense liberal education is negative questioning any and all constraints on the activity of mind Liberal democracy devoted to securing individual natural rights purports to be the regime of liberty par excellence Since both liberal education and liberal democracy aim to set individuals free they would seem to be harmonious and mutually reinforcing But there are reasons to doubt that liberal education can be the civic education liberal democracy needs If liberal education is in tension with all instrumental purposes how does it stand toward the goal of preparing the kind of citizens liberal democracy needs The book s contributors are critical of the way higher education typically interprets its responsibility for educating citizens and they link those failures to academia s neglect of certain founding principles of the American political tradition and of the traditional liberal arts ideal **The Political Theory of**

Liberation Theology John R. Pottenger, 1989-09-14 This is the first in depth look at the political theoretical structure of liberation theology Pottenger shows how liberation theologians writing from the perspective of the poor and oppressed denounce modernity and especially capitalism for having caused poverty and military dictatorships He evaluates the liberation theologians methodological approach to political theory and the crucial role of Marxism He also analyzes liberation theologians assessment of Latin American political economy and their moral arguments for political activism in response to these assessments Pottenger addresses the general question of to what extent liberation theology has achieved its ultimate objective of a just society of the convergence of traditional social values and modern political science *The Future of Liberal Education* Timothy Burns, Peter Lawler, 2016-04-14 Liberal Education once the whole of American Higher Education has been displaced by technical training and career oriented majors But it has also suffered from the decline in genuine liberal learning found in humanities disciplines owing to specialization politicization and the adoption of new literary and

psychological theories The social sciences too have arguably abandoned the kind of relentless and sometimes disturbing questioning that used to constitute the core of education In this compelling volume thirteen college educators describe in sparkling prose what liberal education is its place in a liberal democracy the very serious challenges it faces in the 21st century even from some of its alleged friends and why it is important to sustain and expand liberal education s place in American colleges and universities Proponents and critics of liberal education alike will benefit from these insightful essays This book was originally published as a special issue of Perspectives on Political Science **Perspectives of Saskatchewan** Jene M. Porter,2008-11-01 At the turn of the nineteenth century Saskatchewan was one of the fastest growing provinces in the country In the early 1900s it revolutionized the Canadian political landscape and gave rise to socialist governments that continue to influence Canadian politics today It was the birthplace of Canada s publicly funded health care system and home to a thriving arts and literary community that helped define western Canadian culture In Perspectives of Saskatchewan twenty one noted scholars present an in depth look at some of the major developments in the province s history including subjects such as art literature demographics politics northern development and religion It lays the foundations for a greater understanding of Saskatchewan s unique history identity and place in Canada *Fifty Years of Rhetoric Society Quarterly* Joshua Gunn,Diane Davis,2018-05-15 Fifty Years of Rhetoric Society Quarterly Selected Readings 1968 2018 celebrates the semicentennial of Rhetoric Society Quarterly bringing together the most influential essays included in the journal over the past fifty years Assessed by members of the Rhetoric Society of America this collection provides advanced undergraduate and graduate students with a balanced perspective on rhetorical theory and practice from scholars in both communication studies and rhetoric and writing studies The volume covers a range of themes from the history of rhetorical studies writing and speaking pedagogy and feminism to the work of Kenneth Burke the rhetoric of science and rhetorical agency **Unity, Plurality and Politics** J. M. Porter,Richard Vernon,2019-11-19 First published in 1986 Nations have a unity often described as cultural and within them there are divergences some of which are termed political But culture and politics do not therefore comprise two wholly distinct zones or orders of experience the one marked by unity the other by plurality Unity and plurality interpenetrate These insights which derive from the thinking of Herder have been fundamental to the work of F M Barnard In this volume a number of scholars contribute in Barnardian vein reflections on the tensions between unity and plurality in the history of ideas The central underlying question is in essence what is the context of political life The question remains of more importance than any single answer **Vernacular Voices** Gerard A. Hauser,2022-01-18 An award winning study of how formal and informal public discourse shapes opinions A foundational text of twenty first century rhetorical studies Vernacular Voices addresses the role of citizen voices in steering a democracy through an examination of the rhetoric of publics Gerard A Hauser maintains that the interaction between everyday and official discourse discloses how active members of a complex society discover and clarify their shared interests and engage in exchanges that shape their opinions

on issues of common interest In the two decades since Vernacular Voices was first published much has changed in the aftermath of the 9 11 terrorist attacks US presidents have increasingly taken unilateral power to act the internet and new media have blossomed and globalization has raised challenges to the autonomy of nation states In a new preface Hauser shows how in an era of shared global crises we understand publics how public spheres form and function and the possibilities for vernacular expressions of public opinion lie at the core of lived democracy A foreword is provided by Phaedra C Pezzullo associate professor of communication at the University of Colorado Boulder

