Adulthood and Other Fictions Sari Edelstein, 2018-12-06 While the field of childhood studies has blossomed in recent years few scholars have taken up the question of age more broadly as a lens for reading American literature *Adulthood and Other Fictions* shows how a diverse array of nineteenth century writers thinkers and artists responded to the rise of chronological age in social and political life Over the course of the century age was added to the census schools were organized around age groups birthday cards were mass produced geriatrics became a medical specialty *Adulthood and Other Fictions* reads American literature as a rich critical account of this modern culture of age and it examines how our most well known writers registered and often resisted age expectations particularly as they applied to women and people of color More than simply adding age to the list of identity categories that have become de rigueur sites of scholarly attention *Adulthood and Other Fictions* argues that these other measures of social location race gender sexuality class are largely legible through the seemingly more natural and essential identity defined by age That is longstanding cultural ideals about maturity and development anchor ideologies of heterosexuality race nationalism and capitalism and in this sense age rhetoric serves as

one of our most pervasive disciplinary discourses Writers including Louisa May Alcott Frederick Douglass and Henry James anticipated the ageism of our moment but they also recognized how age norms both structure and limit the lives of individuals at all points on the age continuum Ultimately the volume argues for an intersectional understanding of age that challenges the celebration of independence and autonomy imbricated in US fantasies of adulthood and in American identity itself Ink Stains, Volume 7 Robert Mayette ,Taro Turner ,Elizabeth Allen ,Jackie Logsted ,Dorianne Emmerton ,Travis D. Roberson ,Page Sullivan ,Rhonda Zimlich ,Pablo Patiño ,2018-01-22 Decay The word inspires images of mold encrusted carpets in abandoned hotels forgotten toys in the rain and rusting roller coasters Those of us who call ourselves urban explorers are obsessed with it perhaps because of its profound sense of sadness if we are still and listen we can hear the whispers of a brighter past This pervasive ghost doesn't only haunt the physical world it invades our bodies minds relationships and societies It is inevitable we are helpless to stop it In these stories one man is suddenly stalked by the same hooded figure that pursued his terminally ill father while another stalks the world's evil at great cost to himself A woman who's recently picked up smoking undergoes a monstrous transformation another reels when she sees her boyfriend for what he truly is and North Pole elves experience heartbreak for the first time There are more fifteen tales in all These are the things we lose we die a little each day Some of us just more quickly than others **The Dream and the Text** Carol Schreier Rupprecht,1993-07-01 This book partakes of a long tradition of dream interpretation but at the same time is unique in its cross cultural and interdisciplinary methods and in its mix of theoretical and analytical approaches It includes a great chronological and geographical range from ancient Sumeria to eighteenth century China medieval Hispanic dream poetry to Italian Renaissance dream theory Shakespeare to Nerval and from Dostoevsky through Emily Bront to Henry James Rupprecht also incorporates various critical orientations including archetypal comparative feminist historicist linguistic postmodern psychoanalytic religious reader response and self psychology *Three Science Fiction Novellas* J. H. Rosny,2012-01-01 Probably the greatest of all French speaking science fiction writers after Jules Verne I was unprepared for the power and beauty Michael Dirda The Washington Post To the short list that includes Jules Verne and H G Wells as founding fathers of science fiction the name of the Belgian writer J H Rosny A n must be added He was the first writer to conceive and attempt to narrate the workings of aliens and alternate life forms His fascination with evolutionary scenarios and long historical vistas from first man to last man are important precursors to the myriad cosmic epics of modern science fiction Until now his work has been virtually unknown and unavailable in the English speaking world but it is crucial for our understanding of the genre Three wonderfully imaginative novellas are included in this volume The Xipehuz is a prehistoric tale in which the human species battles strange geometric alien life forms Another World is the story of a mysterious being who does not live in the same acoustic and temporal world as humans The Death of the Earth is a scientifically uncompromising Last Man story The book also includes an insightful critical introduction that places Rosny's work within the

context of evolutionary biology Rosny was a species pluralist and believed that human beings are no more entitled than any other creature to reign supreme He would have felt right at home among the Men In Black Laura Miller The New Yorker

Thomas Hardy's Shorter Fiction Sophie Gilmartin, 2007-12-15 This critical study of Hardy's short stories provides a thorough account of the ruling preoccupations and recurrent writing strategies of his entire corpus as well as providing detailed readings of several individual texts It relates the formal choices imposed on Hardy as contributor to Blackwood's Magazine and other periodicals to the methods he employed to encode in fiction his troubled attitude towards the social politics of the West Country where most of the stories are set No previous criticism has shown how the powerful challenges to the reader mounted in Hardy's later stories reveal the complexity of his motivations during a period when he was moving progressively in the direction of exchanging fiction for poetry Unique in providing a comprehensive criticism of Hardy's entire output of short stories Full detailed close readings of a number of key stories make this useful as a potential teaching resource Draws on the work of social historians to make clear the background of social and political unrest in Dorset that is partly uncovered and partly hidden in Hardy's portrayals of his fictional Wessex Offers fascinating insights into Hardy's near obsession in his mature phase with the marriage contract and with its legal binding of erratic men and women **French Fiction into the Twenty-First Century** Simon Kemp, 2010-07-15 Explores the state of French fiction through an examination of the work of five major French writers Annie Ernaux Pascal Quignard Marie Darrieussecq Jean Echenoz and Patrick Modiano This book deals with some of the writers on British and American university French courses

Psychoanalysis and Black Novels Claudia Tate, 1998 The author of this text argues that psychoanalytic paradigms can produce rich readings of African American desire alienation and subjectivity
