When vocalized it is a sound that has the ability to resonate both the physical body and subtle energy fields of anyone who intones it irrespective of religion, tradition or belief. It has the power to usher in a new era of human consciousness uniting us in healing, peace and oneness. **Proceedings of**

**the Ninth Seminar of the IATS, 2000. Volume 8: Tibet, Self, and the Tibetan Diaspora** P. Christiaan

Klieger, 2021-11-15 The ten papers presented in this eighth volume of the Proceedings of the Ninth Seminar of the IATS 2000 provide examples of the colourful and lively range of Tibetan self-expressions that exist within the modern homeland and in exile. The scholars here represent the fields of anthropology, sociology, literary studies, history and political science. Four papers are based in studies in the modern Tibet Autonomous Region, five are grounded in the Tibetan diaspora and one deals with both classical Tibetan history and current affairs. The mass representation of Tibetan self delivered through various literary vehicles by linguistic competence, body decoration, landscape or individual deportment constitutes the basic theme of this collection. The volume is useful for any student of Tibet and those interested in the process of identity formation and presentation. **Rgyalrong Conservation and Change: Social Change On the Margins of Tibet** David

Burnett, 2014-11-25 The explosive growth of China's economy since the late 1970s has impacted the whole world including the minority peoples in the west of China, people like the Qiang, Tibetans and Yi. Based on fieldwork in the high valleys of the eastern margins of the Qinghai Tibetan plateau, David Burnett has produced a unique study of a people known as the Rgyalrong, officially classed as Tibetans. The Rgyalrong have been impacted by secular education, tourism and migration to the cities that have resulted from economic reform. Amidst these changes they endeavour to retain something of their traditional customs, songs, festivals, arts and crafts. They are a people who realize that if they lose their unique culture they will lose their very identity. The issues raised in this book relate not only to the Rgyalrong but to minority peoples everywhere as they experience the forces of globalization.