Wherefrom Does History Emerge? Tilo Schabert, John von Heyking, 2020-10-26 Powers of chaos accompany any order of the human world being the force against which this order is set Human experience of history is two fold There is history ruled by chaos and history ruled by order History occurs in a continuous flow of both histories The dialectics of life unto nothingness creation struggles for order order achieved is unceasingly actual In exploring it within a wide interdisciplinary and transcultural range this book reaches beyond a conventional philosophy of history It deals with the chaotic as well as the cosmic part of the human historical experience It stages this drama through the tales that religious mythical literary philosophical folkloristic and historiographical sources tell and which are retold and interpreted here From early on humans wished to know where why and wherefore all started and took place Couldn t the dialectics between chaos and order be meaningful Couldn t they assume a productive role as to the world s precarious event Power strife guilt divine grace and revelation literary symbolization as well as storytelling are discussed in this book Philosophy political theory theology religious studies and literary studies will greatly benefit from its width and density

Tradition v. Rationalism Eugene Callahan, Lee Trepanier, 2018-05-24 In the first half of the twentieth century the rationalist tide had reached its high mark in the arts politics and work But the Holocaust the Gulag and other failures have dimmed the popularity of rationalism However the evidence of those practical failures would not have been as convincing as it was if not for the existence of a theoretical diagnosis of the malady This book compares and contrasts the ideas of some of the leading twentieth century critics of rationalism Hans Georg Gadamer F A Hayek Aurel Kolnai Alasdair MacIntyre Michael Oakeshott Michael Polanyi Gilbert Ryle Eric Voegelin and Ludwig Wittgenstein While each can be seen as a critic of rationalism were they each attacking the same thing In what senses did their analyses overlap and in what senses did they differ Clarifying these issues this book will provide important insights into this major intellectual trend of the past century By including these major thinkers *Tradition v Rationalism* we see that that these thinkers believed that tradition should still have a place in the world as a repository of wisdom As our lives becomes increasingly dominated by various forms of rationalisms whether political technological economic or cultural we need to ask ourselves whether this is the type of world in which we want to live and if not how can we critique and propose an alternative to it The thinkers in this book provide us a starting point on our journey towards thinking about how we can have a more hopeful humane and brighter future

Plato and Modern Law Richard O.

Brooks,2017-07-05 This audacious collection of modern writings on Plato and the Law argues that Plato's work offers insights for resolving modern jurisprudential problems Plato's dialogues in this modern interpretation reveal that knowledge of the functions of law based upon intelligible principles can be reformulated for relevance to our age Leading interpreters of Plato Vlastos Hall Strauss Weinrib Annas and Morrow are included in the collection The editor supplies an insightful introduction and extensive bibliography to the collection Culture in World Politics Dominique Jacquin-Berdal,Andrew Oros,Marco Verweij,2016-07-27 World politics can be viewed as the patterns of cooperation and conflict between groups of people with different cultural backgrounds Surprisingly though for several decades the topics of culture in international relations has been largely ignored Only recently an increasing interest has re emerged in how world politics is affected by cultures i e by collectively shared perceptions norms and beliefs Culture in World Politics contributes to this development by presenting a variety of ways in which the roles of cultures in world politics can be studied A major aim of the book is to highlight alternative ways of thinking about the effects of culture on international relations and to stimulate discussion on the relative merit of these various approaches The book also shows the relevance of cultural studies for understanding two areas often assumed to be free of cultural influences international violence and the international political economy The contributions not only include insightful theoretical discussions but also show how illuminating empirical analyses can be undertaken with the help of cultural theories *The Restoration of Political Science and the Crisis of Modernity* Barry Cooper,1989 Comprised of papers on political philosophy this book focuses on the problem of understanding modern political reality It first analyzes the historical crisis in interpretation offers an analysis of the crisis of modernity and finally discusses the restoration of political philosophy **Modernismo y satanismo en la política actual** José Enrique Miguens,2016-01-01 Jos Enrique Miguens sigue paso a paso la l nea de filiación conceptual de estos movimientos totalitarios o modernistas satanistas desde que los autocratas del Imperio bizantino utilizaron el neoplatonismo con el membrete de cesaropapismo hasta que a partir del Renacimiento empiezan a desfilar figuras tan representativas de la modernidad como Maquiavelo Espinosa y Hegel El autor se detiene sobre todo en Hegel dada su pretensión de encarnar el Espíritu Absoluto en su sistema y la influencia de ese sistema en religiones políticas posteriores como el comunismo marxista y el nacional socialismo hitleriano Lo que Hegel representa en lo intelectual su coetáneo Napoleón lo va a representar en lo político con su no menos megalmana pretensión de llevar a su culminación la historia gracias a una revolución de la que se esperaba que transportase al mundo a la ansiada edad de oro a despecho del terror con que se había iniciado tan prometedora operación Politikos--vom Element des Persönlichen in der Politik Karl-Heinz Nusser,Matthias Riedl,2008 Professor Dr Dr h c mult Tilo Schabert beging im November 2007 seinen 65 Geburtstag Aus diesem Anlass haben ihm renommierte Kollegen aus Europa Amerika und Asien eine Festschrift zugeeignet Wie Schabert selbst befassen sie sich mit dem Zusammenhang zwischen dem Persönlichen und dem Politischen einem Thema das von den systemtheoretisch orientierten bzw auf empirische Exaktheit schworenden
