Youssef, 2012-07-26 First published in 1982 this collection was the result of an ambitious and wide ranging inter disciplinary research programme conducted by the International Labour Office ILO on the relationship between women s roles and demographic change with a view to influencing contemporary government and non government policy and future research in the field The ILO held an informal gathering of leading researchers in the fields of economics anthropology sociology and demography and this volume represents a unique and practically orientated collection offering valuable insights into contemporary perspectives on women s studies and population dynamics **Fertility in Developing Countries** Ghazi M. Farooq, George B. Simmons, 2016-02-02 **Struggling with Destiny in Karimpur, 1925-1984** Susan S. Wadley, 2023-07-28 Susan Wadley first visited Karimpur the village behind mud walls made famous by William and Charlotte Wiser as a graduate student in 1967 She returned often adding her observations and experiences to the Wisers field notes from the 1920s and 1930s In this long awaited book Wadley gives us a work of unprecedented scope a portrait of an Indian village as it has changed over a sixty year period She hears of changes in agriculture labor relations education and the family But Karimpur s residents do not speak with one voice in describing the ways their lives have changed viewpoints vary considerably depending on the speaker s gender economic status and caste

Using cultural documents such as songs and stories as well as data on household budgets and farming practices Wadley examines what it means to be poor or rich female or male She demonstrates that the forms of subordination prescribed for women are paralleled by those prescribed for lower castes Villagers also speak of political struggles in India and of the importance of religion when confronting change Their stories songs and life histories reveal the rich fabric of Karimpur and show how much can be learned from listening to its people Susan Wadley first visited Karimpur the village behind mud walls made famous by William and Charlotte Wiser as a graduate student in 1967 She returned often adding her observations and experiences to the Wisers field notes from the 1920s and 1930s I
