LIVING WITH
CONVICTION IN
A CYNICAL TIME

"I stayed up half the night reading *Soul of a Citizen*, finding it a beautiful and morally transcendent work. Paul Loeb is a personal hero of mine who gives decency and generosity a political character, in the humblest of ways."

Soul Of A Citizen:

Soul of a Citizen Paul Rogat Loeb, 2010-03-30 Soul of a Citizen awakens within us the desire and the ability to make our voices heard and our actions count We can lead lives worthy of our convictions A book of inspiration and integrity Soul of a Citizen is an antidote to the twin scourges of modern life powerlessness and cynicism In his evocative style Paul Loeb tells moving stories of ordinary Americans who have found unexpected fulfillment in social involvement Through their example and Loeb's own wise and powerful lessons we are compelled to move from passivity to participation The reward of our action we learn is nothing less than a sense of connection and purpose not found in a purely personal life Soul of a Citizen has become the handbook for budding social activists veteran organizers and anybody who wants to make a change big or small in the world around them At this critical historical time Paul Loeb's completely revised edition and inspiring message is more urgently important than ever

Soul of a Citizen Paul Rogat Loeb, 1999-03-15 Questions for Reading Groups **The Soul of Sorbet** Ian Fuhr, Johanna Stamps Egbe, 2018-07-01 Sorbet is the largest beauty franchise business in Africa In just twelve years the business has gone from being mistaken for an ice cream shop to being a household name across South Africa In 2018 Sorbet surpassed 200 salons The dramatic growth of the brand over the past five years has driven business leaders to ask the question What is so different about Sorbet In 2005 despite advice to the contrary Ian Fuhr set out to create a national beauty salon franchise business that would offer its guests a consistently high level of service delivered with a uniquely positive staff attitude He realised that the only way to achieve this and to stand out in the competitive beauty salon industry was to create a culture that focused on people first and laid a platform for exceptional service The Soul of Sorbet is a guide for leaders and stakeholders in any business and industry who aim to build a lasting brand that is founded on a people focused culture

A Citizen's Manifesto Mike Rana, 2011-11-04 A Citizens Manifesto the Book The recent books published by the administrators leaders and authors on the subjects that concern our country generally focus on a few burning issues or those which are popular for the time being The problem with this specialised approach is that issues get constrained by the coverage scope of the book and the book fails to deal with the inter related impact of issues In contrast the treatment of the majority of issues in the pages of one book gives corrective action a reasonable chance The book offers a coherent list of about two hundred such issues and complementing suggestions for shaking up our citizens from the materialistic slumber that they are currently in to some sort of awakening Even if these ideas are simply kept at the back of mind while in the day

to day living or at work place the chances that we would be moving in the right direction are real The complete list of these ideas is summarised in the last chapter The Manifesto Relevance It is a simple book not really recommended for reading by the historians economists sociologist or the Indian Administrative Services I S officers who need a much heavier dose to satisfy their intellect in fact it should be banned for them This book deals with ideas emotions and feelings and not with statistics reports tables numbers or references and quotations Those in the seats of power or in administration of the country generally are guided by their perception of the society by looking at it from their ivory towers Reading this book from the viewpoint of a common citizen gives them the advantage of being closer to reality as seen by an average citizen Readers For the citizens of India for creating a big picture in mind of how the government is functioning what are their constraints and how public can help For the governance of India including politicians for understanding the need for going into grass root level issues of the nation For the bright students it provides material for improving grading and for the students in general it provides important material in simple and interesting form For the citizens of other developing countries what they can learn from the Indian experience countries like Pakistan Eastern Europe South East Asia and Latin American countries For Western Countries to help them do business with India after making better informed decisions for a win win situation We expect a very large number of readers in England South Africa Canada and USA Even from the view point of a traveller to India or school students going in for interviews this book provides adequate information as well answers to discussion topics Unique Main Messages in the book Introducing a 4th wing Regulatory in the government for overseeing Legislative Executive and Judiciary Reducing the number of national parties to 5 and regional to 3 per state Using media power to promote transparency and take over control Limiting the progress and GDP in order to conserve natural resources and control inflation Restructuring and revitalizing our cities and getting back to villages and Maha Grams Reduction of laws but intensification of its enforcement Delegating funds to Panchayati Raj level for empowerment of villages Discarding the ills of religion and cricket and managing these industries sternly Getting away from reservations subsidies and policies that weaken the society Engaging our enemies in knowledge warfare where we can excel instead of military or physical warfare Introducing compulsory army tenure and compulsory rural service by doctors Installing a good leader and politician but when in opposition establishing a shadow government Creating a real time intelligence correlation network RICN to tackle terrorism Recoveri

Nurturing the Souls of Our Children Robert Mitchell, 2005 The Sin of Obedience is one of the few works of fiction or non fiction that looks profoundly and with deep personal reflection into the training of a Catholic priest The novel rich and accurate in detail is the story of a young prodigy torn between the rigid religious traditions and convictions of his mother and the more humanity oriented respect for freedom of his father Building on his own experiences including being the subject of sexual abuse by a seminary teacher the author unfolds a picture of religious life in which the cornerstones of celibacy and a vow of obedience have forced seminarians and priests to make difficult and often impossible decisions in their own personal lives This well crafted story enables the reader to go along with a young boy seminarian and priest on his idealistic pursuit and mission and the consequences he has to face as a result
