## **Sophocles An Interpretation:**

Sophocles: An Interpretation R. P. Winnington-Ingram, 1980-02-28 A series of interconnected studies which analyze the seven surviving tragedies by Sophocles      Tragedy and Civilization Charles Segal, 1999 Drawing on comprehensive analyses of all of Sophocles plays on structuralist anthropology and on other extensive work on myth and tragedy Charles Segal examines Sophocles both as a great dramatic poet and as a serious thinker He shows how Sophoclean tragedy reflects the human condition in its constant and tragic struggle for order and civilized life against the ever present threat of savagery and chaotic violence both within society and within the individual Tragedy and Civilization begins with a study of these themes and then proceeds to detailed discussions of each of the seven plays For this edition Segal also provides a new preface discussing recent developments in the study of Sophocles      **Sophocles** Reginald Pepys Winnington-Ingram, 1980

**Sophocles**, 1985      **Greek Literature** P. E. Easterling, Bernard MacGregor Walker Knox, 1989 The Cambridge History of Classical Literature Volume 1 offers a comprehensive survey of Greek literature from Homer to end of the period of stable Graeco Roman civilization in the third century A D It embodies the advances made by recent classical scholarship and pays particular attention to texts that have become known in modern times After its success in hardcover this volume is now being issued in four paperback parts providing individual texts on early Greek poetry Greek drama philosophy history and oratory and on the literature of the Hellenistic period and the Empire A chapter on books and readers in the Greek world concludes Part 4 Each part has its own appendix of authors and works a list of works cited and an index Publisher s description      *The Hero and the City* Joseph P. Wilson, 2004      *The Cambridge History of Classical Literature: Volume 1, Greek Literature* P. E. Easterling, Bernard Knox, 1985-05-09 This volume looks at literature of the Hellenistic period      *The Facts on File Companion to Classical Drama* John E. Thorburn, 2005 Surveys important Greek and Roman authors plays characters genres historical figures and more      **The Fragility of Goodness** Martha C. Nussbaum, 2001-01-15 This book is a study of ancient views about moral luck It examines the fundamental ethical problem that many of the valued constituents of a well lived life are vulnerable to factors outside a person s control and asks how this affects our appraisal of persons and their lives The Greeks made a profound contribution to these questions yet neither the problems nor the Greek views of them have received the attention they deserve This book thus recovers a central dimension of Greek thought and addresses major issues in contemporary ethical theory One of its most original aspects is its interrelated treatment of both literary and philosophical texts The Fragility of Goodness has proven to be important reading for philosophers and classicists and its non technical style makes it accessible to any educated person interested in the difficult problems it tackles This edition first published in 2001 features a preface by Martha Nussbaum      **Inspiration and Interpretation: Seven Sermons Preached Before the University of Oxford. With Preliminary Remarks; Being an Answer to a Volume, Entitled "Essays and Reviews."** John William BURGON (Dean of Chichester.), 1861      *Harvard Studies in Classical Philology, Volume 92* R. J.
