Moving Modernism Nell Andrew, 2020 The emergence of modern dance and the early history of cinema ran concurrent with the European avant garde s development of pictorial abstraction in the first decades of the 20th century However many assume that modernist abstraction resulted from a century of natural autonomous evolution to painting styles and tastes In *Moving Modernism* author Nell Andrew challenges this assumption By examining dance and film created during this period she argues that performative modes of art created the link between bodily movement and movement depicted in modernist paintings In a seeming paradox dance and film durational arts involving real bodies in space participated in the development of abstract art With archival material collected in North America and Europe *Moving Modernism* resurfaces lost performances identifies working methods and establishes the circles of aesthetic influence and reception for avant garde dance pioneers and experimental film makers from the turn of the century to the interwar period Reexamining the motivation that fueled the emergence of abstraction Andrew claims that painters sought meaning not only in the material and formal picture but also in temporal and sensorial experience Andrew looks at major figures and intellectual movements including Lo e Fuller and Symbolism Valentine de Saint Point and the Cubo Futurist and neo Symbolist movements and early cinematic abstraction from Edison and the Lumi res to Hans Richter and Marcel Duchamp Close examinations of each figure show that theatrical display embodied self projection and kinesthetic desire are not necessarily in opposition to pictorial abstraction in fact they expand our understanding of the urges that created modern art *The Life of Forms in Art* Brandon

Taylor, 2020-10-01 What is form in modern art How could a work of art achieve its organic life in a world increasingly dominated by mechanism by new technology In this new book Brandon Taylor proposes that biology and the life sciences themselves supplied many of the analogies and metaphors by which modern artists were guided For the creative giants of the period Picasso Mir Kandinsky Strzeminiski Dal Arp Motherwell and Pollock as well as less known figures such as Taeuber Erni and Kobro questions of living form loomed large in studio conversation in the press and in the writings of the artists themselves In a book rich in new research and fresh thinking a well known art historian proposes six modalities of organic and vital life that pervade the radical experiments of modern art the organic the biomorphic the ambiguous the monstrous the dialectical and the liquid **Dada in the Collection of the Museum of Modern Art** Museum of Modern Art (New York, N.Y.), Anne Umland, Adrian Sudhalter, 2008 Presents some seventy works books collages drawings films paintings photographs photomontages prints readymades reliefs in large scale reproductions and accompanying them with in depth essays by an interdepartmental group of the Museum s curators Front jacket flap **Artistic Bedfellows** Holly

Crawford,2008-09-17 Artistic Bedfellows is an international interdisciplinary collection of historical essays critical papers case studies interviews and comments from scholars and practitioners that shed new light on the growing field of collaborative art This collection examines the field of collaborative art broadly while asking specific questions with regard to the issues of interdisciplinary and cultural difference as well as the psychological and political complexity of collaboration The diversity of approach is needed in the current multimedia and cross disciplinarily world of art This reader is designed to stimulate thought and discussion for anyone interested in this growing field and practice **Prehistoric Pictures and**

American Modernism Elke Seibert,2023-09-21 In April 1937 the Museum of Modern Art in New York hosted an exhibition that served as a catalyst for the appropriation of prehistoric rock art in postwar abstract painting With the title Prehistoric Rock Pictures in Europe and Africa it displayed a range of copies from the influential collection of the German ethnologist Leo Frobenius Largely disregarded in modern American art history up until now this book highlights the importance of this exhibition to artists such as Josef Albers Adolph Gottlieb David Smith and The American Abstract Artists group who sought inspiration from the prehistoric images primordial creativity With a transnational scope this book reveals new facts about the connections between Paris and New York and the importance of communication and collaboration between them for these artists In doing so Seibert shows that this debate was about more than just legitimizing abstract art forms from the past but about recognizing an autonomous American abstract art Presenting unseen archival material letters and exhibition documentation Prehistoric Pictures and American Modernism offers a new reading of the development of modern American abstraction and will hold an important place in the historiography of the movement its global traditions and its legacy

Variations. Sophie Taeuber-Arp: Arbeiten auf Papier. Works on paper Christoph Vögele,2002 **On Line** Cornelia H. Butler,M. Catherine de Zegher,2010 On Line Drawing Through the Twentieth Century explores the radical transformation of drawing that began during the last century as numerous artists critically re examined the traditional concepts of the medium In a revolutionary departure from the institutional definition of drawing and from reliance on paper as the fundamental support material artists instead pushed the line into real space expanding the medium s relationship to gesture and form and connecting it with painting sculpture photography film and dance Published in conjunction with an exhibition at The Museum of Modern Art On Line presents a discursive history of mark making through nearly 250 works by 100 artists including Aleksandr Rodchenko Alexander Calder Karel Malich Eva Hesse Anna Maria Maiolino Richard Tuttle Mona Hatoum and Monika Grzymala among many others Essays by the curators illuminate individual practices and examine broader themes such as the exploration of the line by the avant garde and the relationship between drawing and dance *Sophie Taeuber-Arp* Melanie Baxter,2020-09-15 A Gallery of Our Own Women of Art History seeks to balance art history and art appreciation by teaching the artistic contributions of women This series will teach about the artists the art movements they were a part of the history during the time period in which they lived and the forms of art they created It also includes hands

the different styles and types of art into movements You don't need to know anything about art to enjoy it but learning the fascinating stories of artists and art movements will help you enjoy it even more **From Rodin to Giacometti**, 2021-09-06

This book is a collection of papers delivered at an international conference in September 1996 at the Scottish National Gallery of Modern Art during a major Giacometti retrospective The contributors are leading curators art historians and literature specialists While the relationship between nineteenth and twentieth century painters and writers has been the subject of intense interest in recent years the parallel relationship between sculptors and writers has been largely neglected These essays seek to redress the balance by looking at a variety of ways in which the conventional barriers between writing and sculpting were broken down by such pioneering figures as Rodin Degas Bourdelle Valéry Apollinaire Reverdy Breton Bataille Arp Picasso and Giacometti Among the topics discussed are the many personal and professional contacts dual artistic talent *Écrits d'artistes* ekphrasis sculpture as object the sculptorly representation of the poet the poetic representation of the sculptor sculpture as metaphor proprioception and mental images Fully illustrated throughout this book offers new perspectives on familiar masterpieces like Rodin's *Gates of Hell* but also opens up less well known subjects like Valéry's sculpture and Breton's *Object Poems* Above all it makes a provocative and original contribution to Word and Image studies

Art of the 20th Century Karl Ruhrberg, Klaus Honnef, Manfred Schneckenburger, Christiane Fricke, 2000 The original edition of this ambitious reference was published in hardcover in 1998 in two oversize volumes 10x13 This edition combines the two volumes into one it's paperbound flexi cover the paper has a plastic coating smaller 8x10 and affordable for art book buyers with shallower pockets none of whom should pass it by The scope is encyclopedic half the work originally the first volume is devoted to painting the other half to sculpture new media and photography Chapters are arranged thematically and each page displays several examples in color of work under discussion The final section a lexicon of artists includes a small bandw photo of each artist as well as biographical information and details of work writings and exhibitions Ruhrberg and the three other authors are veteran art historians curators and writers as is editor Walther c Book News Inc *Crisis* Sascha Bru, Kate Kangaslahti, Li Lin, Iveta Slavkova, David Ayers, 2022-09-06 Notions of crisis have long charged the study of the European avant garde and modernism reflecting the often turbulent nature of their development Throughout their history the avant garde and modernists have both confronted and instigated crises be they economic or political aesthetic or philosophical collective or individual local or global short or perennial The seventh volume in the series *European Avant Garde and Modernism Studies* addresses the myriad ways in which the avant garde and modernism have responded and related to crisis from the late nineteenth to the twenty first century How have Europe's avant garde and modernist movements given aesthetic shape to their crisis laden trajectory Given the many different watershed moments the avant garde and modernism have faced over the centuries what common threads link the critical points of their development Alternatively what kinds of crises have their experimental practices and critical modes yielded The volume assembles case

studies reflecting upon these questions and more from across all areas of avant garde and modernist activity including visual art literature music architecture photography theatre performance curatorial practice fashion and design
